Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The Consolidated Plan of the Commonwealth of Puerto Rico is the five-year housing and community development plan required by the United States Department of Housing and Urban Development (HUD) to guide the distribution of its Community Planning and Development (CPD) formula grant funds. In 2020, the Government of Puerto Rico submitted the plan for the period of 2020-2024. This Annual Action Plan is the official application for the PY 2022 state grants, for the following programs:

- Community Development Block Grant (CDBG)
- HOME Investment Partnerships Program (HOME)
- Housing Opportunities for Persons with AIDS (HOPWA)
- Emergency Solutions Grant (ESG)
- Housing Trust Fund (HTF)

The activities to be undertaken as part of the Action Plan and the Five-Year Consolidated Plan are focused on achieving the following objectives:

- to increase the availability, accessibility, and affordability of decent housing,
- the creation of suitable living environments, and
- the promotion of economic opportunity for low- and moderate-income individuals.

The lead agency of the PY 2022 Annual Action Plan is the Puerto Rico Department of Housing (PRDOH). This agency coordinates all efforts toward the development of the housing and community development strategies that the PR-State government included on its five-year Consolidated Plan and executes annually, as established in its action plan. In addition, the PRDOH is responsible for the administration of the PR-State CDBG Program allocation. In this effort, the Department of Housing works in conjunction with three (3) State agencies, that are responsible to act as HUD grantees and administrators for the other Community Planning and Development Programs (ESG, HOME, HOPWA and HTF). These agencies are the Puerto Rico Housing Finance Authority (PRHFA) for the HOME and HTF Programs, the Department of Family for the ESG Program and the Department of Health for the HOPWA Program. In the case of the HOPWA Program, the PR Health Department is the grantee, and the Municipality of San Juan acts as the program administrator in accordance with a collaborative agreement signed between the parties back in year 2010.
The plan includes a series of guiding principles that will lead the vision of the State public policy and that are based on the needs identified as part of the consolidated planning processes and the Government of Puerto Rico public policies on housing and community development.

2. **Summarize the objectives and outcomes identified in the Plan**

The strategic approach and actions to be undertaken by the responsible Commonwealth Agencies can be summarized into three main areas and related activities following the basic goals of Title I of the Housing and Community Development Act of 1974:

**Provide Decent Housing**

- Provide street outreach, supportive services and emergency shelter
- Provide homeless prevention and rapid rehousing assistance
- Provide housing assistance and supportive services to HIV population
- Support homeownership by providing down payment and closing cost assistance
- Address the need of substandard housing by supporting rehabilitation of rental housing
- Increase the supply or preserve affordable rental housing by supporting rehabilitation and production of housing, prioritizing special needs projects
- Increase the supply of affordable housing by supporting the participation of CHDOs
- Promote the development of special needs projects, which are those that provide supportive service.
- Address the need of substandard housing by supporting construction of rental housing

**Create a Suitable Living Environment**

- Improve the quality of special needs populations, in particular the elderly, by supporting homecare services.
- Provide support services for youth, victims of domestic violence, and employment counseling.
- Improve safety and livability of neighborhoods by investing in public facilities, infrastructure, and urban renewal.
- Set-aside funds for emergency relief.

**Expand Economic Opportunity**

- Promote the development of microenterprises.
- Invest in public facilities that support business development.
- Create and retain jobs to low- and moderate-income persons.

The specific goals and other summary information is presented in the following table.
The goal of the Housing Trust Fund is to provide decent affordable housing to low-income and very low-income households and individuals.

For more details go to Appendix.

3. **Evaluation of past performance**

In September 2021, the Government of Puerto Rico presented its PY 2020 Consolidated Annual Performance Report (CAPER) which provided an overview of the progress made during the program year, the first year of the Puerto Rico State 2020-2024 Housing and Community Consolidated Plan. During that period, the state undertook activities consistent with the approved strategic and annual action Plan, for the following programs: Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME), Housing Trust Fund (HTF), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

Each of these programs of the Consolidated Plan invested available resources in eligible activities to address the needs of the low- and moderate-income persons with the final goals of: increasing the availability, accessibility, and affordability of decent housing, creating suitable living environments, and providing economic opportunities for low- and moderate-income individuals.

Even with the challenges faced by Puerto Rico in the context of the COVID-19 pandemic, the State made progress in meeting its 2020 goals and objectives and is moving forward the 5-year goals. The summary of each program’s performance during program year 2020 is included as an appendix.

4. **Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

The State Citizen Participation Plan provides a framework and process by which the PR-State consolidated planning efforts comply with the citizen participation requirements in the regulations. It is the policy of the PRDOH to effectively incorporate meaningful citizen participation and consultation processes into the Consolidated Plan analysis and strategic decision-making processes. This action ensures adequate citizen involvement in the planning, implementation and evaluation of its housing and community development programs with a special emphasis on the participation of low- and moderate-income persons, Local and State government agencies and community organizations. As a result of this policy towards encouraging and facilitating a wide-range participation of residents and stakeholders in the development of all HUD required consolidated planning documents, the PRDOH develops the Five-Year Consolidated Plan, Annual Action Plans, Substantial Amendments, and the Consolidated Annual Performance and Evaluation Report (CAPER). The primary purpose of the participation processes is the
identification of needs, allocation of funding, and program recommendations related to the consolidated planning process.

**Citizen Participation Actions**

The following citizen participation actions were taken as part of the 2022 Annual Action planning process:

**Telematic Public Hearing Notice:** As required by the regulations the State held a public hearing as part of the Citizen Participation process of the PY 2022 Annual Action Plan. The public hearing notification was published in *Primera Hora* newspaper on the edition of Friday, February 11, 2022. It invited the general population to participate of the Public Hearing for the CDBG, HOME, ESG, HOPWA and HTF Programs PY 2022 Annual Action Plan. In compliance with the Consolidated Plan regulations, the hearing was held at least two (2) weeks after the notice was published.

Also, the public notice was posted in the Official PRDOH’s Web Page and was disseminated through email blasts to the subrecipients and other interest parties. This expanded the outreach efforts with the objective of increasing the citizen feedback, buy-in and support of the Consolidated Plan activities.

The hearing was held on Tuesday, March 1, 2022, 9:00 a.m. through the Microsoft Teams platform.

During the hearing, state agencies officials (CDBG, HOME, ESG, HOPWA, HTF) made a presentation of the Planning process and each program. The presentation included a description of objectives; content of the Plan, the consolidated planning process; identification of needs; proposed strategies and method of distribution and the opportunities for citizens and other stakeholders to comment. Attendees could present proposals and comments about the needs of their communities and how can they be addressed in the plan, as well as recommendations on the strategies and methods of distribution of funds that were presented. Information gathered at the public hearing, was analyzed and a summary of the comments and the state’s response is included as an appendix.

Copies of all the public notices, the webpage notice and attendance as recorded in the Teams platform are included in the Appendix Section.

**Public Comment Period:** The draft plan was made public on April 13th, 2022. Citizens and interested parties had 30 calendar days from the day of the publication to submit written comments. The draft plan was made available at PRDOH web page for the review. Due to the emergency and the security measures that must be taken in the context of COVID-19, persons having difficulty accessing the Plan through the Internet should had a telephone number available to coordinate an alternative method.
5. **Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

A total of six questions were received during the public hearing and its comments period. A summary of the questions and its answers are included in the following table:

<table>
<thead>
<tr>
<th>Question</th>
<th>Program</th>
<th>Answers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Can a municipality that does not administer the Section 8 Housing Choice Voucher program apply for and receive these funds?</td>
<td>HOPWA</td>
<td>Yes, although all municipalities do have Section 8 either through their own public housing division or the state housing authority. All municipalities are eligible to submit proposals for TBRA under HOPWA as long as they have documented persons with an HIV positive diagnosis who qualify with income limits.</td>
</tr>
<tr>
<td>What experience in the use of funds will be evaluated in the case of a municipality that has never received these funds before?</td>
<td>HOPWA</td>
<td>We expect at least one municipality that has not received these funds before to submit a proposal for TBRA through HOPWA. It will be evaluated based on their compliance with Section 8 previously. Additionally, we will conduct an in-person training with the personnel that will administer these funds to ensure compliance, proper use and sensibility in the service delivery to the particular needs of the community HOPWA serves.</td>
</tr>
<tr>
<td>Will waivers on % utility usage as a result of the CARES Act be in place for Action Plan 2022?</td>
<td>CDBG</td>
<td>The waiver related to the public service cap, applies to 2019 &amp; 2020 funds used for the preparation, response and recovery of the COVID-19 pandemic, and to the CDBG-CV allocations.</td>
</tr>
<tr>
<td>You are proposing to reduce to 25% of the 17% of Administration for those municipalities whose proposals include a Section 108 repayment activity and a Public Service activity. I am assuming that the HUD waiver for</td>
<td>CDBG</td>
<td>The waiver related to the public service cap, applies to 2019 &amp; 2020 funds used for the preparation, response and recovery of the COVID-19 pandemic, and to the CDBG-CV allocations.</td>
</tr>
<tr>
<td>Question</td>
<td>Program</td>
<td>Answers</td>
</tr>
<tr>
<td>-------------------------------------------------------------------------</td>
<td>---------</td>
<td>--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>Public Service % as a result of the CARES Act will remain in effect. If this is correct and the municipality decides to submit a public service project for the full amount of its allocation, then you will be penalizing that municipality in the % of Administration for exercising the prerogative granted to it by the CARES Act?</td>
<td></td>
<td>recovery of the COVID-19 pandemic, and to the CDBG-CV allocations. In those cases in which the waiver is used and the totality of the funds of an allocation is dedicated for the purposes of a public service project, it will apply the eligible costs of administration according to the corresponding action plan or amendment that governs the grant.</td>
</tr>
<tr>
<td>What Administration costs are eligible under the ESG Program?</td>
<td>ESG</td>
<td>ESG eligible administrative costs are enumerated in the 24 CFR § 576.108, these include costs related to the planning and execution of ESG activities. This does not include staff and overhead costs directly related to carrying out activities eligible under § 576.101 through § 576.107, because those costs are eligible as part of those activities.</td>
</tr>
<tr>
<td>Is it feasible for a first-time buyer family to combine with CDBG-DR for the purchase if they have credit problems and the bank will not issue a loan to complete the purchase of the property?</td>
<td>HOME</td>
<td>Eligibility and the possible combination of HOME funds with other sources of funding is something that should be examined on a case-by-case basis and depends on the regulations of the other programs. We encourage interested participants to contact the HOME Program for more information (787) 765-7577.</td>
</tr>
</tbody>
</table>

6. **Summary of comments or views not accepted and the reasons for not accepting them**

No comments from the public hearing were rejected.

7. **Summary**

The PY 2022 Annual Action Plan is the Puerto Rico State Government comprehensive housing affordability strategy and community development plan and an application for funding under the HUD’s Community Planning and Development formula grant programs. The Plan includes strategic activities to address the State housing, economic and community development needs for the aforementioned period. The State is an Entitlement Community for the Community Development Block Grant (CDBG
Program), for the Emergency Solutions Grant Program (ESG Program), for the Housing Opportunities for Persons with AIDS Program (HOPWA Program) and a participating jurisdiction for the HOME Investment Partnership Program (HOME Program) and the Housing Trust Fund Program (HTF Program).

The plan is prepared in accordance with the 24 CFR Part 91, Consolidated Submissions for Community Planning and Development Programs. The Annual action plan includes strategies to be undertaken under the previously mentioned formula grant programs.

The Plan has three (3) statutory objectives established by HUD to address the needs of the low to moderate income individuals. The specific statutory objectives are:

- Providing Decent and Affordable Housing;
- Creating a Suitable Living Environment; and
- Expanding Economic Opportunities

The overall goal of the State plan is to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities principally for low and moderate-income persons. The primary means towards this end is to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and non-profit organizations, in the production and operation of affordable housing.

Table 1 – Responsible Agencies

Narrative

The lead agency of the 2022 Annual Action Plan is the Puerto Rico Department of Housing. This agency coordinates all efforts towards the development of the housing and community development strategies that the PR-State government included on its five-year Consolidated Plan and executes annually as established in its Action Plan. In addition, PRDOH is responsible for the administration of the PR-State CDBG Program.

In this effort, the PRDOH works in conjunction with three (3) State agencies, responsible of acting as HUD grantees and administrators for the Community Planning and Development Programs. These agencies are the Puerto Rico Housing Finance Authority (PRHFA) for the HOME and HTF Programs, the Department of Family for the ESG Program and the Department of Health for the HOPWA Program. In the case of the HOPWA Program, the Health Department is the State HOPWA grantee, and the Municipality of San Juan acts as the program administrator in accordance to a collaborative agreement originally signed between the parties back in year 2010.

Consolidated Plan Public Contact Information
In compliance with the provisions of Section 91.115 of Title 24 of the Code of Federal Regulations, Part I of the Law of Housing and Community Development of 1974, as amended, the PRDoH announced the availability of the plan in a general circulation newspaper (see appendix for the announcement). Copies of the Annual Action Plan 2022 were available from the date of its publication on April 13, 2022, for review and submitting comments on the Internet at https://www.vivienda.pr.gov/cdbg-estado. Due to the safety measures required in the context of COVID-19, a telephone number was provided to persons with difficulties to access Internet, to make the arrangements for a physical copy (787-274-2527 extensions 5109 & 5110).

**Comments to the plan should be addressed to:**

Name: Ms. Aida Gracia

Position: Special Aide to the Secretary, PRDOH

AP-10 Consultation - 91.110, 91.300(b); 91.315(l)

1. Introduction

The Puerto Rico Annual Action Plan 2022 integrate the allocation of a variety of Federal funds for projects and activities benefitting low- and moderate-income persons. Applicable funds include those of the State Community Development Block Grant (CDBG), Home Investment Partnerships (HOME), Housing Trust Fund (HTF), Housing Opportunities of Persons with Aids (HOPWA) and Emergency Solutions Grant (ESG).

The Annual Action Plan represents a collective effort from the State to obtain the views of the Municipalities, Private, nonprofit, and public organizations, the private sector and other stakeholders. To obtain their views the state contacted and integrated them through meetings, email communications, and formal letters sent to stakeholders. Discussions included housing and community development needs, and recommendations on the method of distribution.

The establishment of effective partnerships among the consolidated plan stakeholders and interested parties, offers a wide range of benefits to the plan institutional structure. All consolidated plan stakeholders have key data, financing, and other resources with which, the lead agency can align the goals and programs. In addition, the State can leverage other public and private resources such economic development, transportation, and public health funding. Further, establishing strong relationships provides greater opportunity across all parties, including the low- and moderate-income population groups and the communities.

The following sections provide a summary of the state’s activities to enhance coordination with these stakeholders, as well as mandatory requirements regarding ESG and CoCs in the jurisdiction.

Provide a concise summary of the state's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies

Besides complying with the citizen participation and consultation minimum requirements, the PRDoH promotes and undertakes ongoing consultation, collaboration and interaction efforts throughout the program year. The objective behind these efforts is to develop strategic and accountable partnerships among the stakeholders that will lead to achieve greater results. Continued communication among the parties will allow to assess effectiveness of programs throughout the year, and what may be improved in future planning cycles. Based on this communication and feedback, the PRDOH may prioritize further consultation based on partnerships that will help to implement specific projects and activities. Building partnerships with stakeholders around shared priorities provides a strong foundation that supports continued collaboration.
As well, the administrators of other Programs such as HOPWA director and the ESG Director participate in different multisectoral committees and groups (ex. CoCs, HIV and STDs Public Policy Multisectorial Committee, HIV Integrated Planning Housing Committee), which provide for the coordination with of stakeholders.

This document represents a collective effort from a comprehensive array of State and private organizations. Coordination with all stakeholders was achieved during the public hearing conducted, consultations and the establishment of an interagency committee that met on a regular basis as part of the planning process.

**Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness**

The Department of the Family actively participates in the CoCs and is the Collaborative Agency of the CoC 502. Currently, the Director of ESG Program in represented in both CoCs and is part of the Board of Directors, which facilitates the integration of ESG into the CoC planning processes. Meetings with both CoCs are held regularly. They continue collaborating to maintain veterans functional at zero to prevent and eradicate the situation of veterans, youth and chronic homeless. Similarly, the Department is actively participating of the coordinated entry system committee where different strategies are developed to prevent and eradicate the situation of homeless youth and families with children, as well as families and youth at risk of homelessness. To assure integration and participation of ESG subrecipients, organizations and municipalities will continue requiring participating in CoC’s subcommittees of their area and participating of the coordinated entry system.

As part of the consolidated planning process strategies are defined with the objective of addressing the main and core housing and supportive service needs of homeless individuals and families. In addressing the needs of the homeless population, the above-described parties collaborate and interact through a multi-layered service model that involves the non-profit organizations, faith-based initiatives, and other available statewide services entities. The homeless strategy encourages active participation of community-wide agencies and providers to meet the full spectrum of needs of the homeless as well as to identify gaps and priorities in the provision of services to homeless persons. The critical components of the Continuum of Care Strategy include:

**Outreach, intake and assessment**

- Emergency Shelter
- Transitional Housing
- Supportive Services
- Rapid Re-Housing
- Permanent Housing
• Homeless Prevention

As part of the FY 2021 competition, Puerto Rico received a total of $22,711,802 in Continuum of Care allocated funds for both CoCs. With this funding the homeless strategy will be able to promote community wide commitment to the goal of ending homelessness; provide funding for efforts by nonprofit providers, and State and local governments to quickly re-house homeless individuals and families while minimizing the trauma and dislocation caused to homeless individuals, families, and communities by homelessness; promote access to and effective utilization of mainstream programs by homeless individuals and families; and optimize self-sufficiency among individuals and families experiencing homelessness.

Municipalities are also an important stakeholder related to the goal or eradicating homelessness. Municipalities not on are, some of them recipients and subrecipients of ESG and CoC funding, but they also provide support to other organizations in their outreach and service strategies. As well, municipalities have provided support to ESG-CV subrecipients, serving as responsible entities for purposes of environmental reviews and compliance.

Describe consultation with the Continuum(s) of Care that serves the State in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

As required by the regulation applicable to the consolidated planning process, the PRDF and the Director of the ESG Program conducted a consultation through written communications and a focus group will be held on April, to discuss the method of distribution, evaluation of ESG projects and other topics required by the regulation. As of the date of the publication of the draft, the ESG program received comments from the PR-503. The final input of this consultation and the way in which the program responded to it, will be included in the final version of the plan.

Table 3 - Other local / regional / federal planning efforts

**Narrative**

The 24 CFR Part 91.110 provides the framework for the State to undertake a wide consultation process as an integral part of the statewide planning and preparation phases of the Annual Action Plan. Through the consultation process, the PRDOH was able to obtain key programmatic and service data from agencies and service providers (public and private) who provide assisted housing, health services, social and fair housing, and those that serve the chronically homeless and address lead-based paint hazards. Also, consultation with local governments in non-entitlement areas of the state is required.

The consultation strategy of the State, provided data in the following planning elements:

- Incorporate local data into planning process and validate the accuracy of this data;
- Gather input on priority needs and target areas;
- Increase coordination among consultation partners;
- Leverage Consolidated Plan activities with other public and private funding sources and Programs;
- Expand upon the outreach efforts of existing planning processes; and
- Increase citizen feedback, buy-in, and support of Consolidated Plan activities.
AP-12 Participation - 91.115, 91.300(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation

Summarize citizen participation process and how it impacted goal-setting

The Annual Action Plan is a process that promotes the collaboration of state, municipalities and other key stakeholders associated with housing and community development in Puerto Rico to establish a unified vision for community development activities. This strategic planning process allows citizens to participate in the development of a plan for housing and community development programs. The state’s implementation of the plan, as well as the plan itself, will be evaluated based on three objectives: (1) To provide decent housing; (2) provide a suitable living environment; and (3) to expand economic opportunities.

For the preparation of the PY 2022 Annual Action Plan the PRDOH followed its citizen participation plan. The planning process efforts were guided by transparency and promoted freedom of access to the contents of the draft plan. All municipal governments and community planning and development agencies and organizations were invited to participate at the public hearings conducted and to provide comments on the proposed actions. Information was posted in the PRDOH web page and the consolidated planning agencies.

The following actions were taken as part of the Citizen Participation process:

**Mailing database:** Information about the public hearing was provided to municipalities and non profit organizations through email.

**Telematic Public Hearing Notice:** As required by the regulations the State held a public hearing during the Citizen Participation process of the PY 2022 Annual Action Plan. on the notification of the hearing was posted in Primera Hora newspaper on the edition for Friday, February 11, 2022. It invited the general population to participate of the Public Hearing for the CDBG, HOME, ESG, HOPWA and HTF Programs PY 2022 Annual Action Plan. In compliance with the Consolidated Plan regulations, the hearing was held at least two (2) weeks after the notice was published.

Also, the public notice was posted in the Official PRDOH’s Web Page. This expanded the outreach efforts with the objective of increasing the citizen feedback, buy-in and support of the Consolidated Plan activities.

The meeting was held on Tuesday, March 1, 2022, 9:00 a.m. through the Microsoft Teams platform.
Copies of all the public notices, the webpage notice and attendance sheet are included in the Appendix Section.

**Availability of Public hearing recording.**

**Public Comment Period:** The draft plan was made public on April 12th, 2022. Citizens and interested parties had 30 calendar days from the day of the publication to submit written comments. The draft plan was made available at PRDOH web page for the review. Due to the emergency and the security measures that must be taken in the context of COVID-19, persons having difficulty accessing the Plan through the Internet should have a telephone number available to coordinate an alternative method.
Expected Resources

AP-15 Expected Resources – 91.320(c)(1,2)

Introduction

As of this date, the Federal Government has not published the distribution of funds; therefore, the allocation received in program year 2021 are used for purpose of this draft. Once the final allocation is received from the Federal Government, these amounts will be adjusted proportionally.

Assuming the Government of Puerto Rico received an allocation similar to that of PY 2021, the programs will be receiving approximately $46,191,815 among all CPD Programs. Specifically: $23,780,802 for the CDBG Program activities; $13,372,676 for the HOME Program activities, $2,284,366 for the HOPWA Program activities, $3,551,419 for the ESG Program activities and $3,202,552 for the Housing Trust Fund activities.

All funds will be allocated to address the affordable housing needs of the low- and moderate-income persons and special needs population, the public services need of the special needs population, the homeless housing and supportive service’s needs, the non-housing community development needs, the prevention of homelessness actions of families and/or individuals, the low income economic development needs
among other eligible service activities within the Puerto Rico State jurisdiction.

In addition to the 2021 resources the State estimates that it will have available the following resources Based on IDIS PR01:

- CDBG Previous Year Resources (PR01, available to commit) - $30,384,959.09
- HOME Previous Years EN and CR Resources (Available to commit) - $45,696,189.83 (Net of 10% Adm.)
- HOPWA Previous Years – $2,274,366
- ESG Previous years (PR01, available to commit) - $0.00
- HTF Previous Years- $4,016,498.13 (Net of 10% Adm.)

Table 5 – Goals Summary
**AP-25 Allocation Priorities – 91.320(d)**

**Introduction:**

Funding allocation priorities are based on the needs and strategies of each program. The next section discusses the rationale for each of the consolidated plan programs.

The PY 2022 Annual Action Plan allocation priorities are driven by the information obtained during the Citizen Participation process and consultations. The combination of both processes provided the citizens, the communities, the agencies and interested parties with a meaningful opportunity to actively determine where the housing and community development resources were allocated.

To validate the information gathered from the citizen participation and consultation process, the PRDOH also took into consideration the results of the five-year Consolidated Plan Needs Assessment report, which provides a clear picture of the State needs related to affordable housing, special needs housing, community development, and homelessness. This evaluation process allows PRDOH and Consolidated State Agencies to identify the highest priorities among the identified housing and community development needs.

HUD regulations provide that 3% of the CDBG allocation plus $100,000 can be used for administration and technical assistance for the State administered program. In 2022, this adds to $813,423.90. For the ESG program the Department of the Family will allocate $248,599 for state administrative purposes, $17,757 for subgrantees administration, and $88,785 for HMIS.

The following table includes a description of the funding allocation priorities resulting from the evaluation of the information gathered:

Reason for Allocation Priorities

The proposed distribution of funds included in this Annual Action Plan is based on the information data regarding demographic characteristics, market conditions and geographic areas needs resulted from the combination of the citizen participation actions, the consultation process, and the Consolidated Plan Needs Analysis section.

The described processes provide opportunities to share data and expand available information useful to determine the housing and community development needs and priorities which are a key component of effective planning for HUD’s CPD low and moderate-income programs.

The evaluation and analysis of the information resulted from the aforementioned processes, provided the Consolidated State Agencies officials with the needed perspective to better understand the priority needs and allocate the available CPD resources to service activities directed to address the identified needs. Also, provided the officials with the information needed to align complementary resources streams and maximize the use of the available funds within the community to address the needs of the low-income persons and their communities.

How will the proposed distribution of funds will address the priority needs and specific objectives described in the Consolidated Plan?

The proposed distribution of funds was prepared in accordance with the needs presented during the hearings and are consistent with the
Consolidated Plan.

HOME

The needs assessment identified a considerable need for housing rehabilitation, affordable housing for rent and homebuyer assistance programs. The assessment identified that the main needs are associated to substandard housing, cost burden, housing costs and lack of economic opportunities for persons with low educational attainment.

ESG

The distribution of funds will be based on the assessment of homelessness, conducted for the purpose of consolidated planning, and the results of the meetings held with CoCs and their organizations. The specific allocation of funds will prioritize the provision of services to address chronic homelessness and the needs identified in the homelessness assessment, particularly. Priority will be given to Emergency Shelters without restrictions and eligible to use their facilities as stabilization units (24 hour, 7 days a week entrance); Emergency Shelters without restrictions on population, age, and time; Emergency Shelter services; and the expansion of Street Outreach services. In the case of the Prevention and Rapid Re-Housing components, priority will be given to people with mental health conditions; projects addressing women’s safety; and Shelter proposals that include the Rapid Re-Housing component. Other services that promote economic and personal self-sufficiency will also be prioritized based on the reasons for homelessness, and the current socioeconomic context.
**AP-30 Methods of Distribution – 91.320(d)&(k)**

**Introduction:**

The Consolidated Plan regulations, specifically in 24 CFR 91.320, establishes the dispositions regarding the content of an Annual Action Plan. Among the components of the Plan, the PR-State must provide a description of the method for distributing funds to local governments and nonprofit organizations to carry out activities, or the activities to be undertaken by the State, using the funds that are expected to be received under the formula allocations and other HUD assistance during the PY 2022.

At a minimum, the Methods of Distributions must include the reasons for the allocation priorities, how the proposed distribution of funds will address the priority needs and specific objectives included in the Consolidated Plan and must describes any obstacles to addressing underserved needs.

</tr>
<tr>
<td>5. Past performance of the non-entitled municipality (open findings).</td>
</tr>
<tr>
<td>6. Timely expenditure of funds</td>
</tr>
<tr>
<td>All activities must be designed in compliance with the strategy developed by the municipality which should meet the needs of low and moderate-income individuals, addressing their special needs and ensuring maximum community development. The optional 15% Public Service Cap is based on the total CDBG State grant.</td>
</tr>
</tbody>
</table>
When preparing the proposal’s budget municipalities must comply with the PRDoH policies and procedures on reasonability of administrative costs published in February, 2020.

The PRDoH will not approve an administrative budget in those instances where municipalities will be using the funds of their regular allocation for the repayment of a Section 108 Loan Guarantee Program loan only.

In those cases where the only activity to be implemented by the municipality is a public service in conjunction with the repayment of a loan under the Section 108 Loan Guarantee Program. The PRDoH will approve up to 25% of the administration maximum allocation allowed in the corresponding Action Plan.

<p>| Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. <td>Describe how resources will be allocated among funding categories.</td>
<td>The State CDBG allocation for PY 2022 amounts to $23,780,802 will be distributed among eligible categories of the program. No more than 20% of the CDBG funds will be allocated for eligible Administrative and Planning Activities (3% by PRDOH and 17% by the Municipalities); up to 15% of the CBDG funds can be allocated for Public Service purposes and the remaining of the funds can be allocated for housing, community development and economic development related activities. Eligible activities under the State CDBG Program are listed on Section 105 (a) of Title I of the Housing and Community Development Act of 1974, as amended. Each activity must meet one of the national objectives as to benefit low and moderate-income persons (24 CFR 570.483 (b)), pursue the elimination of slums and blighted areas (24 CFR 570.483 (c)), or activities designed to address a particular urgency that poses an imminent threat to the health and safety of the community (24 CFR 570.483 (d)). Each activity should correlate with a matrix code, national objective and CDBG citation. All applications for Program Year 2022 State CDBG funds must establish that no less than 70% of State CDBG funds will benefit LMI persons. Projects which do not meet eligibility requirements under Section 105(a) of Title I of the Housing Development Act of 1974, as amended, will not be considered. The full explanation of the Method of Distribution of funds to be used during this program year is included in the Appendix Section.</td>
</tr>
<tr>
<td><strong>Describe threshold factors and grant size limits.</strong></td>
<td>Under Act 107-2020, as amended (Municipal Code of 2020), the Commonwealth of Puerto Rico established that all non-entitlement municipalities will receive the same amount of CDBG funds, with the exceptions of Vieques and Culebra, which will receive an additional 15%. Thus, under this method of distribution municipalities will receive the same share of CDBG funds with no need for a competitive round.</td>

Describe the state program addressed by the Method of Distribution.

The Emergency Solutions Grant Program is administered by the Puerto Rico Department of the Family (PRDF). The PRDF uses a method of distribution of funds that consists of publishing a Request for Proposals the first year with a competitive evaluation for prospective subrecipients. For the second year, funds are distributed according to the level of performance of the subrecipients’ projects and availability of HUD funds. On PY 2022, the PRDF will be receiving proposals from active entities.

If there are funds available during the Program Year as a result of the recapture process of surplus funds, they will be distributed according to the needs identified by the PRDF. The criteria for distribution will be notified by invitation.

In case of a declared disaster, the PRDF reserves the right to implement the disaster recovery policy (see Appendix section).

The ESG allocation for Program Year 2022 is $3,551,419.00. Funding is intended to serve the seventy-eight (78) municipalities across the island within the 10 regions established by the PRDF. The regions established by the PRDF include Mayagüez, Aguadilla, Arecibo, Bayamón, San Juan, Carolina, Caguas, Humacao, Guayama, and Ponce. Non-profit organizations and municipalities that comply with the requirements and evaluation criteria established on this plan will be eligible to receive funds for the categories below.

The following is the ESG Program distribution by funding categories:

- Outreach and Shelter  $2,130,851.40 (60.0%)
- Prevention  $497,198.65 (14.00%)
- Rapid Re-Housing  $568,227.04 (16.00%)
- Data Collection (HMIS)  $88,785.48 (2.5%)
- Administration  $266,356.43 (7.5%)
- Total  $3,551,419.00 (100%)

The Department of the Family may allocate indirect costs to eligible activities.
| As described in the following sections, continuation projects will be evaluated according to eligibility criteria; and the entities’ performance and expenditure rates. Proposals will be received by email on or before May 31, 2022. |
Describe all of the criteria that will be used to select applications and the relative importance of these criteria.

Non-profit organizations and units of local government that are awarded ESG funds, are expected to comply with the following outcome measures, depending on the different types of projects:

### Outcome Measures

#### OUTREACH

- Number of people receiving services
- Number of people who left the program
- Percentage of people who committed (engaged) to receive services
- Percentage of people who fulfilled their service plan
- Percentage of people who increased their income from any source
- Percentage of people located in emergency shelter
- Percentage of people located in temporary shelter
- Percentage of people placed in permanent housing

#### EMERGENCY SHELTER

- Number of people who entered emergency shelter
- Number of people who left the program
- Percentage of people who fulfilled their service plan
- Percentage of people who increased their income from any source
- Percentage of people who entered transitional housing
- Percentage of people who stayed in the shelter for less than three months
- Percentage of people who stayed in the shelter for more than three months
- Percentage of people placed in permanent housing

#### PREVENTION
| **| **Number of people receiving prevention services.** |
| **| **Number of people who left the program** |
| **| **Number of people receiving economic assistance** |
| **| **Percentage of people who received housing relocation services and stabilization services during the service period** |
| **| **Percentage of people who met their service plan** |
| **| **Percentage of people who increased their income from any source** |
| **| **Percentage of people placed in permanent housing** |

**RAPID RE-HOUSING (RRH)**

| **| **Number of people receiving RRH services.** |
| **| **Number of people who left the program** |
| **| **Number of people receiving economic assistance** |
| **| **Percentage of people who received housing relocation services and stabilization services during the service period** |
| **| **Percentage of people who fulfilled their service plan** |
| **| **Percentage of people who increased their income** |
| **| **Percentage of people placed in permanent housing** |

| **State Program Name:** | HOME Investment Partnership Program |
| **Funding Sources:** | HOME |
| **Describe the state program addressed by the Method of Distribution.** | Based on the FY 2021 allocation, the PRHFA expects to receive around $13,372,676 in HOME funds for PY 2022. All resources will be allocated to provide incentives for meeting the goal of developing and supporting 104 affordable rental and 60 homeownership housing units. This will be achieved primarily through the Rehab or New Construction by Owner, Rehabilitation or New Construction for Multifamily Rental Development. Funds from previous years, may be used to provide down payment assistance to homebuyers. The distribution of HOME funds for PY 2022 will be as follows. Once the final allocation is received from HUD, the amounts will be adjusted proportionally.  
- Administration $1,337,268  
- Rehab or New Construction for Multifamily Rental Dev. $12,035,408  
The full explanation of the Method of Distribution of funds to be used during this program year is included in the Appendix Section. |
| **Describe all of the criteria that will be used to select applications and the relative importance of these criteria.** | The Puerto Rico Housing Finance Authority (PRHFA) will make the activity of New Construction or Rehabilitation for Rental Housing Development available under the HOME Investment Partnership Program (HOME) FY 2022 Action Plan (AP) through a competitive process. Following previous joint efforts and on-going initiatives, the HOME Program might combine or implement a consolidated application to include CDBG-DR, LIHTC, HTF or other sources of funds or new programs, combining the requirements, to promote the development of multifamily rental projects.  
The full explanation of the Method of Distribution of funds to be used during this program year is included in the Appendix Section.  
Other activities will be delivered by the PRHFA in accordance with the applicable regulations. |

</tr>
</tbody>
</table>
| **What are the outcome measures expected as a result of the method of distribution?** | The following are the HOME Program Outcome Measures:
- Homebuyer Assistance  $0.00 – A total of 36 homebuyers (served with funds available from previous years)
- Rehab or New Construction by Owner  $0.00 – A total of 24 housing units (served with funds available from previous years)
- Multifamily Rental Dev.  $12,035,408 – A total of 80 housing units.
- Tenant-Based Rental Assistance (TBRA) - $0.00 – A total of 24 families (served with funds available from previous years). |
| **4 State Program Name:** | Housing Opportunities Persons With AIDS |
| **Funding Sources:** | HOPWA |
| Describe the state program addressed by the Method of Distribution. | The Housing Opportunities for Persons with AIDS (HOPWA) Program provides housing assistance and supportive services for low-income persons living with HIV/AIDS and their families. HOPWA funds are received by the Puerto Rico Department of Health to be distributed to Eligible Project Sponsors that include Municipal Governments and Non-Profit Organizations.  
Funds for PY 2022 will continue to be administered by the Municipality of San Juan. The Municipality will be responsible for its management, and distribution to sub recipients. Due to the law restrictions, administrative funds will not be distributed to sub recipients.  
HOPWA funds may be used for a wide range of services such as housing, social services, program planning, and development costs. These included, but not limited to acquisition, rehabilitation or new construction of housing units; costs for facility operations; rental assistance; and short-term payments to prevent homelessness. HOPWA funds may be used for health care and mental health services, drug dependence treatment, nutritional services, case management, assistance with daily living, and other supportive services. If remainder funds are available after distribution, distribution of funds will not require a new competitive process but will be distributed among organizations and municipalities that previously submitted their proposals.  
For the purpose of this Plan the Puerto Rico EMSA will include the 78 municipalities for unobligated funds and the PR-EMSA Municipalities for the HOPWA grant. |
Describe all of the criteria that will be used to select applications and the relative importance of these criteria.

The following evaluations factors will be used to evaluate the proposals presented by potential sub recipients. An evaluation committee selected by the Municipality of San Juan will evaluate the applications with a standard instrument that will take into consideration: HIV/AIDS population within the proposed service area, level of experience of the proponent party, use of funds history by the proponent party and performance history of the proponent party. All criteria have the same weight in the evaluation process. The maximum value for a proposal is one hundred (100) points. The following are the areas of evaluation and its relative weight:

**NON-Profit subrecipients**

- Transmittal Letter - 3 Points
- Description organization - 8 Points
- Financial and Programmatic Background - 4 Points
- Project Description - 35 Points
- Budget - 36 Points
- Required Documents - 4 Points
- Performance – 10 Points
- Total: 100

**Municipal subrecipients**

- Transmittal Letter - 2 Points
- General Information Municipality - 3 Points
- Financial and Programmatic Background - 15 Points
- Proposed Project Description - 25 Points
- Budget - 35 Points
- Performance – 20 Points

Describe the state program addressed by the Method of Distribution.

The PRHFA will receive $3,202,552 in HTF funds for PY 2022. The resources will be allocated for Multifamily Rental New Construction/Rehabilitation. The funds will be distributed as follow:

**GRANT FUNDS BY ACTIVITY ALLOCATION FOR PY 2022**

**Assigned Budget: $3,202,552**

Distribution by Category:

- State Administration $320,255
- Multifamily Rental New Construction/Rehabilitation $2,882,296.80

Description of the Method to Distribute HOME and HTF Funds for Construction and Rehabilitation of Rental Housing

As part of the joint efforts and on-going initiatives that relate to the 2020-2024 Puerto Rico State Housing Plan, the Puerto Rico Housing Finance Authority (PRHFA) will make available the Housing Trust Fund Activities of Rental Housing along the HOME Investment Partnership Program (HOME) Action Plan (AP). Funds will be awarded to eligible applicants following a competitive process. The competitive process will follow the criteria established in the HTF Allocation Plan.

The PRHFA will receive $3,202,552 in HTF funds for PY 2022. Funds will be allocated to provide incentives for meeting developing and supporting affordable rental housing units. This will be achieved through new construction or rehabilitation of non-luxury housing with suitable amenities for rent.

**Eligible Applicants**

The PRHFA is not limiting the potential pool of applicants for the HTF program. Thus, PRHFA will allow developers, non-profits and other organizations to apply for HTF funds. However, applicants must be able to participate in PRHFA funding round (competitive process). Applicants must comply with the requirements established in 24 CFR 93.2. These requirements are integral to the basic threshold criteria described in the tables below. It is important to note that applications must demonstrate that participants understand the specific requirements of the HTF program and that even if HTF funds are combined in a project with multiple funding sources, HTF unit(s) must be assisted only via HTF eligible activities (24 CFR 93.200).
| **Describe all of the criteria that will be used to select applications and the relative importance of these criteria.** | Applications requesting **HOME and HTF** funds will be evaluated based on joint rating factors, once applicants have satisfied the basic threshold requirements. Those factors include local considerations and State **HOME and HTF** Program's criteria, such as: Project location; project characteristics; project owner/developer characteristics; financing characteristics; special needs projects; Housing needs and additional criteria for rental housing projects.

See the appendix for a description of the scoring **method** and selection criteria that was specifically developed for the HTF Program. The criteria is presented below to facilitate the **description of the priority funding factors**. The QAP and **PRHFA** criteria guidelines will be used to determine the final scores and funding recommendations.

The full explanation of the Method of Distribution of funds to be used during this program year is included in the Appendix Section. |
| **If only summary criteria were described, how can potential applicants access application manuals or other state publications describing the application criteria? (CDBG only)** | Not applicable to the HTF Program- see CDBG section. |
| Describe the process for awarding funds to state recipients and how the state will make its allocation available to units of general local government, and non-profit organizations, including community and faith-based organizations. (ESG only) | Not applicable to the HTF Program- see ESG section. |
| Identify the method of selecting project sponsors (including providing full access to grassroots faith-based and other community-based organizations). (HOPWA only) | Not applicable to the HTF Program- see HOPWA section. |
| Describe how resources will be allocated among funding categories. | The HTF Program funds will be distributed in the following categories:  
Distribution of HTF Funds  
- Multifamily Rental New Construction or Rehabilitation $ 2,882,297 - 90%  
- Administration $320,255 - 10%  
- Total $3,202,552 - 100%  
The HTF resources will be allocated for particular projects that serve HTF tenant population; these could include special needs population. |
| Describe threshold factors and grant size limits. | PRHFA will use the maximum per unit subsidy standards adopted by the State HOME Program. This will allow income eligible families to meet the eligibility requirements pursuant to 24 CFR 92.203. For rental projects, the proposal should allow renters to be eligible, through compliance of 24 CFR 92.216. For the PY 2022 an application or proposal will include the Basic Threshold Requirements and the additional requirements as outlined originally in the previous JANOF efforts.  
The initial basic qualifications will be evaluated by the State HOME program personnel. If the project does not meet requirements for completeness, the applications will not be received. If received, only those applications that meet the joint basic threshold requirements and qualifications would be further considered for evaluation under joint the Point Ranking System.  
The project location and the targeted population will be key factors in determining the grant size limit. |

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

As previously described, the reasons for allocation priorities during the PY 2022 Annual Action Plan are based on the information obtained through citizen participation and consultation process and the Consolidated Plan Needs Assessment analysis. The assessment resulted in the need of affordable housing activities to address the needs of the low- and moderate-income persons and in the investment of available funding in activities toward the needs of non-housing community improvement projects.

Also, homeless housing and supportive services actions and public service activities to address the needs of the special needs population groups were among the community priority needs resulted from the evaluation and analysis process undertaken.

In terms of any obstacles to addressing the needs of the underserved population still the lack of sufficient available resources to address the needs of the described population continues to be the main obstacle that the State and local government units face in a daily basis.
AP-38 Project Summary
Project Summary Information
AP-40 Section 108 Loan Guarantee – 91.320(k)(1)(ii)

Will the state help non-entitlement units of general local government to apply for Section 108 loan funds?

Yes

Available Grant Amounts

Loan Guarantees (LGA) under Section 108 of Title I of the Housing and Community Development Act of 1974, as amended, is not subject to the method of distribution of funds as set forth for the CDBG program. Section 910, of the National Affordable Housing Act of 1991 (NAHA), as amended, extended the Section 108 Loan Guarantee program to non-entitlement communities nationwide. As required in Section 104(a) of the Act, we are including the guidelines, regarding the determination to assist non-entitlement municipalities, in applying for guaranteed loan fund under 24CFR Subpart M. Non-entitled municipalities will be eligible to apply for Section 108 Loans as long as they comply with all regulatory requirements and PRDOH program guidelines.

Estimated Availability of Funds for PY 2022- $117,177,690

Section 108 provides the State CDBG Program with an additional source of financing, to meet housing and community development needs for the non-entitlement municipalities. The Act allows HUD to issue government bonds that would guarantee up to five times the current CDBG allocation to PRDOH. To secure the loans issued, PRDOH must ensure that any State CDBG funds that are pledged for a particular non-entitlement municipality does not affect prospective CDBG allocations for the remaining non-entitlement municipalities. To avoid payment default, PRDOH requires the municipal administration to present other collaterals, besides the required by HUD, in order to secure the re-payment of the loan. If PRDOH deems necessary a Memorandum of Collaboration could be executed with any governmental financing agencies, such as the Governmental Development Bank for Puerto Rico (GDB) and EDBPR. Further consultation could be made with the Tourism Company, the Industrial Development Corporation, the Puerto Rico Economic Development Administration and any other agency that could review the applications to determine risks factors. Specific requirements of feasibility, business plan and other supporting documents are required to make the financial assessment of the project in order to assure PRDOH the feasibility of the project.

Section 108 funds should be requested for economic development activities, or activities in support of
economic development (24 CFR 570.703), including:

- Property acquisition
- Rehabilitation of publicly owned properties
- Housing rehabilitation eligible under the CDBG program
- Special economic development activities under the CDBG program,
- Payment of issuance costs associated financing loans 108
- Acquisition, construction, reconstruction, rehabilitation or installation of public facilities
- Reserves to pay debt service on the Section 108 loan
- Other related activities, including demolition and removal, relocation, interest payments, and insurance costs.

For the purposes of determining eligibility, the State CDBG rules and requirements should be observed in full compliance. PRDOH will evaluate the proposed activities on a case by case basis. The agency will also consider if the proposed project could generate income or has any other sources to assure debt repayment. Such measures will guarantee the long-term sustainability of the project.

**Acceptance process of applications**

**Application Requirements**

- The first requirement prior to the submission of a LGA application is the transmittal of a letter of intention to submit a 108 LGA Application to PRDOH. The Federal Programs Division at PRDOH will receive the letter of intent and commence the administrative requirement review first. Once the administrative review is completed, the non-entitlement municipality will be authorized to submit an application for Section 108 Loan Guarantee. Applications for the Section 108 Loan Guarantee Program may be submitted throughout PY 2022.
- The non-entitlement municipalities should comply with several administrative requirements, in order to receive the authorization to submit an application for participation in the LGA program.
- Requirements include: Status of monitoring reports, up to date Single Audit Reports, closing of previous program years (only last 5 PY can be open), no open findings, timeliness, among others.
- Municipalities can request up to a maximum of 5 times their CDBG allocation with a ceiling of $2,000,000 per municipality.

For a more specific set of requirements and a detailed description of eligible activities, please see PRDOH Process Guideline for Section 108 Program.
AP-45 Community Revitalization Strategies – 91.320(k)(1)(ii)

Will the state allow units of general local government to carry out community revitalization strategies?

No

State’s Process and Criteria for approving local government revitalization strategies
AP-50 Geographic Distribution – 91.320(f)

Description of the geographic areas of the state (including areas of low-income and minority concentration) where assistance will be directed

As the PR-State Consolidated Plan leading agency, the PRDOH is responsible to address the non-housing community development needs of the Non-Entitlement municipalities within the State jurisdiction. Thus, PRDOH is responsible to oversee that all CDBG program investment related to non-housing community development are made in eligible economically low-income geographic areas.

By eligible low-income geographic areas, PRDOH defines those geographic areas where, at least fifty-one percent of the population (in accordance with HUD CPD's Updated LMISD or low-income surveys), are members of families whose incomes do not exceed 50 percent of the median family income for the area, as determined by HUD with adjustments for smaller and larger families. Exception could be made by HUD to establish income ceilings higher or lower than 50 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or fair market rents, or unusually high or low family incomes.

As per the concentration of minorities within the State geographic areas, the 5-Yr. ACS Demographic and Housing Estimates (2016-2020) shows that 98.7% of the statewide population are from hispanic or latino origins and that from this percentage, 95.6% percentage are from Puerto Rican origins.

DISPROPORTIONATELY GREATER NEED

The Consolidated Plan identified that Low- and moderate-income Blacks and Asians have disproportionate greater needs. The percentage of Asians that have one or more of four housing problems is 68% among 0-30% AMI, 100% among 30%-50% AMI and 97% among 50%-80% AMI. In the jurisdiction as a whole households the percentages of those having one or more of four housing problems are much less (60% among 0-30% AMI, 53% among 30%-50% AMI and 47% among 50%-80% AMI). Among Blacks, 68% of those in the 0-30% AMI bracket has one or more of four housing problems, 81% among 30%-50% AMI and 58% among 50%-80% AMI. However, as previously stated the sizes of the Black and Asians populations with problems is very small (or in the hundreds). See (Discussion section below) for areas where assistance shall be directed.

Compliance with 70% Requirement

The regulations require the State to use no less than 70 percent of the CDBG funds received during a period specified by the state, not to exceed three years, will be used for activities that benefit persons of low- and moderate-income persons. The PRDOH will require to all Non-Entitlement municipalities that receive CDBG funds allocation during the PY 2022 to invest the non-housing community development funds in economically eligible low-income areas. Also, the PRDOH will require the municipalities to certify that not less than seventy percent of the individuals benefited with CDBG funded activities
complies with the low-income eligibility.

CDBG

In 2014 the Government of Puerto Rico enacted Law 137-2014 (later replaced by the Municipal Code of 2020). Under this act the central government determined the allocation for non-entitlement municipalities under the State CDBG Program. With this legislation all non-entitlement municipalities will receive the same share of CDBG funds, except for Vieques and Culebra, which will receive an additional 15%. The municipalities will continue to define the specific allocation of such funds. The ultimate geographic distribution of the CDBG funds is made by the non-entitlement municipalities once they complete their own citizen and consultation process.

ESG, HOME, HOPWA and HTF

The ESG, HOME, HOPWA and HTF programs accepts proposal and provide funding for projects Island-wide.

For more details go to appendix section.

Table 9 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

As previously presented in the Annual Action Plan, the projects included for the PY 2022 are created to address the priority needs and specific objectives identified in the 5-Yr. Consolidated Plan. In addition, all projects are associated with one or more priority needs and one or more goals. Therefore, the priorities for the investment related with targeted geographic areas are related with non-housing community development activities that address the goals and objectives of the Consolidated Plan. The Non-Entitlement municipalities proposing this type of projects must invest the CBDG monies in eligible low-income areas, as defined by HUD.

Discussion

The overarching goal of the Department of Housing and Urban Development’s Community Planning and Development (CPD) programs covered by the Consolidated Plan is “to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities,” principally for low- and moderate-income persons. In order to achieve the provision of suitable living environments within the low- and moderate-income communities, the PRDOH encourages non-
entitlement municipalities to undertake non-housing community development activities.

These activities are designed to create, expand and/or improve the physical conditions of community’s public facilities located within the benefited low- and moderate-income communities. As previously stated, an eligible low-income community is a geographic area where, at least fifty-one percent of the population, are members of families whose incomes do not exceed 50 percent of the median family income for the area, as determined by HUD with adjustments for smaller and larger families.

The following Communities Municipalities has been identified by the states as priority areas with disproportionately greater need and minority concentration are included in the appendix.

Municipalities and subgrantees shall provide priority to the above areas when undertaking the eligible activities.
Affordable Housing

AP-55 Affordable Housing – 24 CFR 91.320(g)

Introduction:

The 2020-2024 5-Yr. Consolidated Plan of the PR-State includes the provision of decent housing as one of the main objectives to be achieved through the activities included in the referred plan. This particular objective includes a series of goals that at large includes the following:

- Housing activities directed to address the needs of the homeless persons.
- Housing activities directed to address the needs of the special needs populations.
- Promote activities directed to preserve and increase the stock of affordable housing units.
- Promote activities toward the ownership of low-income persons of their housing units.

To achieve these goals, the PR-State government propose a series of housing activities directed to address the housing and supportive services needs of the low-income population, which will comply with the PR-State responsibility of providing safe, decent and sanitary housing units that enable this population group to live with dignity and independence.

The following table includes a description of the number of households that will be benefited from the housing assistance activities proposed in this PY 2022 Annual Action Plan:

Table 11 - One Year Goals for Affordable Housing by Support Type

Discussion:

ESG will allocate funds for homeless prevention and rapid rehousing activities. NPOs and municipalities
may use ESG funds to provide housing relocation and stabilization services, and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place allowed by federal regulations. ESG funds may also be used to provide housing relocation and stabilization services, and short-and/or medium-term rental assistance, as necessary, to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing. Meanwhile, HOPWA will provide tenant based rental assistance (TBRA), transitional housing and short-term rent mortgage utility assistance (STRMU) for persons with special needs.

The HOME and CDBG Program provides the highest share of housing assistance, hence will provide the biggest outcomes for supported households during the year. Yet, the CDBG program can provide funding for infrastructure in support of housing, and public facilities. Such actions must be prioritized first in the local government. The ESG and HOPWA programs provides the largest assistance to the homeless and special needs population.

During the preparation of the 5-Yr. Consolidated Plan, the Needs Assessment and Market Analysis outline levels of relative need in the area of affordable housing for the low-income population in Puerto Rico. This level of need drive the State strategy created to address the immediate housing needs of the economically disadvantage persons in the Island. The main objective of this strategy is investing available resources in service activities that enhance access to affordable housing to the program’s eligible low-income population groups. Via these efforts, low-income persons have the opportunities to stabilize their housing conditions and reduce the risk of homelessness.

To accomplish these objectives the PR-State Consolidated agencies determine to promote affordable housing service activities in the following way:

- CDBG funding will be invested in the creation of housing rehabilitation opportunities for owner occupied units or units to be occupied by low income persons;
- ESG funding will be invested in the creation of housing opportunities and supportive services for homeless population and individuals at risk of homelessness;
- HOME funding will be invested in the creation of homeownership opportunities as well as tenant based rental assistance opportunities for low-income persons;
- HOPWA funding will continue to be invested in the creation of rental assistance opportunities for HIV/AIDS individuals and their immediate families, as well as transitional housing and supportive services for low-income individuals with HIV/AIDS.
- HTF funding will be invested on Multifamily Rental New Construction/Rehabilitation.

These consolidated housing activities fully engage and leverage additional mainstream housing assistance available within the PR-State public service structure. The State Housing Choice Voucher Program, commonly known as Section 8 Program, allow very low-income families to choose and lease or purchase safe, decent, and affordable privately-owned rental housing. The State Public Housing Program
provides decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities.

As part of the State Government public policy and governmental vision, stable housing is an important tool in helping households achieve other life outcomes, and the PR-State Consolidated Plan Agencies are committed to work toward providing low-income families access to these opportunities.
Introduction:

The public housing activities within the PR-State jurisdiction are funded through two (2) main funding streams of HUD Office of Public and Indian Housing. These funding streams are the Housing Choice Voucher Program (HCVP) and the Public Housing Program.

The HCVP, also known as Section 8 Program, allows very low-income families to choose and lease or purchase safe, decent, and affordable privately-owned rental housing. In the other hand, the Public Housing Program provides decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities. Within the PR-State Government, both programs are administered and managed by the PR Public Housing Administration (PR-PHA), a subsidiary agency of the State Department of Housing. For the public housing complexes, the PR-PHA has management agreements with Private Sector Administrators Firm that are responsible of the daily operation of the projects.

Under the State Government current public policy, the funds allocated to the PR-State public housing initiatives becomes a high priority among the consolidated plan housing and community development strategy. Puerto Rico is facing the most critical economic recession in modern history that has resulted in structural problems, economic shocks, most recently the COVID-19 pandemic, and weak public finances. This scenario has yielded a decade of stagnation, outmigration and debt, which improved after Hurricane María with billions of both private and public reconstruction funds that circulated in the economy. COVID-19 represents another socioeconomic setback. Under these circumstances, the public policy seeks to promote initiatives toward aligning available resources into unified and targeted impact strategies. As part of the development of the institutional structure of the Consolidated Plan strategy, the Puerto Rico Department of Housing fully engage and leverage these mainstream housing assistance programs to the Consolidated Plan housing initiatives. This management vision allows the Department to align the available resources to a unified and targeted housing strategy that results in maximize the impact of the public funds invested in housing initiatives.

This section describes the actions that the PR-State will take to address the needs of the public housing population groups during the planned PY 2022.

**Actions planned during the next year to address the needs to public housing**

No CPD funded activity will exclusively serve any of the Public Housing projects located within the Municipality boundaries. Nevertheless, the local public policy service strategy includes the public housing population among the service delivery groups that benefits of the Municipality’s public services
and community development activities.

For details go to appendix section.

**Actions to encourage public housing residents to become more involved in management and participate in homeownership**

The State public housing strategy includes policies to promote social and economic self-sufficiency among the housing complexes residents. A key element within this strategy is achieve resident engagement and community leadership within the housing projects. Through the engagement of the residents, the PR-PHA and the Private Administrators Firm will be able to understand the residents views of their community, particularly the community needs and assets and how the residents view that socio-economic improvements can be achieved.

As previously stated, during the course of the PY 2022, the PR-PHA will undertake the *Tenant Participation Fund Program and the Servi Movil* initiative as part of the commitment that the State Government has with the public housing communities to improve their living conditions and engage them in the development of the management activities of their complexes and communities.

As per the participation of homeownership actions, the PR-PHA will promote *Casa Mía*, a concept that promotes homeownership within the low and moderate families in Puerto Rico. This housing initiative will engage the participation of the non-profit sector the mortgage business sector, among other components, to assure the acquisition and occupation of housing units by low-income persons and/or families.

**If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

As of June 30, 2016, the PR-PHA performance was standard under the HUD-Public Housing standards. Although no problems are in sight that can cause a decrease in the level of performance of the Agency, if needed the State Government Consolidated Plan Agencies will be available to provide technical assistance, management and financial consultant activities, programmatic and operational advice and capacity building actions, toward the Agency managerial and performance improvement.

**Discussion:**

The State Public Housing strategy is a key element among the PR State Government housing and community development policy. The main responsibility of the public housing initiative falls under the PR-PHA, a subsidiary agency of the State Housing Department, one of the main components of the PR-State Consolidated Plan Institutional Structure.

Under the new State Government vision and the economic hardship and constraints affecting the overall
economic system, the alignment and maximization in the use of available resources for common and unified strategies plays an important role in the Housing and Consolidated Plan Strategies and Initiatives.

As a special need population group, the State Government through the PR Department of Housing will be responsible to develop strategic actions to address a number of interrelated community challenges in the areas of education, health, human services, affordable housing job training and creation and other public service offerings. Only with the commitment of promoting the alignment of resources and the maximization of its use, the strategy could achieve positive changes among the public housing communities and improve the living conditions of their residents.
AP-65 Homeless and Other Special Needs Activities – 91.320(h)

Introduction

The PR-State strategy behind the homeless initiative consists of a network perspective in which collaboration, integration and partnerships will continue to be fostered to implement activities to prevent, reduce, and end homelessness. This collaborative effort will also have the intention of streaming the funding sources within the partnered organizations in order to promote a more effective utilization of the community wide available resources to address the needs of the individuals and families experiencing homelessness.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

According to the last Point in Time Census (PIT) 2019 there are 2,535 homeless persons in Puerto Rico; seventy-five percent (75%) are unsheltered, and twenty seven percent (27%) are considered chronic homeless. Seventy nine percent (79%) of the homeless population are men, while twenty one percent (21%) are women. Homeless individuals are mainly located within the municipalities of San Juan, Ponce, Arecibo, Caguas, Mayagüez, Guayama, Bayamón, Vega Baja, Guaynabo, Humacao, and Aguadilla. Based on the data from the Puerto Rico Department of the Family, PR Government ESG Grantee will continue supporting the outreach, engagement, intake and initial assessment services to unsheltered persons activities that local governments and nonprofit organizations undertake during the PY 2022. The financial support of these organizations will be provided through the allocation of the ESG Program funding.

Through this component, the Department will support the provision of essential services necessary to reach out to unsheltered homeless individuals; connect them with emergency shelter, housing, or critical services; and provide urgent, non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility.

Among the eligible activities that the Department will support are the following activities: engagement; case management; emergency and mental services; transportation services; housing search and placement, housing stability and case management; and services for special needs populations. To enforce within our subrecipients the need to reduce the number of homeless individuals and families, the ESG program established a standard stipulating that street outreach activities must include the case management component to assure that services are focused not only on satisfying the basic needs, but also on stabilizing the physical and emotional state of individuals and placing them in some type of housing modality. Also, Street Outreach Projects must provide outreach services at least three times a week and services will be provided based on the client’s needs. The PRDF is very committed on
increasing the number of individuals served under this category and reducing the time that homeless individuals are on the streets.

The ESG program will continue supporting innovative special projects targeted to provide outreach services for chronic homeless and emergency shelters in municipalities with high demand for these services.

Finally, the PRDF will continue supporting low-barriers emergency shelters, particularly only projects with 65% or more of bed utilization rate, will be considered to receive funds. It is expected that subrecipients works towards to removing administrative, institutional and programmatic barriers that limit access to emergency shelters. As well, the Department continues encouraging its sub-recipients, the inclusion of permanent housing as a goal in the services plans since the first day a homeless person enters a shelter.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

Local public policies on homeless, (Act Number 130) recognizes the need to foster, plan, and carry out services and facilities to attend the needs of homeless individuals, to enable their participation in the Puerto Rican community and allow them to lead a productive and social life. Services must be offered in an integrated manner, promoting the vision of a continuum of care system that guarantees the uninterrupted offering of services and housing, sharing responsibilities for such an important matter among the various sectors”.

As part of the responsibilities of the Department of the Family, the Agency supports the operation of Emergency Shelter facilities throughout the Island. These types of facilities provide a safe and decent alternative to the streets for a determined period of time for a family or individual who is homeless, in addition to providing access to case management, health care assessment and referral services. This emergency placement includes meals, sleeping arrangements, and access to phone and mail services. Before the conclusion of the period of time limitation, each family or individual will have completed an assessment to determine self-sufficiency goals and housing needs. A family can then be referred to transitional housing, move to permanent supportive housing, or move into other low-income housing. Each client agrees to the conditions of stay within the facility and agrees to work on a case plan designed to make self-sufficiency possible.

According to the last PIT 2019 only twenty-five (25%) of the homeless are sheltered. To increase the number of persons who are placed in emergency shelters, this PY2022 the Department of the Family will continue to support low barriers emergency shelters. It has been established in the ESG standards that emergency shelters admission’s procedures have to reflect a housing first approach. Also, the DF will support emergency shelters with sixty-five (65%) average rate utilization bed occupancy. ESG’s subrecipients will continue to be provided with plenty technical assistance to reduce the time of individuals in emergency shelters. Individual planning services are also set as requirements in the ESG
standards and should focus placing individuals on some type of housing before ninety (90) days.

Funding for emergency shelters comes mainly from the State’s ESG program. These funds also are made available through the RFP process previously described. Funds may be used for renovation of emergency shelter facilities and the operation of those facilities, as well as supportive services for the residents, which could include Case Management, Child Care, Education, Employment Assistance and Job Training Activities, Legal, Mental Health, Substance Abuse Treatment, Transportation, and Services for Special Populations.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The Current Homelessness Strategy to end chronic homelessness in Puerto Rico includes the following strategies:

- Continued expansion of stakeholders involved in collaborative planning and service development within targeted areas with high prevalence of chronic homeless persons.
- Continued efforts to implement existing, and obtain new, commitments from Mayors to participate in planning processes to end chronic homelessness.
- Development and implementation of specific action steps with state and municipal governments that have established the elimination of chronic homelessness as a priority, outreach, such as supportive housing development, providing homeless family’s public housing in municipalities that administer their own public housing projects, providing vouchers for permanent housing in those municipalities that administer voucher programs, coordinating supportive services to promote retention in permanent and supportive housing, including the development of mini-enterprises for homeless self-employment, etc.
- Implementation of specific action steps to improve access to services, reduce stigma and the criminalization of homelessness.
- Continued education and advocacy to increase the number of public and private funding sources for housing and supportive services for chronic homeless, emphasizing those with SA/MH conditions.
- Increased capacity building of municipal government representatives to partner with community-based organizations in the development, financing and delivery of services to chronic homeless.
- Continue with the implementation of the dedicated HMIS - currently under San Juan’s Coalition and the Coalition of Coalitions - for uniform data collection to track populations served through the various systems to permit continuous monitoring of the number and quality of services.
provided, and outcomes in the homeless served.

- Collaborate with the San Juan’s Coalition, the Coalition of Coalitions, and the entities that comprise the CoCs in order to strengthen homelessness data gathering processes, and the consistency of information provided by organizations.
- Continued identification and work with public and private housing developers to target homeless in the development of permanent supportive housing. The current strategies include primarily work with state and non-profit sectors so that more efforts will be directed to local governments and the for-profit stakeholders to improve housing accessibility and service infrastructures for the chronic homeless.
- Monitoring of the development of formal protocols and the implementation of discharge policies from all child welfare, correctional, health and SA/MH agencies and institutions, as a means of preventing chronic homelessness.
- Promote the expansion of the amount of permanent housing units for homeless persons.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The State is committed to provide the necessary assistance to quickly locate homeless individuals and families in permanent housing; and prevent individuals and families from becoming homeless. Based on that goal, funds will be allocated for homeless prevention and rapid rehousing activities. NPOs and municipalities may use ESG funds to provide housing relocation and stabilization services, and short- and/or medium-term rental assistance necessary to prevent an individual or family from moving into an emergency shelter or another place allowed per federal regulation. ESG funds may also be used to provide housing relocation and stabilization services, and short- and/or medium-term rental assistance, as necessary, to help a homeless individual or family move as quickly as possible into permanent housing and achieve stability in that housing.

Discussion

The provision of housing and supportive services to the homeless population is one of the main goals among the housing and community development strategies of the PR-State Government during this consolidated period. In leading this effort, the PR Department of Family administers the ESG Program allocation, which is used to make grants to Municipalities and Nonprofit Organizations for the rehabilitation or conversion of buildings for use as emergency shelter for the homeless, for the payment of certain expenses related to operating emergency shelters, for essential services related to emergency shelters and street outreach for the homeless, and for homelessness prevention and rapid re-housing assistance. Through this initiative, the Department leads the role toward the goal of ending
homelessness in the State jurisdiction.

AP-75 Barriers to affordable housing – 91.320(i)

Introduction:

The enactment of public statutes, ordinances, regulations, administrative procedures and/or processes could have a negative effect in the cost to produce and/or maintain an affordable housing stock in the local market. In its continuously public responsibility, the State must deal with taking actions to ameliorate the effects that existing policies could have in promoting affordable housing initiatives.

Among the common policies that have an effect as a barrier to affordable housing in the local housing market, we can describe land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. Under the current Government structure, some of these policies are enacted at the local government level. Therefore, the State Government must deal with some jurisdictional level establishment in order to take care of the possible limitations that such policies represent to the affordable housing markets.

As previously stated in this plan, the State Government is currently putting in place a new public policy vision with the objective of promoting the sustainable development of Puerto Rico and addressing the deep economic and financial recession that had stall the Island economic development for the last decade. The Plan para Puerto Rico includes a series of strategies and initiative that promotes a change of vision in the form of managing the public sector and in the way the State Government conducts its public business.

Through the described plan, the State Government proposes to take actions that leads to the economic development of the Island in all business sectors including the housing markets. In this section, the PRDOH will present which of the proposed public policies address the needs of ameliorating the effect that enacted public policies have in the affordable housing market in Puerto Rico.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Many of the common policies that have a direct effect in the production and development of affordable housing units are related with permits process and land use planning process. To address most of the practices that are considered barriers for the production and development of affordable housing units, the Government vision must be from a planning and land use management context.

It is well known that, in Puerto Rico, the permits process is one of the multiple reasons for the economic stagnation experienced by the Island. To address the policies that are considered barriers for affordable housing actions, PR State Government established the Single Business Portal that streamlined the permits process and create a friendly and effective mechanism that assist in improving the business
Another factor that the State Government is addressing through the new government vision is the land use policies. Through the creation and implementation of a Strategic Planning Program, the State Government is creating medium and long period plans relating to the land space ordainment within the Island. The State Land Use Plan is under its final revision to align it to the Municipalities Local Land Use and Ordainment Plans. This initiative will have the effect of eliminating existing confronting policies for land use and will promote flexibility in the establishment of policies concerning the use of the land and the promotion of project development throughout the Island, including housing related activities.

In addition, the State Government policy has established affordable housing policies to benefit low income and special needs population groups. Among the proposed policies is the Casa Mía initiative that promote the establishment of an incentive program to facilitate the acquisition of an existing housing unit to low income worker’s families, the Nuevo Comienzo initiative that proposed the provision of rent subsidies to women who are victims of domestic and gender violence actions and the Egida del Siglo 21 initiative, an activity proposing the rehabilitation and modernization of elders housing projects.

The first two (2) of the described affordable housing initiative are promoting the acquisition and occupation of existing housing units that currently are vacant and available within the housing market in Puerto Rico. The vacancy of housing units has been arising in the last years due to the significantly migration wave that the Island has been experiencing. With initiative like the described, the State Government purpose of stabilizing communities that have suffered from significantly vacancy in their housing units and will limit the probability of abandonment of the communities housing stock.

**Discussion:**

To tackle and ameliorate the effect of the actions that commonly are considered barriers for the development and establishment of affordable housing actions, the PR State Government is proposing pro-active initiatives that will foster activities to provide housing units to low income and special needs population groups. These actions consider planning and permits policies that will facilitate the undertaking of activities directed to address the housing needs of the economically disadvantaged individuals, as well as the creation of new initiatives toward the provision of incentives for acquisition, lease and/or rehabilitation purposes by low-income worker families and/or special needs population groups.
AP-85 Other Actions – 91.320(j)

Introduction:

In this Section of the Annual Action Plan for PY 2022, the PRDOH will include a description of the actions that the PR-State government it will undertake to foster and maintain a stable affordable housing stock; to reduce the risk of exposure to lead based paint hazards; to reduce the number of poverty-level families; to develop the institutional structure and to enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

As part of the State Government vision, the Action Plan Agencies will be providing economic assistance and incentives to address the housing and socioeconomic needs of the underserved population groups. Under Puerto Rico current economic scenario, the lack of resources among the low income and underserved population is the main reason to obstacle the socioeconomic stability of these groups within the general society.

The particular actions that will be taken by the Agencies are:

- The State Department of Housing will be responsible to provide rent financial assistance to eligible low-income families and/or individuals and rent assistance and the creation of economic development actions within the public housing projects to improve the economic and living conditions of this segment;
- The PRDOH will provide homeownership assistance to low-income persons interested to acquire an affordable housing units;
- Also the PRDOH will make available CDBG funds for housing rehabilitation actions of low income owner occupied units within the Non-Entitlement municipalities of the Island. This action will promote improve the physical conditions of the low-income housing stock in the Municipalities;
- The State Department of Health, through the Municipality of San Juan Housing and Community Development Department, will promote tenant based rental assistance activities for HIV/AIDS individuals and their families. In addition, transitional housing and supportive services will be made available for HIV/AIDS homeless individuals reach out by Nonprofit Organizations providing housing and supportive services to this population.
- The State Department of Family will make available ESG funds for the provision of housing activities services for homeless individuals and/or at-risk homelessness individuals. These assistances will be provided through Nonprofit Organizations and municipalities around the Island. In addition, the Department will strongly support the efforts of the Homeless Continuum of Care Coalitions operating within the Island jurisdiction and that are responsible to request and distribute Continuum of Care funding to address the basic and immediate needs of the
homeless population in Puerto Rico.

Additional efforts, from administrative and planning management actions, will be taken in order to improve the permits process and land use policies that will allow the promotion of actions to facilitate affordable housing initiative around the Island.

Regarding CDBG, some of the most urgent needs of non-entitlement communities are infrastructure, housing rehabilitation and economic development. To expedite funding allocation and expenditure, the Commonwealth of Puerto Rico assigned by Law an equal amount of CDBG funds to non-entitlement municipalities, except for Vieques and Culebra that are granted 15% in additional funding. Based on their local knowledge, these units of local government decide the activities they want to support.

**Actions planned to foster and maintain affordable housing**

As previously stated the provision of economic assistance to rehabilitate, acquisition and rent affordable housing units is the main action that the PR State Consolidated Plan Agencies will be undertaken to foster and maintain a healthy and stable affordable housing stock within the local housing market.

In addition, pro-active actions leading to promote the re-use and re-occupation of existing vacant housing units within the low-income communities of Puerto Rico, will promote the expansion of the low-income housing stock, will promote re-population actions in communities that has suffered of a high level of migration and will avoid the deterioration and abandonment of communities creating a public safety and health problems within the Municipalities.

The State Government is also proposing actions toward supporting the creation of housing activities under a cooperative business model. As part of the support that the new public policy will provide to the Puerto Rico Cooperative Movement, housing projects will be supported as part of this government economic development vision.

The state will use HOME and HTF funds particularly through homebuyer assistance programs and single-family rehab to foster and maintain affordable housing. Moreover, the state plans to use HOME funds to leverage other state projects which will increase the affordable housing inventory. The use of HOME resale and recapture provisions will support the affordability of such projects in the long run.

Additionally, CDGB housing activities (Rehab, CDBG-DR Affordable rental housing, NSP) will serve to maintain the affordable housing stock in Puerto Rico.

**Actions planned to reduce lead-based paint hazards**

The PRDOH have a pro-active approach to reduce lead-based- paint hazards in residential projects
across the Island, such as:

- Professional assessment for deteriorated paint in units built before 1978
- Initial and annual HQS inspections
- Disclose information among residents of lead-based paint hazards
- Stabilization, removal and disposal of dangerous material. The State HOME Program has contracted companies to provide technical assistance for the evaluations, visual assessment, HQS inspections and paint testing (when necessary) for the housing units that will be rehabilitated with HOME funds in order to comply with lead-based paint requirements and other applicable federal environmental laws and regulations.

Housing providers funded through HUD provide decent, safe, and sanitary housing to their residents. Part of this responsibility is to protect these residents, particularly children under age six, from the health risks of lead-based paint. Public Housing Authorities (PHAs) and landlords protect these families by complying with HUD’s lead-based paint regulations.

With respect to the Housing Choice Voucher Program (HCVP), the Lead Safe Housing Rule (LSHR) applies only to units constructed prior to 1978 occupied (or intended to be occupied) by a child under age six, the common areas servicing those units and exterior painted surfaces associated with those units and common areas. The Lead Disclosure Rule (LDR) applies to disclosure of lead-based paint and lead-based paint hazards in most housing constructed prior to 1978 (“target housing”) at sale or lease, whether or not they are or will be occupied by a child, and whether it is federally assisted or not.

Target Housing is generally, housing constructed before 1978. Housing for the elderly, and housing for persons with disabilities, are not target housing, unless a child under 6 years old resides or is expected to reside in that housing, in which case, the housing is target housing. All zero-bedroom dwellings are not target housing. In jurisdictions which banned the sale or use of lead-based paint before 1978, HUD may use an earlier date for determining target housing. Refer to Lead Compliance Toolkit, Housing Choice Voucher Program, HUD's Lead-Based Paint Regulations (24 CFR Part 35).

**Actions planned to reduce the number of poverty-level families**

In order to reduce the number of poverty-level families the PR-State Government will coordinate the following effort:

- Continue to create training and workforce development opportunities through the investment of funds of the Workforce Innovation and Opportunities Act (WIOA) Program. These funds are committed to assist low-income individuals in acquiring the technical knowledge and developing the work skills needed to effectively be transitioning to the job market;
- Continue to support the Universities and Technical College community in providing educational opportunities to low- and moderate-income students with the objective of improving their...
academic skills and achieved to be hire in the local and/or regional job market;
• Provide financial housing subsidies to low- and moderate-income households in order to alleviate the cost burden effect that housing has in the economic status of the families;
• Continue to support private investment in the development of affordable housing projects;
• Continue to provide Tenant Based Rent Assistance to HIV/AIDS individuals and family members;
• Continue to invest Section 8 funds in assisting eligible households in their rental needs;
• Promote the creation of Public-Private Alliances, as a business model to promote economic development activities, to create and maintain jobs opportunities and expand the business activities base around the Island;

Support the active participation of the Cooperatives Sector within strategic regional projects as a tool to create job opportunities, promote local investment and promote an increase in the regional business activities throughout the Island.

**Actions planned to develop institutional structure**

During the preparation of the Consolidated Plan the PRDOH, as Lead Agency, envisioned to carry out the designed housing, community, economic development, homeless and special population strategy from an inclusive and collaborative point of view through the Consolidated Stakeholders network. Using the leading role of the PRDOH, the PR State Government will continue to encourage the active participation of these entities in order to meet the needs of the very low to moderate income persons and their communities.

Strategic meetings, working meetings, oversight activities, among other follow-up activities, will be undertaken in order to continue strengthen and developing strategic and accountable partnerships among the Institutional Structure of the housing and community development activities within the State Government structure.

**Actions planned to enhance coordination between public and private housing and social service agencies**

During the preparation of the Consolidated Plan the PRDOH, as Lead Agency, envisioned to carry out the designed housing, community, economic development, homeless and special population strategy from an inclusive and collaborative point of view through the Consolidated Stakeholders network. Using the leading role of the PRDOH, the PR State Government will continue to encourage the active participation of these entities in order to meet the needs of the very low to moderate income persons and their communities.

Strategic meetings, working meetings, oversight activities, among other follow-up activities, will be undertake in order to continue strengthen and developing strategic and accountable partnerships among the Institutional Structure of the housing and community development activities within the State
Government structure.

Discussion:

The PR-State Government will continue to use CPD funds to achieve the goals and objectives of the Consolidated Plan. In achieving these goals and objectives, the State will integrate to the CPD allocated funds, additional public funding streams and will leverage communitywide available funding to maximize the resources toward the provision of services to the most in need population groups.

The maximization in the use of available funding within the community, will require the development of strategic and accountable partnerships with all Consolidated Plan Community Stakeholders as part of the institutional structure created toward delivering the basic and essential public services to address the needs of the low-income population segments.
Program Specific Requirements

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

Introduction:

Section 104(j) of the Act and Federal Register Vol. 77 No. 78, April 23rd, 2012 (Final rule) excludes from the definition of Program Income an amount of $35,000 per year or less. Therefore, in compliance with federal laws and regulations, PRDOH does not require non-entitlement municipalities to return income up to $35,000 provided that such revenue is counted as miscellaneous revenue. Nonetheless, PRDOH must be informed through quarterly financial reports issued to the agency of the nature and disposition of all revenues collected by the municipality, in order to determine compliance with the Program Income Rule.

Instructions regarding the reporting and expenditure of program income are available at PRDOH. The municipalities are required to send their program income estimates and reports through e-mail or fax.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.320(k)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed $1,020,300
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee’s strategic plan. 0
3. The amount of surplus funds from urban renewal settlements 0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan 0
5. The amount of income from float-funded activities 0
Total Program Income: $1,020,300

Other CDBG Requirements

1. The amount of urgent need activities 300,000
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. 70.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.320(k)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

N/A. The HOME program will use HUD-acceptable forms of investment described in 24 CFR Section 92.205(b)(1) for grants and loans. No alternative forms of investment will be used.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Resale and Recapture Provisions

The HOME Program will ensure that HOME rules regarding affordability will be observed, as stipulated at 24 CFR 92.254 for Homeownership. The assisted properties will meet affordable housing requirements. Thus, properties will provide modest housing, be acquired by a low-income family as its principal residence and meet affordability requirements for a specific period of time. Affordability restrictions for both Resale and Recapture provisions, as discussed below, will be included in the written agreements executed by the homebuyer and the PRHFA and will be enforced via deed restrictions separately recorded, and a soft second mortgage over the property.

The PRHFA will use both Resale and Recapture provisions. Resale provisions will only be used in cases in which HOME assistance has been awarded as development subsidy and will not be used to reduce the purchase price of the unit and in cases in which the permanent and primary financing for the acquisition would be affected due to the lender’s policies regarding the treatment of the Recapture provisions. It has been the PRHFA experience that certain institutions equate subsidies awarded in lieu of Recapture provisions as payable loans and therefore must be considered when calculating the property’s Loans to Value Ratio. Under these circumstances and when the Loans to Value Ratio exceeds the ratio authorized under the primary lender’s policies, the developer or CHDO may request the sale of the HOME assisted unit under the Resale provisions. In any such case the developer or CHDO must seek the PRFHA prior written approval before selling the unit using Resale
provisions.

Recapture provisions will not be used when a project receives only a development subsidy and is sold at fair market value, instead, resale provisions will be used.

Adequate controls are in place, particularly as revised deed restrictions and periodic inspections, to enforce HOME resale or recapture provisions. The abovementioned provisions and restrictions will also apply to CHDO’s in the same manner. The PRFHA will determine which type of provision to use with CHDO’s. Such determination will be included in the written agreement with the CHDO’s.

For more information go to Appendix.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The Resale or Recapture Guidelines that assures the affordability of units acquired with HOME funds are included below.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

HOME Program funds will not be used to refinance existing debts.

Emergency Solutions Grant (ESG)
Reference 91.320(k)(3)

1. Include written standards for providing ESG assistance (may include as attachment)

The ESG standards are included on the Appendix Section of this plan. An addendum considering ESG-CV, is also included.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

Both PRCoC-502 and PRCoC-503 have established a Coordinated Entry System.

The PRCoC-502 Coordinated Entry System named "Derecho a Techo" is fully implemented in its geographic region. The PRCoC-502 uses a comprehensive coordination of the services available throughout the CoCPR502 community and other leaders within the geographic area, including 24 Municipalities. Through their outreach program they identify the most vulnerable homeless
individuals and offer services conducive to obtaining housing. The CE is a hybrid since it has an easy-access office with the following hours of operation: Monday through Friday from 8:00AM to 8:00PM, a toll-free number, a mobile case management office, and three access point partners. Participants’ needs are prioritized considering crisis situations and conditions such as chronic homelessness, domestic violence, mental illness and substance abuse, resulting in a better match of services. Individuals are evaluated with a standardized intake assessment form in order to ensure equal access and confirm the immediate needs of the individual.

The PRCoC-503 Coordinated Entry System (CES) named “Sistema Coordinado de Entrada” is also implemented. The CES uses a comprehensive coordination of the services available throughout the CoCPR-503 community, network of homeless and mainstream housing and supportive service providers and other leaders within the geographic area, including of 54 municipalities. By implementing a comprehensive “Housing First-Assertive Community Treatment Intervention”, which includes outreach workers, community advocates, housing navigators, a community “Alternative Integrated Clinic” with primary, behavioral and substance abuse services, and case management. The CES identify the most vulnerable homeless individuals and offers services conducive to obtaining housing. The CES operates an emergency hotline available 24 hours a day 7 days a week, case management office and two access points located in Caguas and Ponce. Participants’ needs are prioritized considering their level of prioritization based on chronicity and urgency, crisis situations and conditions such as chronic homelessness, domestic violence, mental illness and substance abuse, resulting in a better match of services and housing options. Individuals are evaluated with a standardized intake assessment form in order to ensure equal access and confirm the immediate needs of the individual.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Please refer to Section AP-30, Method of Distribution, of this Plan for a complete description of how ESG Program funds are distributed among eligible Entities.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The State Department of Family complies with 24 CFR Section 576.405 requirements. The required homeless representation is met through the following actions:

As required by federal regulations, the PR-502 CoC has one chair on its board reserved for representatives of the homeless population, or individuals who have experienced homelessness. In addition, the CoC has a separate committee formed by formerly homeless individuals.
The PR-503 CoC has two chairs for at least two (2) representatives of the homeless population, who are or have experienced homelessness.

5. Describe performance standards for evaluating ESG.

See Appendix for written standards.

### Housing Trust Fund (HTF)
Reference 24 CFR 91.320(k)(5)

1. How will the grantee distribute its HTF funds? Select all that apply:

- [x] Applications submitted by eligible recipients

2. If distributing HTF funds through grants to subgrantees, describe the method for distributing HTF funds through grants to subgrantees and how those funds will be made available to state agencies and/or units of general local government. If not distributing funds through grants to subgrantees, enter “N/A”.

   N/A

3. If distributing HTF funds by selecting applications submitted by eligible recipients,

   a. Describe the eligibility requirements for recipients of HTF funds (as defined in 24 CFR § 93.2). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

   The Puerto Rico Housing Finance Authority (Authority) will make available the Housing Trust Fund Activities of Rental Housing along the HOME Investment Partnership Program (HOME) Action Plan (AP). Funds will be awarded to eligible applicants following a competitive process. The competitive process will follow the criteria established in the HTF Allocation Plan. Funds will be allocated to provide incentives for meeting developing and supporting affordable rental housing units. This will be achieved through new construction or rehabilitation of non-luxury housing with suitable amenities for rent.

   Eligible Applicants: The PRHFA is not limiting the potential pool of applicants for the HTF program. Thus, PRHFA will allow developers, non-profits and other organizations to apply for HTF funds. However, applicants must be able to participate in PRHFA funding round (NOFA). Applicants must comply with the
requirements established in 24 CFR 93.2. These requirements are integral to the basic threshold criteria described in the tables below. It is important to note that applications must demonstrate that participants understand the specific requirements of the HTF program and that even if HTF funds are combined in a project with multiple funding sources, HTF unit(s) must be assisted only via HTF eligible activities (24 CFR 93.200).

Please note that it should be at PRHFA’s sole discretion to award HTF funds to any Participant (which has requested or not HTF funds), based on the merits of the project, available funds, specific needs of the cycle, economic conditions, in order to promote the new construction/rehabilitation of low-income housing projects.

b. Describe the grantee’s application requirements for eligible recipients to apply for HTF funds. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Applications requesting HOME and HTF funds will be evaluated based on joint rating factors, once applicants have satisfied the basic threshold requirements. Those factors include local considerations and State HOME and HTF Program’s criteria, such as: Project location; project characteristics; project owner/developer characteristics; financing characteristics; special needs projects; Housing needs and additional criteria for rental housing projects. See the appendix for a description of the scoring method and selection criteria that was specifically developed for the HTF Program. The criteria is presented below to facilitate the description of the priority funding factors. The QAP and PRHFA NOFA will be used to determine the final scores and funding recommendations. The full explanation of the Method of Distribution of funds to be used during this program year is included in the Appendix Section (HTF Selection Criteria). Also, Section (e) below provides additional requirements for eligible recipients.

c. Describe the selection criteria that the grantee will use to select applications submitted by eligible recipients. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

See Appendix. HTF Selection Criteria.

d. Describe the grantee’s required priority for funding based on geographic diversity (as defined by the grantee in the consolidated plan). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

The PRHFA will distribute funds through a competitive process and cannot predict the ultimate

Annual Action Plan 2022
geographic distribution of the HTF funds. The method of distribution does not include an allocation of resources based on geographic areas, so target areas are not earmarked. Yet, the HTF Program will consider the housing needs for eligible income families in non-metropolitan areas, by taking into account the upcoming new census figures by Municipalities. The merits of the proposal will be evaluated taking into consideration the needs in any particular location. The PRHFA will comply with regulations (24 CFR 92.201 (b)(1)) requiring that resources be allocated in non-metropolitan areas. The final distribution will be based on the criteria established in the method of distribution.

The HTF allocation for PY 2022 will be distributed to benefit very low and extremely low income families (see HTF Funding Priorities 91.320(k)(5)(i) for the definition).

See Appendix [HTF Selection Criteria] for additional geographic considerations in the scoring system.

e. Describe the grantee’s required priority for funding based on the applicant's ability to obligate HTF funds and undertake eligible activities in a timely manner. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

The PRHFA will consider applications from potential recipients that “have demonstrated experience and capacity to conduct other Tax Credit/HOME projects as evidenced by its ability to: (i) Own, construct, or rehabilitate, and manage and operate an affordable multifamily rental housing development” (24 CFR 93.2 – Definition). The term “full compliance and successful record” provides sufficient basis to determine the applicants capacity to obligate HTF funds and undertake activities in a timely matter.

Due to the limited amount of HTF funds, is not viable for the HTF allocation to be distributed via a stand-alone funding round. Thus, the State will distribute HTF funds via its regular funding round, which includes other federal funding sources such as HOME, LIHCT, among others. Under the abovementioned funding round, applicants will have to demonstrate with evidence that they have fulfilled the initial basic requirements established in the “Basic Threshold”. The PRHFA has created an specific set of requirements that HTF potential applicants must satisfy. Not complying with such requirements causes applicants to be disqualified. If applicants demonstrate fulfillment of basic threshold requirements, then the specific point ranking evaluation criteria will be applied to the proposed projects.

The basic threshold for the HTF establishes that applicant must demonstrate experience. “If proposing to use o of HOME or NHTF Developer, General Partner or Managing Partner must demonstrate successful record and full compliance participating in same capacity in the development of HOME /NHTF projects in Puerto Rico.” To validate such assertion the applicant must submit “Relevant project documentation to support experience in particular project.” And “Certification issued by the Authority's Audit and Compliance Office, or the Department's Housing Subsidies and Community Development
Division, as applicable.”

See Appendix [HTF Selection Criteria] for the specifics of the scoring system. (Section IV of the NOFA Ranking Self-Evaluation).

f. Describe the grantee’s required priority for funding based on the extent to which the rental project has Federal, State, or local project-based rental assistance so that rents are affordable to extremely low-income families. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

Section IV of the scoring method provides additional points for applicants that combine LIHTC or HOME projects that are specifically destined for long-term rental assistance. “If proposing to use only LIHTC or HOME, project demonstrating utilization of the respective LIHTC or HOME program, or in combination with other programs; if proposing to use LIHTC and HOME combined, or in combination with any other federal or state program, project utilization of similar program mix subsidizing development costs, long-term operations or providing long-term rental assistance.” (See above, Section IV Scoring Method)

It is important to note that HTF units will include the 30 year restrictive covenants. These combined multifamily projects will provide for the preservation of affordable rental housing, particularly for extremely low families since HTF units will be required to comply with such income levels. Thus, projects which seek to increase the affordable rental housing stock will be scored favorably. Due to the limited amount of funds under HTF, leveraged funds will be the biggest portion of funds under these multifamily projects.

See Appendix [HTF Selection Criteria] for additional details.

g. Describe the grantee’s required priority for funding based on the financial feasibility of the project beyond the required 30-year period. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

All projects funded with HTF will be required to comply with a minimum of 30 years affordability restrictions. Additional points are given to projects which provide an affordability period beyond the 30 years. Proponents will be required to sign a Land Use Restrictive Covenant Agreement. (See Section III.4 of the Scoring method)

“If requesting NHTF, a project might earn up to 3 points for extending the term of affordability beyond the extended use period of thirty years” (Section III.4 of the Scoring method)

The specific priority funding factors established for the HTF program are described in Section IV of the NOFA Ranking Self-Evaluation. This section establishes a specific priority funding factor for developers or
the applicant’s capacity to undertake tax credit/HOME projects.
The following documents will be required to demonstrate the applicant’s capacity to undertake an HTF project:
• Copy of HAP, IRS form 8609 for each project, as applicable.
• Relevant project documentation to support experience in particular project.
• Certification issued by the Authority's Audit and Compliance Office, or the Department's Housing Subsidies and Community Development Division, as applicable. Moreover, the NOFA Ranking Self-evaluation scoring system provides additional points for applicants who have financial capacity to undertake projects. Point ranking system requires a certain amount of liquid assets.

The required documents include:
• Compiled or revised financial statements certified by a licensed accountant.
• Sources and Uses

Also, recipients must comply with PRHFA selection requirements as established in the HOME program/LIHTC QAP. Again, it is important to emphasize that entities must demonstrate organizational ability, financial capacity and knowledge of Federal, State and local housing program requirements. Recipient must demonstrate capacity to manage and operate an affordable rental housing program.

See Appendix.

h. Describe the grantee’s required priority for funding based on the merits of the application in meeting the priority housing needs of the grantee (such as housing that is accessible to transit or employment centers, housing that includes green building and sustainable development features, or housing that serves special needs populations). If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

See Appendix.

i. Describe the grantee’s required priority for funding based on the extent to which the application makes use of non-federal funding sources. If not distributing funds by selecting applications submitted by eligible recipients, enter “N/A”.

See Appendix. HTF Selection Criteria.
4. Does the grantee’s application require the applicant to include a description of the eligible activities to be conducted with HTF funds? If not distributing funds by selecting applications submitted by eligible recipients, select “N/A”.

N/A

5. Does the grantee’s application require that each eligible recipient certify that housing units assisted with HTF funds will comply with HTF requirements? If not distributing funds by selecting applications submitted by eligible recipients, select “N/A”.

Yes

6. **Performance Goals and Benchmarks.** The grantee has met the requirement to provide for performance goals and benchmarks against which the grantee will measure its progress, consistent with the grantee’s goals established under 24 CFR 91.315(b)(2), by including HTF in its housing goals in the housing table on the SP-45 Goals and AP-20 Annual Goals and Objectives screens.

Yes

7. **Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds.** Enter or attach the grantee’s maximum per-unit development subsidy limits for housing assisted with HTF funds.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

See Appendix for details of HTF Selection Criteria.
8. **Rehabilitation Standards.** The grantee must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The grantee’s description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The grantee must attach its rehabilitation standards below.

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; Capital Needs Assessments (if applicable); and broadband infrastructure (if applicable).

In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs Assessments (if applicable).

See Appendix.

9. **Resale or Recapture Guidelines.** Below, the grantee must enter (or attach) a description of the guidelines that will be used for resale or recapture of HTF funds when used to assist first-time homebuyers. If the grantee will not use HTF funds to assist first-time homebuyers, enter “N/A”.

See Appendix.

10. **HTF Affordable Homeownership Limits.** If the grantee intends to use HTF funds for homebuyer assistance and does not use the HTF affordable homeownership limits for the area provided by HUD, it must determine 95 percent of the median area purchase price and set forth the information in accordance with §93.305. If the grantee will not use HTF funds to assist first-time homebuyers, enter “N/A”.

Existing Housing: The HTF homeownership value limit for existing HTF units is 95 percent of the median purchase price for the area based on Federal FHA single family mortgage program data.
for existing housing and other appropriate data that are available nation-wide for sale of existing housing in standard condition. Nationwide, HUD has established a minimum limit, or floor, based on 95 percent of the state-wide nonmetropolitan area median purchase price using this data. HUD has used the greater of these two figures as their HTF homeownership value limits for existing housing in each area.

The PRHFA will use the limits published by HUD that can be found at:

https://www.hudexchange.info/resource/4982/housing-trust-fund-homeownership-value-limits/

The recapture provisions are included as attachment appendix of this Plan.

See Appendix.

11. **Grantee Limited Beneficiaries or Preferences.** Describe how the grantee will limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population to serve unmet needs identified in its consolidated plan or annual action plan. If the grantee will not limit the beneficiaries or give preferences to a particular segment of the extremely low- or very low-income population, enter “N/A.”

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

Any limitation or preference must not violate nondiscrimination requirements in § 93.350, and the grantee must not limit or give preferences to students. The grantee may permit rental housing owners to limit tenants or give a preference in accordance with § 93.303(d)(3) only if such limitation or preference is described in the action plan.

The State will not limit beneficiaries and/or give preferences to any segments of the extremely low-income population.

12. **Refinancing of Existing Debt.** Enter or attach the grantee’s refinancing guidelines below. The guidelines describe the conditions under which the grantee will refinance existing debt. The grantee’s refinancing guidelines must, at minimum, demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing. If the grantee will not refinance existing debt, enter “N/A.”
The PRHFA will not refinance existing debt with the HTF funds.

**Discussion:**

The performance standards of the program will evolve over the next few years as the ESG Rule is fully implemented and as ESG sub-grantees improve their program outcomes through the evaluation of HMIS data and through integration of ESG services into their local Continuum of Care.
PY 2022 Annual Action Plan Puerto Rico

APPENDIX
Executive Summary
AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

The strategic approach and actions to be undertaken by the responsible Commonwealth Agencies can be summarized into three main areas and related activities following the basic goals of Title I of the Housing and Community Development Act of 1974:

Provide Decent Housing
- Provide street outreach, supportive services and emergency shelter
- Provide homeless prevention and rapid rehousing assistance
- Provide housing assistance and supportive services to HIV population
- Support homeownership by providing down payment and closing cost assistance
- Address the need of substandard housing by supporting rehabilitation of rental housing
- Increase the supply or preserve affordable rental housing by supporting rehabilitation and production of housing, prioritizing special needs projects
- Increase the supply of affordable housing by supporting the participation of CHDOs
- Promote the development of special needs projects, which are those that provide supportive service.
- Address the need of substandard housing by supporting construction of rental housing

Create a Suitable Living Environment
- Improve the quality of special needs populations, in particular the elderly, by supporting homecare services.
- Provide support services for youth, victims of domestic violence, and employment counseling.
- Improve safety and livability of neighborhoods by investing in public facilities, infrastructure and urban renewal.
- Set-aside funds for emergency relief.

Expand Economic Opportunity
- Promote the development of microenterprises.
- Invest in public facilities that support business development.
- Create and retain jobs to low- and moderate-income persons.

The specific goals and other summary information is presented in the following table.
The goal of the Housing Trust Fund is to provide decent affordable housing to low-income and very low-income households and individuals.

The specific goals and other summary information for the PY 2022 is presented in the following table.

**Goals**

The rationale of the Goals, and activities of the plan was based on the results of the needs assessment, which in general, found the following:

1. The economy of Puerto Rico grew 1.5% in Fiscal Year 2019. This is the first time the local economy reported growth since 2012, when the Island benefited from a close to $7.0 billion allocation from the American Recovery and Reinvestment Act (ARRA), a post U.S. 2009 Financial Crisis economic stabilization program. Nevertheless, COVID-19 is expected to dampen growth in Fiscal Year 2020 and 2021. Unemployment claims reached 164,049 by the week of August 8th. Although the Government of Puerto Rico does not have official economic projections that account for the impact of the pandemic, there is a consensus among local economist that the economy will show a considerable decline during the third and fourth quarters of Fiscal Year 2020 and the first semester of Fiscal Year 2021. The Bureau of Labor Statistics reported that 117,000 salary jobs were lost by the end of March 2020 (year to year). With the opening of the economy, private employment improved in May and June of 2020,
but by the end of the month 76,000 had not been recovered, which amounts to a 11% reduction in contrast to June 2019.

2. The economy has undergone structural challenges that will continue to limit long term growth prospects. Covid-19 is adding to this challenge, even considering the more than $5.0 billion that have been allocated to the Government of Puerto Rico from the CARES Act.

3. It is reasonable to assume that COVID-19 will have a disproportionate impact on low and moderate income households, as the industries that are directly impacted by the pandemic are the hospitality, entertainment and retail industries, which have a disproportionate amount of workers earning low wages.

4. Moreover, a wave of inward migration for Puerto Ricans that have lost their jobs in the U.S. is occurring, as alerted the moving industry. This trend will have social consequences and will increase the demand for the safety net. The need for affordable housing, transitional and permanent housing for homeless persons or in risk of, supporting services, job creation and retention initiatives and economic development programs.

5. Mortgage delinquency rates and foreclosures continue to be high in Puerto Rico, which reflects the weak financial situation of consumers and of the effect of the economic situation on the risk of homelessness.

6. The greatest need is among low- and moderate-income households that live in households with one or more severe housing problems: lacks kitchen or complete plumbing, severe overcrowding, severe cost burden, which accounted for 44% of households. More than 56,855 households with incomes up to 100% AMI reported living in a substandard housing, of which 86% (49,080) were low- and moderate-income households.

7. Puerto Rico has experienced a demographic transformation. The elderly population, those 65+, has experience a consistent increase, while persons with ages below 54 years old are declining. The number of children is declining at the fastest rate.

8. Elderly households living alone are those who are more vulnerable given that more than 175,000 have an independent living difficulty, of which 33%, or approximately 58,000, are estimated to be low- and moderate-income households.

9. During the most recent Point in Time Survey conducted in the Island (2019), a total of 2,535 homeless persons were identified, experiencing homelessness on a given night. Persons identified in the count sum a total of 2,321 households, out of which 7.1% were households with at least one adult and one child. In those households without children most persons are over 24 years old (98%), while in the case of households with at least one child, the majority of the household members are under age 18 (56.7%). The 27% are chronically homeless, while 49.5% suffer from chronic substance abuse. Of persons counted, 38.8% were severely mentally ill, 5.2% have been victims of domestic violence, and 6.8% are affected by HIV/AIDS. Data also shows how chronic unsheltered homeless, represent the most significant proportion of the homeless population.

10. In addition to the homeless population, other groups also require support services. These groups include: persons with HIV/AIDS, persons living in poverty, the elderly population, victims of domestic violence, and people with drug addiction problems.
11. Domestic violence constitutes one of the gravest and most complex problems affecting Puerto Rican society. As the Prologue to Law 54 for the Prevention and Intervention with Domestic Violence of August 15, 1989 indicates, domestic violence threatens the integrity of the family and its members and constitutes a serious threat to the stability and preservation of civilized coexistence in our society. Puerto Rico police statistics show that the problem of domestic violence has become increasingly complex. The most recent data (2019) shows a total of 6,725 cases of domestic violence.

12. As of July 31, 2020, a total of 50,223 HIV/AIDS cases have been reported in the Island. Out of these cases, 29,811 persons died, representing a fatality rate of 59%. Individuals living with HIV/AIDS and their families present a series of needs related to housing and complimentary services.

13. Other needs of special populations include: Shelter and outreach services for homeless population, Chronic homelessness, Substance abuse, Mentally ill, and Victims Domestic Violence, Woman with Children; and prevention and rapid rehousing for persons at risk of becoming homeless.

14. Puerto Rico’s socioeconomic condition, particularly its demographic, labor and poverty indicators provides a baseline for determining the needs for public services. Traditionally under the CDBG program local communities can select from the whole array of eligible activities described in CDBG regulations and guidelines. Such services usually target low income population with special needs, such as the elderly in rural communities and disadvantaged youth.

15. Non-entitlement municipalities have many infrastructure needs. Traditionally, most CDBG allocations have addressed infrastructure needs of low income communities.

3. Evaluation of past performance

This Consolidated Annual Performance Report (CAPER) provides an overview of the progress made during PY 2020, the first year of the Puerto Rico State 2020-2024 Housing and Community Consolidated Plan. During Program Year 2020, the state undertook activities consistent with the approved strategic and annual action Plan, for the following programs: Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME), Housing Trust Fund (HTF), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

Each of these programs of the Consolidated Plan invested available resources in eligible activities to address the needs of the low- and moderate-income persons with the final goals of:

- increasing the availability, accessibility, and affordability of decent housing,
- create suitable living environments, and
- provide economic opportunities for low- and moderate-income individuals.
Even with the challenges faced by Puerto Rico in the context of the COVID-19 pandemic, the State has made progress in meeting its 2020 goals and objectives and is moving forward the 5-year goals. The following is a summary of each program performance during program year 2020:

**HOPWA Program**
The major initiative undertaken during this program year included:

1) Completed 12 monitoring Review;
2) Provided assistance to eligible families under the following programs:
   a) Tenant Based Rental Assistance to 123 families;
   b) Short- Term Rental, Mortgage and Utilities to 43 families;
   c) Transitional Housing to 111 families and;
   d) Supportive Services to 699 participants.

As per the service activities undertaken in PY 2020, the HOPWA sub-recipients provided short-term rent, mortgage and/or utility assistance payments, supportive services, Tenant-Based Rental Assistance, and other eligible activities to persons living with HIV/AIDS and their families to prevent homelessness.

Considering the PRDOH and the MSJ expenses, the twenty-five (25) granted sub-recipients contracts expended 58.42% of the funds delegated to undertake the contracted activities by June 30, 2021. For funds allocated of Pre-2019 funds the sub-recipients expended 85.27%. HOPWA funds were used to support the following eligible activities:

- **Tenant-Based Rental Assistance (TBRA) Program**: This activity was undertaken by twelve (12) Municipalities. A total of $756,873.00 was allocated to TBRA, from this total, $29,111.00 were allocated to delivery costs and $727,762.00 for direct housing assistance. A total of 123 families benefited from the activity and the total expenses amounted to $482,339.00, representing 30.41% of the allocated funds and expend a 34.6% of the allocation.

- **Short-Term Rent, Mortgage, and Utilities (STRMU) Assistance Program**: According to data presented by the regional sub-recipients, a total of 43 households were assisted. From the total of assisted households, fourteen (14) households received mortgage assistance payments, eighteen (18) households received rental assistance payments and eleven (11) received utility assistance only. The amount allocated for this category was $176,005.00.

- **Supportive Services Program**: Services were provided to 699 households as follow:
  - Supportive Services provided by sub-recipients that also delivered HOPWA housing subsidy assistance, served a total of 111 households. Funds allocated for this service amounted to $325,510.00.
  - Supportive Services provided by sub-recipients that only provided supportive services, served a total of 699 households. The amount of funds allocated in this type of service was $620,446.15. Of the amount allocated to supportive services, the amount of $219,017 corresponds to the CARES Act funds.

- **Transitional Housing**: A total of 111 household were benefitted through thirteen (13) organizations funded for this purpose. The amount allocated for these services was $604,520.00.
ESG Program

ESG Program During Program year 2020, ESG funds were used to conduct street outreach, provide emergency shelter and rapid rehousing opportunities for homeless persons and homeless prevention activities. The largest proportion of funds were focused on providing outreach services and shelter to persons literally homeless. This is due to the characteristics observed in the 2019 PIT Count, which reflected that out of the 2,535 persons identified the day of the count, 75% were unsheltered.

HOME Program

The HOME program allocated the funds according to the priorities identified in the Strategic Plan to address the housing needs of low- and moderate-income persons. The program addresses both homeownership and rental needs through homebuyer assistance programs, subsidies to developers of multifamily rental projects, rental assistance programs and homeownership rehabilitation for substandard housing. These approaches address housing affordability issues in Puerto Rico, where the median cost of safe and decent housing is considerably higher than the median income of residents and where a substantial amount of substandard housing is present and located in areas affected by environmental risks.

Housing Trust Fund (HTF)

Similar to the HOME program, the Housing Trust Fund (HTF) promote an improvement in the quality of life for the people with very or extremely low-income families providing funds for the rehabilitation or new construction of multifamily rental projects, which are encountering challenges to find secure and decent housing.

CDBG

CDBG funds were used in accordance with the action plan and were in its majority directed to address the needs of low- and moderate-income persons (see next table). As stated in the Action Plan, and in accordance with local public policy, funds were distributed to non-entitlement municipalities on an equal basis, through a formula allocation, with the exception of the islands of Vieques and Culebra, that received 15% in additional allocation. In terms of the specific activities, the government’s fiscal situation, the lack of access to capital and constrained municipal finances have all contributed to placing most CDBG efforts in housing, public service and infrastructure projects. CDBG funds were used specifically to support the following eligible activities:

- **Public facilities and improvements** - A total of 2,331,082 low and income persons received benefit of community development projects aimed to improve living conditions and infrastructure. A total of $12,605,413.64 was disbursed for this activity.
- **Public services** – A total of 108,697 low and income persons received benefit to attend special needs population. The total disbursed for this activity was $3,225,461.35.
- **Housing rehabilitation** – As part of strategy to provide decent housing and suitable living environment to low- and moderate-income persons, 1,398 were rehabilitated.
AP-15 Expected Resources – 91.320(c)(1,2)

**CDBG:**

**Matching Requirements**

Section 24 CFR 570.489 (a)(1) established the responsibility of the Government of the Commonwealth of Puerto Rico to pay with its own resources for all administrative costs incurred in administering the State CDBG Program. Regardless, the state may use CDBG funds to finance such costs in an amount not to exceed $100,000, plus 50 percent of such costs in excess of $100,000. The other 50% in excess of $100,000 will be covered by PRDOH general budget.

**Leverage of Federal Funds**

The non-entitlement municipalities will provide leverage to their projects in the form of in-kind services and equity from municipal, state, and other federal funds.

**ESG**

Of the $3,551,419 expected to be received in ESG funds for the PY 2022, $3,451,419 will be matched with cash and noncash contributions, in accordance to regulations in the 24 CFR 576.201. To meet this requirement, the Puerto Rico Department of Family requests subrecipients to include evidence of matching contributions as part of the application process. The subrecipients are required to match 100% of their ESG award.

However, in extreme cases, PRDF may also choose to exercise the right to use match forgivingness in the amount of only $100,000 per grant year. This waiver may be provided to sub-recipients who have difficulty meeting their full match requirement only when providing disaster related services, shelter or housing. It will be at the discretion of PRDF to exercise this waiver and to identify the sub-recipients who may benefit from its execution.

**HOME:**

The Authority promotes promptness, uniformity, and coherence among the agencies granting permits.

**Section 42 of the Internal Revenue Code:**

Provides financing by selling tax credits to United Commonwealth’s investors.

The product of the sale contributes to creating and preserving rental housing units.
The Federal Tax Credit Program receives nearly $8.2 million each year, which generates an investment of approximately $82 millions in Puerto Rico’s economy.

**Interim Loans for Construction**

PRHFA offers financing to construct housing projects for sale or rent. The per unit maximum price is established in the Agency’s Financing policies and in procedures approved by the Board of Directors.

The Authority will charge a fee for the interim financing of up to 3% of the line peak amount of the maximum amount approved.

The fee varies depending on the kind of project (new construction or rehabilitation), the per unit sale price, the profit percentage for the developer, whether or not the project is FHA insured, and whether or not the PRHFA will provide a subsidy to buyer families.

The Authority will finance up to 80% of the total development cost (land, site improvement, construction costs, and soft costs).

**Direct Loans**

To purchase primary residence up to $200,000.

**Act No. 87**

Mortgage insurance disbursed by Mortgage Banks.

**Subsidy Contracts Administration**

The US Department of Housing and Urban Development (HUD) chose the PRHFA to manage the subsidy contracts for 166 Section 8 projects in Puerto Rico. This program monitors project management to ensure the quality of life of residents and the adequate use of federal funds. In addition, the Authority is responsible of making subsidy payments to the project owner, renovating subsidy contracts for projects, approving and processing rent increases, monitoring that any deficiencies found in the projects during physical inspections are corrected, and carrying out administrative audits of the projects each year.

**Loans for Multifamily Rental Housing**

The Authority provides interim and permanent financing for the development of rental housing projects.

**Private Sources**

Private developers must demonstrate their financial capability and resources for developing housing projects that involve construction or rehabilitation of units for both rent and sale. Private funds are required as leverage for the commitment of HOME funds. Interim financing should be clear with the banking institution before the commitment of HOME funds.
Lending institutions contribute to financing affordable housing by providing flexibility on mortgage loans, conventional mortgages, and FHA mortgage insurance.

It is necessary to point out that permanent financing for HOME assisted Homebuyers may be processed through any qualified mortgage institution. The Homebuyer purchase assistance will be granted directly to low-income families.
ESG Disaster Funding Policy

The Department of the Family seeks to be a strong partner to local geographies affected by natural disasters and health emergencies, such as COVID-19. In these situations, the DF will leverage all resources under its purview to provide support to vulnerable homeless clients. The ESG funding awarded to Puerto Rico is one of the resources that the DF may use to support homeless people impacted by natural disasters.

In order to provide flexible and meaningful support, the DF reserves the right to focus funding awarded under previous years grants and corresponding eligible component types to the most impacted areas. In these situations, the DF may make targeted grant sub awards to subrecipients that are governments and/or nonprofits. These awards may be used to address direct deficits to existing programs, comply with local preparedness needs and requirements, provide temporary support to expand shelter/program occupancy or fund a new activity such as street outreach or case management that can be utilized to move new and existing clients into permanent housing. The DF may also make strategic awards to renovate shelters damaged by the disaster. All activity that may be funded must still align with regulations that govern the Emergency Solutions Grant and with the local policies and procedures.

The DF will temporarily modify its traditional rating and ranking process to award funding to areas of the Commonwealth experiencing disasters. The modification of the traditional rating and ranking process serves two purposes. First, it acknowledges that areas affected by disasters may not have the bandwidth to put forward applications. Second, it allows funding to be focused on the areas where it is most needed and will have the greatest impact.

**HOME Program**

**Puerto Rico Housing Finance Authority – HOME Recapture Provisions**

The affordability restriction running with the deed will ensure that all of the HOME assistance to the homebuyer is recuperated. Recapture provisions will ensure that the property remains the beneficiary’s principal residence for the term of the affordability. Thus, in case the recapture restriction is triggered, the PRHFA will recapture the entire amount of the HOME investment (net proceeds available from sale). Net Proceeds are defined as the sales price minus superior loan repayment (other than Home funds) and any closing costs. The PRHFA will not recapture more that is available from the net proceeds of the sale.

In the case of an investment from the homebuyer, in the form of additional funds for down payment and the amount of capital improvements, such amount could be recovered by the homebuyer if net proceeds are enough to cover the HOME assistance. Thus, net proceeds will first cover the HOME assistance, secondly, any initial investments from the homebuyer and finally any amount in excess of net proceeds (surplus) will be shared on equal basis between the PRHFA and the program beneficiary (50% retained by the PRHFA and 50% to beneficiary). Such surplus will be treated as Recaptured funds.
The **PRHFA** will share any net proceeds if the net proceeds are not sufficient to recapture the full Home assistance plus enable the homeowner to recover the amount of the homeowner’s down payment and any capital improvement investment made by the owner since purchase, the grantee may share the net proceeds. The net proceeds are the sales price minus loan repayment (other than Home funds) and closing costs. Capital Improvement investment will be valued by appraisal. A capital improvement is the addition of a permanent structural change or the restoration of some aspect of a property that will either enhance the property’s overall value, increase its **useful life** or adapt it to new uses. This type of improvement, according to the **Internal Revenue Service** (IRS), must have a life expectancy when installed of more than one year.

Examples:

- Must fix some defect or design flaw.
- Must substantially improve the value of a property.
- Must become a permanent part of the property so that removal would cause some impactful damage to the property.
- Must be added with the intention of becoming a permanent part of the property or asset.

The IRS makes a distinction between capital improvements and repairs, which cannot be included in a property’s cost basis. Repairs done as part of a larger project, such as replacing all of a home’s windows, do qualify as capital improvements. Repairs that are necessary to keep a home in good condition, however, are not included if they do not add value. Examples of such non-qualifying repairs, according to the IRS, include painting, fixing leaks or replacing broken hardware.

The net proceeds may be divided proportionally as set forth in the following mathematical formulas:

\[
\frac{\text{HOME investment}}{\text{HOME investment} + \text{homeowner investment}} \times \text{Net proceeds} = \text{HOME amount to be recaptured}
\]

\[
\frac{\text{homeowner investment}}{\text{HOME investment} + \text{homeowner investment}} \times \text{Net proceeds} = \text{amount to homeowner}
\]

The affordability restrictions will not run against the developer’s subsidy, hence, only direct subsidy is subject to recapture. Direct subsidy is the amount of HOME assistance- including any program income- that enabled the homebuyer to buy the unit (down payment, closing costs, interest subsidies, or other HOME-assistance). The direct subsidy also includes any assistance that reduced the purchase price from fair market value to an affordable price. Recaptured funds will be used in HOME eligible activities.

The **HOME**-assisted units must meet the affordability requirements for no less than the applicable period specified below, beginning after project completion or occupancy, whichever is last. Particularly, for
rehabilitation and construction projects completion will be evidenced by the use and occupancy permit. For rental projects completion will be evidenced when the construction is finished and the use permit obtained. For homebuyer sales projects completion will be evidenced when the last unit is sold. If the homebuyer transfers the property, either voluntarily or involuntarily, during the period of affordability, the PRHFA will recover all the HOME assistance from the net proceeds.

**TIME RESTRICTIONS ON AFFORDABILITY LIMITATIONS**

<table>
<thead>
<tr>
<th>HOME Investment per unit</th>
<th>Length of Affordability</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than $15,000</td>
<td>5 years</td>
</tr>
<tr>
<td>$15,000 - $40,000</td>
<td>10 years</td>
</tr>
<tr>
<td>Over $40,000</td>
<td>15 years</td>
</tr>
</tbody>
</table>

The affordability period requirements are enforced through a written agreement executed by the homebuyer and the PRHFA, and will be enforced via deed restrictions separately recorded, and a soft second mortgage over the property, if HOME requirements are met. The time limit for such lien will be determined by the amount of the subsidy granted by the State HOME Program, as shown in the above table.

The PRHFA will only approve refinancing for better rate and terms of the first mortgage, and immediate property repairs or improvements. Such approval requires the expressed written consent of PRHFA. The PRHFA will not approve debt consolidations or ‘cash-out’ refinance (other than for a nominal cash remainder that may be result from the adjustment of a closing date, etc.). Assisted households wishing to do a cash-out refinance during the affordability period should expect to repay the HOME-assistance.

**Puerto Rico Housing Finance Authority – HOME Resale Provisions**

**Description of the Resale Guidelines for the Homebuyer Activity:**

Provisions follow the requirements established in 24 CFR 92.254 (a) (5) (i) to ensure affordability in compliance titled **Qualification as Affordable Housing: homeownership.**

The PRHFA will use both Resale and Recapture provisions. Resale provisions will only be used in cases in which HOME assistance has been awarded as development subsidy and will not be used to reduce the purchase price of the unit and in cases in which the permanent and primary financing for the acquisition would be affected due to the lender’s policies regarding the treatment of the Recapture provisions. It has been the PRHFA’s experience that certain institutions equate subsidies awarded in lieu of Recapture provisions as payable loans and therefore must be considered when calculating the property’s Loans to Value Ratio. Under these circumstances and when the Loans to Value Ratio exceeds the ratio authorized under the primary lender’s policies, the developer or CHDO may request the sale of the HOME assisted unit under the Resale provisions. In any such case the developer or CHDO must seek the PRHFA’s prior written approval before selling the unit using Resale provisions.
Recapture provisions will not be used when a project receives only a development subsidy. Instead, resale provisions will be used. Resale provisions may require selling properties below fair market value in order to make the property affordable to the subsequent low-income homebuyer. Recapture provisions allow for sale at fair market value.

In order to assure the maintenance of the affordable housing stock, the HOME program provides a set affordability periods that relate to the resale of the property. These periods are based on the amount of HOME funds provided for the property, in compliance with the Table below.

<table>
<thead>
<tr>
<th>HOME Investment per unit</th>
<th>Length of Affordability</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than $15,000</td>
<td>5 years</td>
</tr>
<tr>
<td>$15,000 - $40,000</td>
<td>10 years</td>
</tr>
<tr>
<td>Over $40,000</td>
<td>15 years</td>
</tr>
</tbody>
</table>

The period of affordability will be based on the total amount of HOME funds invested in the housing, including any program income expended in the unit.

The resale requirements must ensure, if the housing does not continue to be the principal residence of the family for the duration of the period of affordability that the housing is made available for subsequent purchase only to a buyer whose family qualifies as a low-income family and will use the property as its principal residence. The resale requirement must also ensure that the price at resale provides the original HOME-assisted owner a fair return on investment (including, the value of the original down payment, and capital improvements) and ensure that the housing will remain affordable to a reasonable range of low-income Homebuyers.

The affordability restrictions may terminate upon occurrence of any of the following termination events: foreclosure, transfer in lieu of foreclosure or assignment of an FHA insured mortgage to HUD. The PRHFA would announce in the restrictive covenants that may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before the termination event, obtains an ownership interest in the housing.

The term of affordability shall be secured in the written agreements executed by the homebuyer and the PRHFA and enforced via deed restrictions separately recorded, and a soft second mortgage over the property. The restrictive deed of trust would be presented at the corresponding office of the Department of Justice Property Register for presentation, qualification and inscription.

The recorded restricted deed of trust would include the following covenants on the land in two instances: in the fee title simple and in the PRHFA direct mortgage that will secure the affordability period of the assisted housing.

(1) The housing must be the principal residence of the family throughout the affordability period established in the recorded deed. The Homebuyer would not rent the dwelling or use it in any
other manner than the principal residence of the family.

(2) The Homebuyer must meet the affordability requirements for not less than the applicable period specified in the previous table, beginning after project completion.

(3) Refinancing of the first mortgage would be allowed if two of the following conditions are met:

(a) That the dwelling unit has been continuously occupied by the Homebuyer;

(b) That the funding raised by the mortgage refinancing would be used for HOME improvements, approved by the HOME Program and that no cash will be used for other means;

(c) That the refinancing would improve the current mortgage payment, either lowering the monthly installments, interest rate or maturity term.

(4) The PRHFA would conduct periodic inspections on the HOME assisted housing during the affordability period to verify program compliance.

(5) Resale of the property should be authorized in advanced by the PRHFA, and such offering should be made only to a buyer whose family qualifies as a low-income family and will use the property as its principal residence. The resale price should provide the original HOME-assisted owner a fair return on investment. The homebuyer’s fair return on investment will be based in the percentage change of Puerto Rico’s Consumer Price Index (CPI, as published by the Puerto Rico Department of Labor and Human Resources) over the period of ownership. Capital improvements will be valued based on actual costs of the improvements as documented by an appraisal. Any improvements on the property will require written consent from the PRHFA.

(6) Additionally, any approval of improvements on the property will require the submission of quotes from a valid contractor. The housing will remain affordable to a reasonable range of low-income Homebuyers.

(7) The HOME equity, other than homeowner's investment and any capital improvement, and any increase in the appraised value of the property should be kept in the property, to help meet the affordability criteria for the new Homebuyer.

(8) The property must be sold to a homebuyer complying with the following criteria: A price that is affordable to a family below 80 percent of the median income of Puerto Rico at the time of the transaction that will pay no more in PITI (the sum of loan payments of principal and interest, taxes and insurance) than 30 percent of annual (gross) income or depending on compensatory factors.

(9) The affordability restrictions may terminate upon occurrence of any of the following termination events: foreclosure, transfer in lieu of foreclosure or assignment of an FHA insured mortgage to HUD.

(10) PRHFA may use purchase options, rights of first refusal or other preemptive rights to purchase the housing before foreclosure to preserve affordability. The affordability restrictions shall be revived according to the original terms if, during the original affordability period, the owner of record before
the termination event, obtains an ownership interest in the housing.

**Puerto Rico Housing Finance Authority – HTF Recapture Provisions**

The affordability restriction running with the deed will ensure that all of the HTF assistance to the homebuyer is recuperated. Recapture provisions will ensure that the property remains the beneficiary’s principal residence for the term of the affordability. Thus, in case the recapture restriction is triggered, the PRHFA will recapture the entire amount of the HTF investment (net proceeds available from sale). Net Proceeds are defined as the sales price minus superior loan repayment and any closing costs. The PRHFA will not recapture more that is available from the net proceeds of the sale.

In the case of an investment from the homebuyer, in the form of additional funds for down payment and the amount of capital improvements, such amount could be recovered by the homebuyer if net proceeds are enough to cover the HTF-assistance. Thus, net proceeds will first cover the HTF assistance, secondly, any initial investments from the homebuyer and finally any surplus will be shared between the PRHFA and the beneficiary.

The PRHFA will share any net proceeds if the net proceeds are not sufficient to recapture the full HTF assistance plus enable the homeowner to recover the amount of the homeowner’s down payment and any capital improvement investment made by the owner since purchase, the grantee may share the net proceeds. The net proceeds are the sales price minus loan repayment (other than HTF funds) and closing costs. The net proceeds may be divided proportionally as set forth in the following mathematical formulas:

\[
\frac{\text{HTF investment}}{\text{HTF investment} + \text{homeowner investment}} \times \text{Net proceeds} = \text{HTF amount to be recaptured}
\]

\[
\frac{\text{homebuyer investment}}{\text{HTF investment} + \text{homeowner investment}} \times \text{Net proceeds} = \text{amount to homeowner}
\]

If net proceeds are not enough to cover HTF assistance, then the homebuyer will not recuperate their investment. Capital improvements will be defined as any structural improvement made to the property that increased the unit’s value and be explicit in the appraisal. A capital improvement is the addition of a permanent structural change or the restoration of some aspect of a property that will either enhance the property’s overall value, increase its useful life or adapt it to new uses. This type of improvement, according to the Internal Revenue Service (IRS), must have a life expectancy when installed of more than one year.

Examples:

- Must fix some defect or design flaw.
- Must substantially improve the value of a property.
- Must become a permanent part of the property so that removal would cause some impactful damage to the property.
- Must be added with the intention of becoming a permanent part of the property or asset.

The IRS makes a distinction between capital improvements and repairs, which cannot be included in a property's cost basis. Repairs done as part of a larger project, such as replacing all of a home's windows, do qualify as capital improvements. Repairs that are necessary to keep a home in good condition, however, are not included if they do not add value. Examples of such non-qualifying repairs, according to the IRS, include painting, fixing leaks or replacing broken hardware.

The PRHFA will share any appreciation in the value of the HTF-assisted unit with the homebuyer. Any amount in excess of net proceeds (surplus) will be shared on equal basis between the PRHFA and the program beneficiary (50% retained by the PRHFA and 50% to beneficiary). Such surplus will be treated as Program Income.

The affordability restrictions will not run against the developer’s subsidy; hence, only direct subsidy is subject to recapture. Direct subsidy is the amount of HTF assistance- including any program income- that enabled the homebuyer to buy the unit (down payment, closing costs, interest subsidies, or other HTF-assistance). The direct subsidy also includes any assistance that reduced the purchase price from fair market value to an affordable price. Recaptured funds will be used in HTF eligible activities.

The HTF-assisted units must meet the affordability requirements for no less than the applicable period specified below, beginning after project completion or occupancy, whichever is last. Particularly, for rehabilitation and construction projects completion will be evidenced by the use and occupancy permit. For rental projects completion will be evidenced when the construction is finished. For homebuyer sales projects completion will be evidenced when the last unit is sold. If the homebuyer transfers the property, either voluntary or involuntarily, during the period of affordability, the PRHFA will recover all the HTF assistance from the net proceeds.

The aforementioned affordability period requirements are enforced through a written agreement executed by the homebuyer and the PRHFA, and will be enforced via deed restrictions separately recorded, and a soft second mortgage over the property. The time limit for such lien will be determined by the amount of the subsidy granted by the State HTF Program, as shown in the above table.

The PRHFA will only approve refinancing for better rate and terms of the first mortgage, and immediate property repairs or improvements. Such approval requires the expressed written consent of PRHFA. The
PRHFA will not approve debt consolidations or ‘cash-out’ refinance (other than for a nominal cash remainder that may be result from the adjustment of a closing date, etc.). Assisted households wishing to do a cash-out refinance during the affordability period should expect to repay the HTF-assistance.

HOME PROGRAM

1. DESCRIBE THE STATE PROGRAM (HOME) ADDRESSED BY THE METHOD OF DISTRIBUTION.

The PRHFA will receive $13,372,676 in HOME funds for PY 2022. All resources will be allocated to provide incentives for meeting the goal of developing and supporting 104 affordable rental and 60 homeownership housing units. This will be achieved through the Homebuyer Assistance, Rehab or New Construction by Owner, Rehabilitation or New Construction for Multifamily Rental Development and Tenant-Based Rental Assistance (TBRA). These eligible costs include site improvements, conversion, demolition, and other expenses such as financing costs and relocation expenses of displaced persons, families, businesses, or organizations. Funds from previous years will also be allocated to provide down payment assistance to homebuyers. Housing must be permanent or transitional and serve both low and very low-income families, according to the applicable qualifying standard associated to each activity. The distribution of HOME funds for PY 2022 is shown below:

<table>
<thead>
<tr>
<th>GRANT FUNDS BY ACTIVITY ALLOCATION FOR PY 2022</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assigned Budget:</td>
</tr>
<tr>

</tr>
<tr>
<td>Rehab or New Construction by Owner:</td>
</tr>
<tr>
<td>Tenant-Based Rental Assistance (TBRA):</td>
</tr>
</tbody>
</table>

2. DESCRIBE ALL OF THE CRITERIA THAT WILL BE USED TO SELECT APPLICATIONS AND THE RELATIVE IMPORTANCE OF THESE CRITERIA.

Following previous joint efforts and on-going initiatives, the Puerto Rico Housing Finance Authority (PRHFA) will make the activity of New Construction or Rehabilitation for Rental Housing Development under the HOME Investment Partnership Program (HOME) Action Plan (AP) a component of the forthcoming competitive process the Authority will issue. Following previous joint efforts and on-going initiatives, the HOME Program might combine or implement a consolidated application to include CDBG-DR, LIHTC, HTF or other sources of funds or new programs, combining the requirements, to promote the development of multifamily rental projects.
Outreach for program funds is based on the methodology for open market competition. A notice of available HOME funds will be published in a general circulation newspaper. The number, nature and location of public hearings will be announced in the Notice. Any interested qualifying parties may submit an application to finance their project. This process assures equal participation of any party in the affordable housing business.

Announcement and application: HOME will announce and publish in a general circulation newspaper the quantity of funds to be released and the proposal submission deadline. As mentioned, it is the discretion of the Authority, the announcement could be done in conjunction with other sources of funding or new programs (if available or once available) according to PRFHA Annual Plan and government Plan.

Interested applicants could obtain HOME information and application form at PRHFA’s office or its site, www.afv.pr.gov. The proponents must submit applications according to the corresponding procedures and deadlines.

Please note that it should be at PRHFA’s sole discretion to award Home funds to any Participant (which has requested or not HOME funds), based on the merits of the project, available funds, specific needs of the cycle, economic conditions, in order to promote the new construction/rehabilitation of low-income housing projects. This will also apply to projects requesting 4% tax-exempt bonds, where, depending of the merits and conditions of the project, HOME funds might be awarded. Although projects under the 4% tax-exempt bonds are not presently subject to a competitive cycle, HOME funds might be awarded. As of today, $670,828,935 (2019-2020) in Private Activity Bond Volume Cap-related 4% tax-exempt credits are available. Funds from year 2021 in the amount of $351,306,340 were requested but are pending as of today.

The public hearing is announced with the publication of the notice of availability of funds, inviting all interested parties to attend the conference in order to learn in advance about the requirements established to access all programs funds. Once the application dates are established, the proponents submit their applications in a competitive method, ensuring the fair and unbiased contracting procedure that allows a foremost opportunity of open competition and the absence of conflicts of interests. Because the method of distribution of the State HOME Program runs as a competitive process, the PJ cannot predict the geographic distribution of the assistance.

As presented earlier, the State HOME Program will allocate the amount of $13,372,676.00 for the eligible activities established in the 5YHS, amended accordingly to reflect funding changes and the needs and policy priorities announced in the State Housing Plan 2014-2018. Additional details are provided in the 2020-2024 Consolidated Plan and State Housing Plan. The method for distributing HOME funds to local governments, developers, CHDOs, minority groups, and small businesses will be through the submittal of an application.

The applications for housing construction and rehabilitation must benefit low and very low-income families. The subsidy requested should be enough, without exceeding the maximum per unit subsidy standards adopted by the State HOME Program. This will allow income eligible families to meet the eligibility requirements pursuant to 24 CFR 92.203. For rental projects, the proposal should allow renters to be eligible, through compliance of 24 CFR 92.216; and for Homeownership housing, the
The proposal should allow prospective homeowners to be eligible in compliance of 24 CFR 92.217, among other Federal requirements and the State HOME Program criteria.

The HOME Program designated employee will receive the applications and will refer them for the corresponding analysis. Upon completion of the analysis and taking into considering the recommendation of the Multifamily Manager, the HOME Program Director will approve which applicants comply with the minimum threshold requirements and therefore can proceed with the point ranking evaluation.

Applications requesting HOME funds will be evaluated based on joint rating factors. Those factors include but are not limited to local considerations and State HOME Program’s criteria, such as:

- project location;
- project characteristics;
- housing needs characteristics;
- project developer characteristics;
- financing characteristics; and
- supportive services.

Project Evaluation and Selection

To be considered for an allocation of HOME Funds, the applicant must submit a complete application with the following information and documents. Incomplete applications will not be accepted for evaluation or scoring.

Complete applications will be reviewed for compliance with the basic threshold requirements set forth below:

<table>
<thead>
<tr>
<th>BASIC THRESHOLD REQUIREMENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>Authority’s HOME Program application and inspection fees:</td>
</tr>
<tr>
<td>- CHDOs: $0.00</td>
</tr>
<tr>
<td>- ⅓ of 1% of requested amount; with a minimum payment of $2,500 and a maximum of $10,000. This is a non-refundable and non-transferable payment.</td>
</tr>
<tr>
<td>- $50 per HOME unit during the HOME compliance period. This amount will be due and payable by January 31 of each year.</td>
</tr>
</tbody>
</table>

2. Application’s Agreement and Certification was:

- Signed by the Owner, the President or Secretary of the General Partner.
- Person who signed is a duly authorized officer of the applicant (as evidenced by an applicable resolution).
- Document shows corporate seal (Please, make sure the seal is legible in digital documents).

3. Submitted certified copies of the organizational documents of all entities (for example: owner, general partners, sponsors, developer, officers, members, etc.) involved in the project, including:

a) Certificate of Incorporation (in USA and PR, as might apply) for the following entities: Owner,
BASIC THRESHOLD REQUIREMENTS

Developer, General Partner/Manager and Sponsor.

b) Articles of Incorporation for the following entities: Owner, Developer, General Partner/Manager and Sponsor.

c) Partnership (or Operating) Agreement of the entity to claim ownership of the Project (LP, LLC, etc.), as may apply, indicating cash contributions by the General Partner(s) and/or Limited Partner(s).

d) IRS form SS-4, Application for Employer Identification Number, or other evidence indicating taxpayer identification number for the following entities: Owner, Developer, General Partner/Manager and Sponsor.

e) Names, addresses and telephone numbers of officers, members, directors, principal stockholders or managing partner of the following entities: Owner, Developer, General Partner/Manager and Sponsor.

f) The owner, developer and their shareholders, directors, officers and partners, as applicable, with previous participation in the program, must demonstrate (through a certification letter from the Director of the Authority’s Audit and Compliance Department) that they comply with Section 42/HOME requirements and that, as of the most recent audit/compliance review, there is no outstanding finding of noncompliance (including any fees due to the Authority) in another project that received Tax Credits/HOME funds and in which they have an interest or participation.

g) Financial statements (updated within six months of the application) of the owner, developer, general partners, sponsors and principal officers of each entity. Financial statements will be audited if they belong to juridical persons; compiled or revised if they belong to natural persons. In case of for-profit, must evidence a combined net worth of all entities and natural persons involved in the ownership structure of the project (excluding actual or future limited partners and/or Tax Credit equity providers) equal to or greater than $500,000.00

h) Certificate of Authorization of US Foreign Limited Liability Company from PR Department of State (as it may apply) for the following entities: Owner, Developer, General Partner/Manager and Sponsor.

i) Good Standing Certificate (in USA and PR, as may apply) for the following entities: Owner, Developer, General Partner/Manager and Sponsor.

j) Company by-laws and internal rules for the following entities: Owner, Developer, General Partner/Manager and Sponsor.

k) Organizational chart of project structure identifying Owner, Developer, General Partner/Manager and/or Sponsor and any other related entity.

l) Certification attesting that Owner, Developer, General Partner/Manager and Sponsor or any grantee or contractor at any tier to any of the stated parties is not currently debarred, suspended or otherwise excluded from or ineligible for participation in federal assistance programs subject to 2 CFR part 2424 and are not included on the U.S. General Services Administration list of parties excluded from federal procurement and non-procurement programs.

The owner, developer, general contractor and their respective shareholders, directors, officers and partners, as applicable, must demonstrate via sworn statement (affidavit) that:
**BASIC THRESHOLD REQUIREMENTS**

- They have not been involved in any way (either personally or as shareholders, directors, officers, members or partners of a corporation, partnership or other form of business organization or joint venture) in any other project for which the Authority has provided any financing and /or grant (as lender, conduit, custodian of funds, or otherwise) and in which a default notice under the terms and conditions of the applicable financing documents has been issued and not cured. All previous must also evince via sworn statement that they have not been involved or are in any conflict of interest (fact or appearance) in any way (either personally or in any other juridical capacity) with the Authority or its employees. Any conflict of interest will immediately disqualify the applicant of any participation in the Authority/HOME programs.

- They have not been involved or are in any conflict of interests (fact or appearance) in any way (either personally or as shareholders, directors, officers, general contractors or partners of a corporation, partnership or other form of business organization or joint venture) with the Authority or its employees. Any conflict of interest will immediately disqualify the applicant with regard to any of the Authority's programs.

- Projected income & expenses schedule and a pro-forma cash flow, for the applicable compliance period, showing a feasible operation and certified by the proposed management agent.

- Designer’s Preliminary Opinion Letter with the Fair Housing Act Accessibility Requirements Checklist completed by the designer.

- Applicant demonstrates readiness to proceed, through submission of:
  - Certification of the percentage of construction completion prepared by the resident inspector and lender’s inspector for projects under construction. Both reports are required. (*Be advised that existing construction might affect the environmental review and eventual assignment of HOME Funds*).
  - Unexpired evidence of site control (99 years or more is required for lease contracts under HOME-AP).
  - Unexpired Construction Permit, Green Construction Permit or Notification of Construction Permit issued by the applicable permitting office and agencies endorsement letters, as applicable.
  - Written unqualified endorsement from the Mayor of the Municipality where the project will be located. The letter must indicate any other municipal assistance that the project will receive.
  - Technical Assistance or Final Determination Letter from the State Historic Preservation Office (36 CFR 800).
  - Wetland Inventory Map from the US Fish and Wildlife Service (Wetlands Protection-Executive Order 11990). The project location must be identified in the map. The project must be out of any wetland or a mitigation measure should have been completed and approved by the Corps of Engineers or the Department of Natural Resources.
  - FEMA Map (Floodplain Management Act (24 CFR 55, Executive Order 11988)

The project location must be identified in the NFIP map. The project must be located out of the 100-year floodplain, coastal high hazard areas and Floodways. If the project is located in the 100-year floodplain, an approved letter of map amendment (LOMA) or letter of map revision (LOMR) by FEMA must be submitted.
## BASIC THRESHOLD REQUIREMENTS

- **USFWS Map (Coastal Barrier Resources Act (24.CFR 58.6)(b)(2).** The project location must be identified in the map. Federal assistance may not use in the Coastal Barrier Resources System.

- **Certification of consistency filed with the State Coastal Management Program, if required.**

- **Technical Assistance or Final Determination Letter from the U.S. Fish & Wild Life Service-Department of Interior -(Endangered Species Act (50 CFR 402). The technical assistance shall indicate that no endangered species are affected by the project. If mitigation required as per Final Determination, must specify expected timeframe and cost for required actions.**

- **Noise Study for any proposed project of new construction, major rehabilitation, or conversion located:**
  - 1,000 feet of a major noise source, road or highway
  - 3000 ft. of a railroad; or
  - 5 miles of a civil airport

- **Archaeological, if required by the SHPO pursuant to its review under Section 106, or if required by the Institute of Puerto Rican Culture (ICP), or copy of the recommendation issued by the ICP as part of the construction permit consultancy process evidencing that the study is not required.**

- **Hydraulic/Hydrologic Study, if the project meets the conditions established under The Department of Natural and Environmental Resources' Administrative Order No. 2013-12, or a certification issued by a civil engineer attesting that the study is not required.**

- **Resumes, applicable licenses and contracts with the Development team in place:**
  - Architect/Designer
  - General Contractor
  - Resident Inspector
  - Management Agent
  - Consultant Agent

- **Final construction drawings and outline specifications certified by the licensed professional (project architect or engineer in charge of design) submitted to the competent permitting office.**

- **Construction cost breakdown (itemized schedule of values) that substantially conforms to form HUD 2328 (form not required), certified by the proposed general contractor or project designer.**

- **Conditional or firm financing commitment, specifying terms of each financing source. Projects with permanent financing other than the Authority’s will need a letter of intent from the financial institution. The letter should detail:**
### BASIC THRESHOLD REQUIREMENTS

- amount and term of the loan;
- fixed interest rate;
- non-recourse nature of the loan;
- amortization period;
- prepayment penalties; and
- agreements governing the various reserves which are capitalized at closing

**Phase I environmental assessment report.** (Must comply with ASTM E 1527-13 or any updated version promulgated by ASTM which meets the requirements of the EPA’s AAI regulations).

**Comprehensive market study report** by an Authority approved provider that is also unaffiliated to the developer *(prepared within six months of the application).*

**Appraisal report** of site and project performed by an Authority approved appraiser unaffiliated to the developer *(prepared within six months of the application).*

For rehabilitation and acquisition/rehabilitation projects, a comprehensive capital needs assessment report prepared by a licensed architect or engineer unaffiliated to the developer that includes: an opinion of proposed construction budget and assesses the condition, among other, of site, structural systems (roof, bearing walls and columns, foundations), plumbing systems, electrical systems, fire protection systems, building envelope and insulation, interiors (including units and common areas); and mechanical systems; in projects with more than 26 units, it must specify the remaining useful life of major systems; and paint testing and/or risk assessment report, for substantial rehabilitation projects.

**Site selection standards checklist** evidencing compliance with 24 CFR 983.57(e).

**Project timeline** for project activities including specific benchmarks for acquisition, assembly of the development team, completion of plans and specifications, completion of financial approvals, municipal approvals, building permits, project construction start date, completion date and the estimated date of lease-up.

**Certification by owner** attesting compliance with restrictions on real property acquisition or rehabilitation under the URA, and 49 CFR 24.101(b).

**Letter of intent** to sign the Land Use Restrictive Covenant Agreement for the HOME program, including: designation of HOME-assisted units (24 CFR 92.252(j)); occupancy of assisted units (24 CFR 92.216(a) and 92.252(a) and (b)); initial and ongoing rent restrictions (24 CFR 92.252(a) through (c) and (f)); tenant eligibility (24 CFR 92.203 and 92.252(h) and (i)); and period of affordability (24 CFR 92.252(e)).

**Certification from applicant** as to Federal, State, or Local subsidies received or expected to be received for the development and operation of the project. If executed, copies of subsidy/grant contracts or commitment letters must be submitted with the application.
### BASIC THRESHOLD REQUIREMENTS

If the project has, or will have, Federal, State, or Local subsidies copies of the contracts or firm commitment letters must be attached to the owner’s subsidy certification, as applicable.

Detail sources and uses of funds schedule and projected cash flow during construction period.

### ADDITIONAL TRESHOLDS REQUIREMENTS

1. "Non Profit Organizations (NP) requesting funds from the Community Housing Development Organization (CHDO) Set-Aside must file an independent application to be certified as an organization within the meaning of 24 CFR 92.2, Subpart A, and comply with the following requirements:

The NP is organized under State or local laws, as evidenced by a Certificate of Organization issued by the State Department.

No part of its earnings, inure to the benefit of any member, founder, contributor, or individual as evidenced by its Articles of Incorporation.

Evidence that it is a qualified organization by including copy of the IRS document designating the NP as a 501(c)(3) or 501(c)(4) entity; is classified as a subordinate of a central organization non-profit under section 905; or is a wholly-owned entity that is regarded as an entity separate from its exempted owner for tax purposes.

The NP is not affiliated with or controlled, nor receives direction from individuals, or entities seeking profit from the organization.

Evidence that the NP has among its purposes the provision of decent housing that is affordable to low and moderate-income people.

Evidence that the NP conforms to the financial accountability standards of 24 CFR 84.21, "Standards for Financial Management Systems".

Evidence of demonstrated capacity for carrying out activities assisted with HOME funds; and that the NP has a history of at least one year of serving the community within which housing to be assisted with HOME funds is to be located.

The NP maintains at least one-third of its governing board's membership for residents of low-income community residents or elected representatives of low-income neighborhood organizations or, if chartered by a State or local government or sponsored or created by a for-profit organization, complies with applicable membership restrictions; and provides a formal process for low-income beneficiaries to advise on its activities regarding affordable housing projects.

If the owner, developer or sponsor applies under the Authority's HOME program Community Housing Development Organization (CHDO) set aside must include evidence of such application meeting the requirements in 24 CFR 92.300(a)(2) to (4), as applicable.
### BASIC THRESHOLD REQUIREMENTS

Projects financed by Rural Housing Services/ HUD 202 Program or any other federal, state or local program funding-source not included under the NOFA must submit reservation or commitment letter with the application. The letter must identify the funding amount.

Affirmative Fair Housing Marketing Plan.

Projects with tax exempt financing, certifications from: financing institution stating the tax exempt status of the obligations to be issued to finance the Project, and Owner’s Tax Attorney and/or CPA opinion regarding this matter.

The initial basic qualifications will be evaluated by PRHFA. If the project do not meet requirements for completeness, the applications will not be received. If received, only those applications that meet the joint basic threshold requirements and qualifications would be further considered for evaluation under joint the Point Ranking System.

### Point Ranking System

The HOME Program Director will approve which applicants comply with the minimum threshold requirements based on the recommendation of HOME Multifamily area and therefore can proceed with the point ranking evaluation. PRHFA will consider qualified applications for HOME Funds after a project satisfies all basic threshold requirements, using the Point Ranking System established hereinafter to determine the allocation of HOME Funds. The project can accumulate up to 100 points on the Point Ranking System and a minimum of 30 points to be further considered for an allocation of HOME Funds.

The Authority reserves the right not to reserve or allocate HOME funds to any applicant, regardless of that applicant’s point ranking, if the Authority determines, subject to program requirements, that a reservation is not in line with the purpose and goals of the State Housing Plan or this Action Plan; the applicant’s proposed project is not financially viable; there is not a substantial likelihood that the project will be able to execute in a timely manner; or the project do not comply with any other applicable requirement. The information that might be weighed to make such determination includes, but is not limited to, comments of officials of local governmental jurisdictions, the market appropriateness of the project, market's information other than the submitted market study, and the prior experience of sponsor or its representatives with multifamily projects.

Every sponsor, developer, owner, or consultant attests to the correctness of the information provided as a condition to rank the project’s application according to the Point Ranking Criteria. Failure to uphold the information submitted or the representation made to support the application’s evaluation and ranking throughout the allocation process will result in a finding of noncompliance and limited participation in further rounds for every person, developer, owner or
consultant which participates in the project's application. The Authority might pursue any other available or enforceable remedies under federal or state laws, regulations and or any applicable professional code of ethics.

<td></td>
<td></td>
</tr>
</tbody>
</table>

**Documentation required:** map certified by a licensed land surveyor attesting to location of facilities and distance along a walkable public pathway or roadway between the project’s main pedestrian entrance and the public entrance to any target facility. If close to more than one installation belonging to the same type, only one point will be awarded. In case of a scattered-site project, distance will have to be certified from the nearest point of the closest building in the project. Amenities must also be referenced by the market study.
| Gas station. | -1 |
| Auto repair, paint or tire repair shop. | -1 |
| Woodworking shop. | -1 |
| Unabated nuisance, as declared by a Municipality. | -1 |

**Documentation required:** map prepared by a licensed land surveyor certifying due diligence by identifying any of the listed nuisances within the established distance measured along the shortest straight line between the project lot and the nuisance property. In case of a scattered-site project, the distance will have to be certified from the closest point of the project’s lot closest to the identified nuisance.

## II Project Characteristics

### II.1 Infill or nuisance

Projects will be awarded one point if proposed to develop an infill site or a site expropriated as part of a nuisance abatement process; and one additional point, up to 5 points, for each non-contiguous infill site or expropriated as part of a nuisance abatement process that is incorporated into a scattered-site project, located within an area with a radius no larger than one-quarter mile. An infill site shall be defined as a site that is bound on all except one of its sides, or two of its sides in case of a corner-type property, by adjoining built-up properties, and that has immediate access to existing public infrastructure of roads, water, sewer, and power.

**Documentation required:** aerial photograph for each infill site showing adjoining properties; cadastral numbers of properties; nuisance abatement completed by Municipality supported by property deed and certification provided by Municipality.

### II.2 Historic property

A substantial rehabilitation project site is located in or incorporates a state designated historic property, federally designated historic place or a contributing resource to a federally designated Historic District.

**Documentation required:** Act citation or Planning Board’s Resolution number and date in case of state designated properties; listing in the National Register of Historic Places, in case of federally designated properties; State Historic Preservation Office’s (SHPO) certification of contributing resource.

### II.3 Adaptive reuse

The residential use is an adaptive reuse of an existing non-residential property.

**Documentation required:** appraisal certifying present land use of the property.

## II.4 Site Characteristics

### II.4.1 Mobility

Projects (or the totality of the building sites, in the case of scattered-site projects), that incorporate improvements aimed at facilitating the mobility of its residents and promoting public transportation will be awarded up to 4 points, as follows:

- The project provides an accessible and dedicated pedestrian network within the project site to connect the building(s) main pedestrian entrance(s) with egress points on all property sides adjoining a public street.

**Documentation required:** site plan certified by the project’s designer identifying the proposed improvements.

- Provided it is not required by a competent authority as an off-site improvement, the project includes the construction or rehabilitation of all non-conforming sidewalks in the perimeter of the project site adjoining a public roadway, in compliance with applicable accessibility standards and local codes.
### II.4 Urban Considerations

A proposed development that strengthens and improves the neighborhood’s general urban character may be awarded one point for each one of the following criteria, up to 5 points, as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>The project achieves the maximum allowable gross floor area, housing density and/or height under applicable code provisions.</strong></td>
<td>1</td>
</tr>
<tr>
<td><strong>The parking spaces and service areas are screened from any public sidewalk or roadway by green hedges, fences or walls with a void-to-solid area ratio of 1 or less.</strong></td>
<td>1</td>
</tr>
<tr>
<td><strong>The building(s) main entrance(s) open(s) to the sidewalk of an adjoining public roadway.</strong></td>
<td>1</td>
</tr>
<tr>
<td><strong>The commercial spaces offered to the project tenants serve the general public and can be directly accessed from a public space.</strong></td>
<td>1</td>
</tr>
</tbody>
</table>
## Point Ranking Evaluation

### Score

**Documentation required:** entry-level floor plan certified by the project's designer identifying commercial spaces and access from a public space; deed identifying commercial use.

The project dedicates an open garden or plaza to public use connected to or adjoining a sidewalk or roadway.

**Documentation required:** site plan certified by the project's designer identifying public space, area and relation to a sidewalk or roadway; documentation supporting property dedication to public use.

<table>
<thead>
<tr>
<th>II.5 Building Characteristics.</th>
<th>Up to 10 pts</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>II.5. Unit Mix.</strong> Projects might earn up to 2 points for a unit mix preferring 2-bedroom units as follows:</td>
<td>Up to 2 pts</td>
</tr>
<tr>
<td>75% or more non elderly 2-bedroom units</td>
<td>2</td>
</tr>
<tr>
<td>50% or more non elderly 2-bedroom units</td>
<td>1</td>
</tr>
<tr>
<td><strong>Documentation required:</strong> floor plans certified by the project's designer; project pro-forma.</td>
<td></td>
</tr>
</tbody>
</table>

| II.5.2 Accessibility. Exceeding the allocation required under 24 CFR 8.22(b), projects could earn up to 3 points for the amount of fully accessible units for mobility disabilities (compliant with requirements applicable to Type A dwellings as defined under section 1003 of ICC ANSI A117.1 (2009)), as follows: | Up to 3 pts |
| At least 20% of total units are fully accessible units for mobility disabilities. | 3 |
| At least 15% of total units are fully accessible units for mobility disabilities. | 2 |
| At least 10% of total units are fully accessible units for mobility disabilities. | 1 |
| **Documentation required:** floor plans and elevations certified by the project's designer showing accessibility features; designer's certification of compliance; designer's opinion letter specifying compliance; affirmative marketing plan in provided Fair Housing format. |

<p>| II.5.3 Building Amenities. Projects will be awarded one point, up to 5 points, for each one of the following building or unit features benefiting all units and, if applicable, not required by code or a permit authority: | Up to 5 pts |
| Centrally located courtyard or patio with an area of no less than 30 sq. ft. per unit directly accessible from the main entrance(s) of the building(s). | 1 |
| Community or meeting center with and area of no less than 15 sq. ft. per unit, with kitchen and public bathrooms. | 1 |
| Open balcony in each unit with an area of no less than 24 sq. ft. | 1 |
| Equipped exercise room or rooms with an aggregate area of no less than 300 sq. ft. | 1 |
| Common laundry or laundries equipped with at least a washer-dryer pair per 15 units or washer/dryer combo provided in each unit. | 1 |
| Equipped playground outdoor area with visual control from the main entrance. | 1 |
| Night shift security guard. | 1 |
| Trash chutes (for mid or high rise facilities). | 1 |
| Storm windows or shutters in all units. | 1 |</p>
<table>
<thead>
<tr>
<th><strong>II.6</strong> Innovative Design. The Authority favors projects that advance the State Housing Plan’s policy that seeks to identify, adopt and implement design, construction and rehabilitation standards and technologies that are appropriate for the Island’s climate, aimed at reducing construction costs and promoting energy efficiency.</th>
<th>Up to 14 pts</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>II.6.1</strong> Cost Containment. The Authority’s total development cost for new construction averages close to $232,504 for non-elderly units and $180,632 for elderly; substantial rehabilitation averages close to $167,552 and $130,771, respectively. Projects that demonstrate the capacity to effectively curb costs while complying with applicable standards, threshold requirements and minimum scoring, might earn up to 5 points, as follows:</td>
<td>Up to 5 pts</td>
</tr>
<tr>
<td>1. Total development cost per unit more than 20% below the applicable benchmark.</td>
<td>5</td>
</tr>
<tr>
<td>2. Total development cost per unit more than 15% below the applicable benchmark.</td>
<td>3</td>
</tr>
<tr>
<td>3. Total development cost per unit more than 10% below the applicable benchmark.</td>
<td>1</td>
</tr>
<tr>
<td><strong>Documentation required:</strong> construction cost breakdown (itemized schedule of values) that substantially conforms to form HUD 2328, certified by the proposed general contractor or project designer; project development costs; construction cost estimate prepared and certified by a third-party (licensed architect or engineer, Professional Cost Estimator or a Certified Cost Professional); Sources and Uses of Funds; required fees to cover the Authority’s third-party assessment of proposed cost estimates.</td>
<td></td>
</tr>
<tr>
<td><strong>II.6.2</strong> Energy Efficiency. Projects might earn up to 9 points by advancing energy efficiency and green design best-practices and protocols, as follows:</td>
<td>Up to 9 pts</td>
</tr>
<tr>
<td>1. A point each will be awarded for any project that specifies and factors in the initial costs of any the following:</td>
<td>Up to 5 pts</td>
</tr>
<tr>
<td>2. All appliances initially placed in common areas and apartments, and/or building envelope products (specifically: refrigerators, bath fans, clothes washers-dryers, and/or windows, doors, and skylights), as well as their replacement are specified to be Energy Star-qualified.</td>
<td>1</td>
</tr>
<tr>
<td>3. Kitchen range directly vents to exterior and all hoods vent to the exterior tampered; Energy Star qualified bath fan where required with timer or humidistat.</td>
<td>1</td>
</tr>
<tr>
<td>4. Energy Star qualified light fixtures throughout.</td>
<td>1</td>
</tr>
<tr>
<td>5. All initial water conserving appliances and fixtures and their on-going replacements conform to or exceed the EPA’s Water Sense standards for toilets, kitchen faucets, bathroom faucets, and showerheads.</td>
<td>1</td>
</tr>
<tr>
<td>6. Recycling space and equipment, including recycling bins for each apartment.</td>
<td>1</td>
</tr>
<tr>
<td><strong>Documentation required:</strong> architectural drawings specifying spaces, equipment and/or systems required; designer’s certification of compliance; construction cost estimates identifying initial cost of equipment; proposed covenant provision for on-going replacements adopting most current program standard.</td>
<td></td>

<td>1</td>
</tr>
</tbody>
</table>
### IV Project Developer Characteristics

**IV.1 Experience.** Developer, General Partner or Managing Partner can demonstrate successful record and full compliance participating in same capacity in the development of Tax Credit projects in Puerto Rico. Up to 6 points, a point will be awarded for each documented project, up to a maximum of 3 projects, for each one of the following comparable characteristics:

- If proposing to use only HOME, project demonstrating utilization of HOME program or in combination with other programs; if proposing to use HOME in combination with any other federal or state program, project utilization of HOME combined with Tax Credits, project-based rental assistance or another federal or state program subsidizing development costs, long-term operations or providing long-term rental assistance.
- Similar or deeper share of income targeted populations.

**Documentation required:** Copy of IRS form 8609 for LIHTC projects; relevant project documentation; letter certifying compliance issued by the Authority or the Department of Housing.

**Up to 9 pts**

### IV.2 Financial Strength.** Developer, general partner and manager partner have:

- Combined current liquid assets equivalent to the greater of one million dollars ($1,000,000) or 5% of the total development costs. **2 pts**

  **Documentation required:** Compiled or revised financial statements certified by a licensed accountant; sources and uses of funds.

- Combined net worth equivalent to the greater of three million dollars ($3,000,000) or 15% of total development costs. **1 pt**

  **Documentation required:** Compiled or revised financial statements certified by a licensed accountant; sources and uses of funds.

**Up to 3 pts**

### V Financing Characteristics

**V.1 Funds Leveraging.** The leveraging of capital funding from public grants or non-financing sources, other than those being managed by the Authority, the Department of Housing or the Municipalities is encouraged by awarding a project up to 5 points as follows:

- At least 15% of the total development cost covered by other sources of public funding. **5 pts**

  **Documentation required:** Sources and uses of funds; binding commitment, agreement or award documentation.

- At least 10% of the total development cost covered by other sources of public funding. **3 pts**

**Up to 5 pts**

**V.2 Local Government Funding.** Up to 5 points are awarded for projects that leverage local government capital funding through cash contributions, land donated or discounted, site or off-site improvements, grants, or a municipal construction tax abatement which is granted to the project and is not available under a local or state statute of general application, with a total value of:

- At least 5% of the total development cost. **5 pts**

- At least 3% of the total development cost. **3 pts**

**Up to 5 pts**

<thead>
<tr>
<th>VI</th>
<th><strong>Supportive Services</strong> Up to 5 pts</th>
</tr>
</thead>
<tbody>
<tr>
<td>VI.1</td>
<td><strong>Supportive Services.</strong> To advance the public policy of the State Housing Plan to increase the provision supporting services by integrating agencies that provide these services and coordinate their actions to support permanent housing for populations with special needs, any project might earn up to 5 points for sustaining a funding allocation for the provision of supportive services of the type: 1) authorized under a federally subsidized program and that can be funded with resources obtained directly as a grantee in competitive or demonstrative grants, or as a recipient of any admissible operational assistance (i.e., CoC, VASH, GPD, SSVF, Veteran Per Diem, CDBG, HOPWA, FSS Program, etc.), or indirectly as sub-grantee or provider, or by contracting the services of a sub-grantee or provider, of any state or municipally managed program (i.e., ADFAN’s CSGB, VRA’s Independent Living, ASSMCA’s Homeless and Chronic Mental Health, ADFAN’s Adult and Person with Disabilities Services, Medicaid’s Home and Community-Based Service Waivers, among others); or 2) contracted for a certified Assisted Living facility under Act 244-2003, as follows:</td>
</tr>
<tr>
<td></td>
<td>Up to 5% of the project’s annual operational cost for the length of the compliance period of affordability.</td>
</tr>
<tr>
<td></td>
<td>Up to 3% of the project’s annual operational cost for the length of the compliance period of affordability.</td>
</tr>
<tr>
<td></td>
<td>Up to 1% of the project’s annual operational cost for the length of the compliance period of affordability.</td>
</tr>
</tbody>
</table>

**Documentation required:** Pro-forma; agreement provisions specifying operational budget commitment; if available, binding commitment, agreement or award documentation. On-going compliance will have to be demonstrated through: financial reporting evidencing compliance with funding commitment; and supporting documentation of managed, contracted or purchased services funded or authorized by any federally subsidized program; relevant reporting under Act 224-2003.

<table>
<thead>
<tr>
<th>VII</th>
<th><strong>Tie-Breaking Criteria</strong></th>
</tr>
</thead>
</table>
An applicant may submit a written petition for reconsideration to the Executive Director of the Puerto Rico Housing Finance Authority (PRHFA) within ten (10) calendar days after the notification by mail of the letter denying the application. A copy of the petition for reconsideration must be filed with the PRHFA HOME Program.

The PRHFA shall consider the petition for reconsideration within ten (10) calendar days of filing. If the PRHFA makes a determination upon the merits of the petition for reconsideration, the term to petition for judicial review shall commence as of the date of the notification by mail of the final determination. If the PRHFA takes no action with respect to the petition for reconsideration within ten (10) calendar days of filing, the petition for reconsideration shall be deemed to have been denied outright and the term for judicial review shall commence to run as of that date.

An applicant adversely affected by a decision of the PRHFA, may present a petition for review before the Court of Appeals within ten (10) calendar days after the notification by mail of the letter denying the application, or within ten (10) calendar days after the expiration of the term provided to the PRHFA to consider the petition for reconsideration.

The filing of a petition for reconsideration or a petition for judicial review shall not stop the PRDOH allocation of HOME Funds to successful applicant. The reconsideration and judicial review procedure provided herein shall be the exclusive proceeding to review the merits of a decision of the PRHFA regarding the allocation of HOME Funds pursuant to this Action Plan. Other regulations regarding formal or informal adjudicatory proceedings before the PRHFA are not applicable to HOME Funds allocation decisions.

Selection and notification (conditional): HOME will evaluate the projects according to their specifications, available funds, and their best use. A written notice will be sent to all proponents indicating whether they were selected or not, the results of the threshold evaluation and the score assigned to their proposals. The notice will not confirm the assistance amount and MUST be considered conditional in nature and pending the determinations of the subsidy layering and other reviews of the project.

3. **IF ONLY SUMMARY CRITERIA WERE DESCRIBED, HOW CAN POTENTIAL APPLICANTS ACCESS APPLICATION MANUALS OR OTHER STATE PUBLICATIONS DESCRIBING THE APPLICATION CRITERIA? (CDBG ONLY)**
4. DESCRIBE THE PROCESS FOR AWARDING FUNDS TO STATE RECIPIENTS AND HOW THE STATE WILL MAKE ITS ALLOCATION AVAILABLE TO UNITS OF GENERAL LOCAL GOVERNMENT, AND NON-PROFIT ORGANIZATIONS, INCLUDING COMMUNITY AND FAITH-BASED ORGANIZATIONS. (ESG ONLY)

Not applicable to the HOME Program - see ESG section Above.

5. IDENTIFY THE METHOD OF SELECTING PROJECT SPONSORS (INCLUDING PROVIDING FULL ACCESS TO GRASSROOTS FAITH-BASED AND OTHER COMMUNITY-BASED ORGANIZATIONS). (HOPWA ONLY)

Not applicable to the HOME Program - See HOPWA Section.

6. DESCRIBE HOW RESOURCES WILL BE ALLOCATED AMONG FUNDING CATEGORIES.

The information that follows presents a description of the HOME Program activities and the criteria used for the distribution of funds addressing the priority needs, specific objectives, and performance measurements mentioned above. The minimum investment required by HOME activity is $1,000 per unit.

**ACTIVITY NAME:** HOMEBUYERS ASSISTANCE  
**HOME Allocation:** $0.00 (served with funds available from previous years)

**Description:** The scope of this activity is to promote the acquisition of existing affordable housing for homeownership tenure; increasing the supply of safe, sound and sanitary dwellings available to low-income families and helping them to improve their quality of life.

**HOME** funds will be used to subsidized part of the down payment and closing costs to prospective homebuyers in order to reduce the monthly mortgage payments. The dwelling should met property standards set forth in CFR 92.251 and the homebuyer should met income targeting requirements set forth in sections 24 CFR 92.203 (income determination) and 24 CFR 92.217 (income targeting: Homeownership).

Permanent financing would be secure through a private financial institution or the Puerto Rico Department of Housing. The subsidy per family is up to $45,000.00.

Nevertheless, the amount of the subsidy to be awarded could be higher if the subsidy layering analysis done to the family in compliance with 24 CFR 92.250(b), justify a higher subsidy.

On this basis, the Government Program will be able to consider the approval of individual homebuyer activity with a sale price up to the Homeownership Sales Price Limits published by
HUD for every Municipality yearly. This value varies in each publication and depending on the property’s location.

In order to qualify as a homebuyer, the applicant should meet the criteria mentioned below:

a. To qualify as a low income family in the municipality where he/she is interested in purchasing the housing unit. Eligible families are Section 8, public housing, private tenants and married or unmarried couples looking to relocate because of marriage or job replacement. We encourage single parents, handicapped and elderly looking for secure housing opportunities. Income eligibility will be determined using Annual Gross Income as defined in 24 CFR Part 5. We also encourage occupation in Projects financed by the Puerto Rico Department of Housing if of any interest by the solicitors of the Home Program.

b. To look into the housing market and request a sale offering from the owner seller once the family has decided on a property.

c. To request a pre-qualification from a mortgage bank, calculating the equity available for down payment, the amount of Home funds needed for down payment assistance and the monthly mortgage.

d. To obtain the final eligibility and subsidy analysis form the Commonwealth Home Program, in order to obtain the final program commitment. Individualized analysis and criteria per family will take place in this step.

e. To qualify in the Home Program solicitors must be living in Puerto Rico for at least one year and the head of household and co-head must be American Citizens.

f. The homebuyer will execute a lien through covenants running with the property and deed restrictions for the affordable period, calculated for funds invested in the unit. The share will be secure in compliance with section 24 CFR 92.254 (affordability terms). HOME assistance could be matched with any other state, federal or municipal subsidy.

**ACTIVITY NAME:** REHAB OR NEW CONSTRUCTION BY OWNER

**HOME Allocation:** $0.00 (served with funds available from previous years)

**Description:** The scope of this activity is to promote the rehabilitation of a substandard Homeowner unit, or the replacement of such unit if it is unsound or represents an environmental hazard, in compliance with the state and local codes. This would maintain the existing housing stock for Homeownership tenure, increase the supply of safe, sound, and sanitary dwellings available to low and very-low-income families, and help them improve their quality of life. In order to meet the activity objective, the Commonwealth HOME Program will receive applications that comply with the state and local codes and under the following criteria:

a. Very Low- and Low-income families with preference to families displaced by natural disasters, for example hurricanes, tropical storms and earthquakes, people over 65 years old and people with special health conditions (debridden).

b. In the case of minor or specialty repair if they are required to bring units up to applicable codes and standards and comply with minimum investment thresholds per HOME-assisted unit in a project;

c. Moderate and substantial rehabilitation, which include rehabilitating all items that do not

43
meet code or may involve substantial repairs throughout the home in order to bring it up to code and to improve the overall livability and functionality of the unit, given that subsidy limits established by Home are not exceeded (221 (d) (3).

d. Noncompliance of Section 8- Housing Quality Standards;

e. Structural deterioration of the dwelling, for instance: current rehabilitation will exceed 25% cost of the unit;

f. Architectural barrier removal for persons with physical impediments that need reasonable accommodation.

g. Construction of additional bedrooms to clear overcrowding.

h. The homebuyer will execute a lien through covenants running with the property and deed restrictions for the affordable period, calculated for funds invested in the unit. The share will be secure in compliance with section 24 CFR 92.254 (affordability terms). HOME assistance could be matched with any other state, federal or municipal subsidy.

i. To qualify in the HOME Program, solicitors must residents of Puerto Rico and the head of household and co-head must be American Citizens.

j. Any reconstruction may not be greater than the Homeownership Sales Price Limits under 1 unit new construction values per Municipality.

k. All Properties to be eligible must be 1 unit.

Very Low and Low-income families will receive a grant from the Commonwealth HOME Program depending of the number of bedrooms for the rehabilitation of the dwelling.

The property may not have any lien on the title. The title must be under the name of the Home program participant(s).

Any additional cost beyond the subsidy limit needed to complete the rehabilitation of the HOME would be obtained by the participant.

**ACTIVITY NAME:** REHAB OR NEW CONSTRUCTION FOR MULTIFAMILY RENTAL DEVELOPMENT  
**HOME Allocation:** $12,035,408

**Description:** HOME funds will be distributed as a grant to provide incentives or a direct loan to developers in order to reduce financing expenses in the construction loan. The rental construction, rehabilitation, or conversion will be carried out in compliance with sections 24 CFR 92.205 (eligible activities), 92.206 (eligible project costs), 24 CFR 92.251, state and local construction codes, among others. Eligible project costs will be evaluated by the HOME staff, with the Reasonable Cost Certification issued by the HOME Program. The amount of the subsidy to be awarded will be granted after the subsidy layering analysis is done to the project in compliance with 24 CFR 92.250 (b).

For rental housing, 90 percent of the occupants of HOME-assisted rental units must have incomes that are 60 percent or less of the area median; and 20 percent of the units in each rental housing project of five or more units must be occupied by tenant families with incomes at or below 50 percent of median income.
Enforcement of the affordability period, rent and occupancy requirements will be secured through covenants running with the property and deed restrictions. Covenants and deed restrictions may be suspended upon transfer by foreclosure or deed-in-lieu of foreclosure. Every HOME-assisted unit is subject to rent limits designed to help make rents affordable to low income households. These maximum rents are referred to as “HOME Rents.”

The PRHFA will annually announce the maximum monthly rents approved by HUD, as well as disclose the utilities allowances for HOME-assisted rental projects.

There are two HOME rents applicable to the HOME program:

High HOME Rents: Maximum HOME rents are the lesser of: the Section 8 Fair Market Rents (FMRs) (or area-wide exception rents) for existing housing; OR thirty (30) percent of the adjusted income of a family whose annual income equals 65 percent of median income.

Low HOME Rents: For properties with five or more HOME assisted units, at least 20 percent of HOME-assisted units must have rents which are no greater than:

- Thirty (30) percent of the tenant’s monthly adjusted income, or thirty (30) percent of the annual income of a family, whose income equals 50 % of median income (Low HOME Rent), or if a project has a Federal or Commonwealth project-based rental subsidy and the tenant pays no more than 30 percent of his or her adjusted income toward rent, the maximum rent may be the rent allowable under the project-based rental subsidy program.
- Rental developers are advised that the payment standard applicable to the HOME Program is the High or Low HOME rent established by HUD for the market areas defined in Puerto Rico. The payment standard includes the utilities that should be paid by the landlord. In case the tenant pays any of these utilities, the contract rent executed by the tenant should discount the amount paid for such utilities. The HOME Program will use the utilities adopted by the PRDOH Section 8 Program.
- This activity significantly boosts the housing construction industry by developing new rental housing Island-wide.

**Activity Name:** TENANT-BASED RENTAL ASSISTANCE (TBRA) (NUEVO COMIENZO)

**HOME Allocation:** $0.00 (served with funds available from previous years)

**Description:** Assistance from 12 to 24 months in rental vouchers with preference to families displaced by victims of domestic violence and natural disasters, for example hurricanes, tropical storms and earthquakes. Rental vouchers may be extended beyond the 24 months period depending on the specific situation of the family assisted and availability of funds.
ACTIVITY NAME: HOME PROGRAM PLANNING AND ADMINISTRATION

HOME Allocation: $1,337,269

Description: The scope of this activity is to provide the framework to support planning and administrative roles exclusively for the HOME Program.

10% of the total allocation of HOME Program funds for PY 2021 will be used to cover reasonable administrative and planning costs for general management and coordination of the program, and other eligible costs in accordance with 24 CFR Part 92.207.

7. DESCRIBE THRESHOLD FACTORS AND GRANT SIZE LIMITS.

No grants size limits will be applied to proposed housing development projects. For Homebuyer Financial Assistance activities, the cap are a minimum of $1,000 and a maximum of $45,000 will be available for eligible homebuyers. The Director of the Home Program will approve on case by case basis the amount of subsidy needed to acquire or maintain an affordable housing unit.

8. WHAT ARE THE OUTCOME MEASURES EXPECTED AS A RESULT OF THE METHOD OF DISTRIBUTION?

The following are the HOME Program Outcome Measures:

- Homebuyer $0.00 – A total of 36 homebuyers (served with funds available from previous years).
- Rehab or New Construction by Owner $0.00 – A total of 24 housing units (served with funds available from previous years).
- Multifamily Rental Dev. $12,035,408 – A total of 80 housing units.
- Tenant-Based Rental Assistance (TBRA) - $0.00 – A total of 24 families (served with funds available from previous years).
HOME & HTF

The PRHFA will distribute funds through a competitive process and cannot predict the ultimate geographic distribution of the HOME and HTF funds. The method of distribution does not include an allocation of resources based on geographic areas, so target areas are not earmarked. Yet, the HOME and HTF Program will consider the housing needs for eligible income families in non-metropolitan areas, by taking into account the upcoming new census figures by Municipalities. The merits of the proposal will be evaluated taking into consideration the needs in any particular location. The PRHFA will comply with regulations (24 CFR 92.201 (b) (1)) requiring that resources be allocated in non-metropolitan areas. The final distribution will be based on the criteria established in the method of distribution. Estimation of the Percentage of Funds it Plans to Dedicate to Target Areas.

The HOME allocation for PY 2022 will be distributed to benefit low-income families in compliance with 24 CFR 92.203 (a), that Commonwealths “The HOME program has income targeting requirements for the HOME program and for HOME projects. Therefore, the participating jurisdiction must determine each family is income eligible by determining the family's annual income.” This requirement opens the geographical area of the Commonwealth of Puerto Rico’s 78 municipalities that could be served with the Commonwealth HOME Program. The PRHFA recognizes that the Municipalities of Aguadilla, Arecibo, Bayamón, Caguas, Carolina, Guaynabo, Mayagüez, Ponce, San Juan, Toa Baja, and Trujillo Alto are local PJs on their own, and that the program could complement any eligible request made from these municipalities in order to further the strategic objectives set forth by the PRHFA. Below is a map with the location of the municipalities designated as local participating jurisdictions for the HOME Program. The map illustrated on the next page shows the location of the non-metropolitan municipalities in the island. The PRHFA will distribute funds through a competitive process and cannot predict the ultimate geographic distribution of HTF funds. The method of distribution does not include an allocation of resources based on geographic areas, so target areas are not earmarked. Yet, HTF Program will consider the housing needs for eligible income families in non-metropolitan areas, by taking into account the upcoming new census figures by Municipalities. The merits of the proposal will be evaluated taking into consideration the needs in any particular location. The PRHFA will comply with regulations (24 CFR 92.201 (b) (1)) requiring that resources be allocated in non-metropolitan areas. The final distribution will be based on the criteria established in the method of distribution. Estimation of the Percentage of Funds it Plans to Dedicate to Target Areas.

The HTF allocation for PY 2022 will be distributed to benefit very low and extremely low-income families (see HTF Funding Priorities 91.320(k)(5)(i) for the definition). Section IV of the NOFA Ranking Self-Evaluation establishes a specific priority funding factor for developers or the applicant’s capacity to undertake tax credits/HOME projects. The term “full compliance and successful record” provides sufficient basis to determine the applicant’s capacity to obligate HTF funds and undertake activities in a timely matter.
ESG

Program funds are distributed through a competitive process. Thus, the ultimate geographic distribution of the assistance cannot be predicted.

HOPWA - the State HOPWA funds will be distributed by the Municipality of San Juan. For this reason, there is a single strategy in the implementation of HOPWA funds. Taking this into consideration, it is necessary to make HOPWA funds available to Municipalities and Nonprofit Organizations located within the 78 municipalities of Puerto Rico. Project sub recipients of the PREMSA will have priority over those located in the San Juan EMSA. Also, potential sub recipients located in the San Juan EMSA, that are currently receiving HOPWA funds from the City of San Juan, cannot receive State HOPWA funds for the same purpose and uses.

The PRDOH cannot predict the ultimate geographic distribution of HOPWA funds. Funds will be distributed
using an open competition method. It is expected that 100% of the funds are distributed.
Actions planned during the next year to address the needs to public housing

No CPD funded activity will exclusively serve any of the Public Housing projects located within the Municipality boundaries. Nevertheless, the local public policy service strategy includes the public housing population among the service delivery groups that benefits of the Municipality’s public services and community development activities. Various activities included in the 2022 action plan benefit the public housing residents, among them:

CDBG

Public Services activities

- Security
- Health
- Prevention
- Education
- Energy conservation
- Services to homeless
- Services to veterans

Public Facilities

- Park and recreational facilities
- Parking lots
- Community centers and/or technological
- Facilities for special populations (elderly, people with disabilities, Youth, childcare, homeless, people with HIV / AIDS, battered people)
- Health facilities
- Any other facility eligible according to HUD regulations (see 24 CFR 570.201-570.202).

Infrastructure

- Re-pavement of Municipal roads
- Streets, sidewalks, curbs, walls of containment or gabions
- Water projects (rain systems, sewer or system sanitary and other activities related)
- Efficiency energetic projects or renewable energy
- Water collection systems
- Mitigation projects

Economic development activities

- Assistance to micro-enterprises
HOME

- Residents are offered the opportunities to acquire affordable housing units

HOPWA

- Supportive services are provided to PH residents with HIV/AIDS

Other Services

In addition, Municipal governments provide services to the Public Housing Residents. Among the services are:

- Educational services at the Head Start Centers
- Sport Clinics
- Summer Camps
- Cultural Activities
- Fines Arts workshops
- College Board workshops
- Adult Education
- Educational grants to high school students
- School supplies

As part of the PHA Plan actions proposed to improve the living conditions of the public housing residents and projects, the following activities will be undertaken by the Puerto Rico Public Housing Authority during the PY 2022:

- Homeownership initiatives will be offered to public housing residents with the objective of assisting them to acquire an affordable housing unit and obtain the unit title;
- The PR-PHA will promote economic and social self-sufficiency initiatives with the objective of fostering the residents to develop their occupational skills, to improve their educational level, and to assist them in obtaining a job opportunity as a strategy to achieve economic independence;
- The PR-PHA will create the Tenant Participation Fund Program, a new initiative that seeks to improve the public services alternatives offered to the public housing residents. This initiative will promote full participation by the residents in the process of determining their community needs and identifying the service proposals that better fits the empowerment and self-sufficiency needs of the residents;
- Through the PR-State Agencies components and the local governments, the PR-PHA will coordinate public services actions to address the basic and essential needs of the population and communities. Among the initiatives toward this objective is the Servi Movil concept. This concept seeks to bring the basic and essential public services programs to the housing complex. This includes the development of health fairs, job fairs, universities fairs, recreational and sports fairs, among the other governmental services;
The PR-PHA will continue undertaking extraordinary improvements actions in public housing projects to improve the physical conditions of the projects and the housing units. In particular, the new State Government will give emphasis to the rehabilitation and modernization of the Elderly Public Housing Projects.
Program Specific Requirements

AP-90 Program Specific Requirements – 91.320(k)(1,2,3)

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.320(k)(2)

Homebuyer assistance and rehabilitation of owner-occupied single family housing:

Section 215(b) of the National Affordable Housing Act (NAHA) requires that the initial purchase price or after-rehabilitation value of homeownership units assisted with HOME funds not exceed 95 percent of the area median purchase price for single family housing, as determined by HUD. Historically, HUD used the FHA Single Family Mortgage Limit (known as the 203(b) limits) as a surrogate for 95 percent of area median purchase price. However, statutory changes require the 203(b) limits to be set at 125 percent of area median purchase price. Consequently, PRHFA can no longer use the 203(b) limits as the HOME Program homeownership value limits (i.e., initial purchase price or after rehabilitation value).

In Section 92.254(a)(2)(iii) of the Final Rule published on July 24, 2013, HUD established new homeownership value limits for HOME Participating Jurisdictions (PJs). This new Rule was effective August 23, 2013.

Newly Constructed Housing. The new HOME homeownership value limits for newly constructed HOME units is 95 percent of the median purchase price for the area based on Federal Housing Administration (FHA) single family mortgage program data for newly constructed housing. Nationwide, HUD established a minimum limit, or floor, based on 95 percent of the U.S. median purchase price for new construction for nonmetropolitan areas. This figure is determined by the U.S. Census Bureau. HUD has used the greater of these two figures as their HOME homeownership value limits for newly constructed housing in each area.

Existing Housing. The new HOME homeownership value limits for existing HOME units is 95 percent of the median purchase price for the area based on Federal FHA single family mortgage program data for existing housing and other appropriate data that are available nationwide for sale of existing housing in standard condition. Nationwide, HUD has established a minimum limit, or floor, based on 95 percent of the state-wide nonmetropolitan area median purchase price using this data. HUD has used the greater of these two figures as their HOME homeownership value limits for existing housing in each area.

PJ Determined Limits. In lieu of the limits provided by HUD, a PRHFA may determine 95 percent of the median area purchase price for single family housing in the jurisdiction annually in accordance with procedures established at § 92.254(a)(2)(iii).

The PRHFA will use the limits published by HUD that can be found at:

https://www.hudexchange.info/resource/2312/home-maximum-purchase-price-after-rehab-value/

Housing Trust Fund (HTF)
7. Maximum Per-unit Development Subsidy Amount for Housing Assisted with HTF Funds. Enter or attach the grantee's maximum per-unit development subsidy limits for housing assisted with HTF funds. The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

The limits must be adjusted for the number of bedrooms and the geographic location of the project. The limits must also be reasonable and based on actual costs of developing non-luxury housing in the area.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

PRHFA will use the maximum per unit subsidy standards adopted by the State HOME Program. This will allow income eligible families to meet the eligibility requirements pursuant to 24 CFR 92.203. For rental projects, the proposal should allow renters to be eligible, through compliance of 24 CFR 92.216. For the PY 2022 an application or proposal will include the Basic Threshold Requirements and the additional requirements as outlined originally in the previous JANOWA efforts.

The initial basic qualifications will be evaluated by the State HOME program personnel. If the project does not meet requirements for completeness, the applications will not be received. If received, only those applications that meet the joint basic threshold requirements and qualifications would be further considered for evaluation under joint the Point Ranking System. The project location and the targeted population will be key factors in determining the grant size limit.

The Government of Puerto Rico is adopting the maximum HOME/HTF subsidy limits established in CPD Notice 15-03 for the HTF Program. There limits were adopted from Section 234 of Condominium Housing basic mortgage limits. As shown in the following table, limits vary by the number of bedrooms in the unit,
and type of structure. The most recent Federal Register on Section 234-Housing Condominium (FR 72107) establishes the following limits:

Bedrooms Non-Elevator Elevator HCP Maximum Per Unit Subsidy (see appendix for table).

It is important to note that San Juan is listed in the High Cost Percentage Exception List with 270%, however it is capped at 240%. The last column is the resulting maximum per unit subsidy. The PRHFA will apply these limits statewide since construction costs do not vary significantly between different geographical areas of the Island. Based on PRHFA these subsidy limits are reasonable taking into account the current construction costs and the experience of the agency with previous projects. Puerto Rico has several well-connected distribution centers which provide a constant pool of construction and building materials throughout the Island. Transportation infrastructure, along with port facilities in the north and south of the Island facilitate this process. Moreover, human resources costs are fairly similar between regions, particularly in construction related activities.

The abovementioned analysis recognizes that there exists fundamental differences between individual projects costs, but variations between municipalities or regions are not significant enough to grant a variation by region in the subsidy limits. The PRFHA understand that HOME limits are appropriate as the initial cap for the amount of HTF funds that will be potentially allocated to units.

If the grantee will use existing limits developed for other federal programs such as the Low Income Housing Tax Credit (LIHTC) per unit cost limits, HOME’s maximum per-unit subsidy amounts, and/or Public Housing Development Cost Limits (TDCs), it must include a description of how the HTF maximum per-unit development subsidy limits were established or a description of how existing limits developed for another program and being adopted for HTF meet the HTF requirements specified above.

8. Rehabilitation Standards. The grantee must establish rehabilitation standards for all HTF-assisted housing rehabilitation activities that set forth the requirements that the housing must meet upon project completion. The grantee’s description of its standards must be in sufficient detail to determine the required rehabilitation work including methods and materials. The standards may refer to applicable codes or they may establish requirements that exceed the minimum requirements of the codes. The grantee must attach its rehabilitation standards below.
In addition, the rehabilitation standards must address each of the following: health and safety; major systems; lead-based paint; accessibility; disaster mitigation (where relevant); state and local codes, ordinances, and zoning requirements; Uniform Physical Condition Standards; and Capital Needs Assessments (if applicable).

This section provides the minimum acceptable standards for existing multi-family household dwelling units rehabilitated in whole or in part with National Housing Trust Fund (HTF) program funds in Puerto Rico. These standards are not intended to reduce or exclude the requirements of any local or state building or housing codes, standards or ordinances that may apply. In the event of any conflicting code(s), the more restrictive code(s) will apply. These standards were designed to assist in achieving consistency for all rehabilitation activities funded with HTF funds. The goal of the Puerto Rico Housing and Finance Authority HTF program is to provide functional, safe, affordable and durable housing that meets the needs of the tenants and communities in which the housing is located. The purpose of the HTF Standards is to ensure that property rehabilitation puts each building in the best possible position to meet this goal over its extended life and that, at a minimum, all health and safety deficiencies are addressed.

The project developer will formally contract licensed architectural and engineering design professionals to provide appropriate professional services for each project. It is the responsibility of each licensed professional to assure that the scope of work is done in accordance with the generally accepted practices in the their discipline, as well as designing the project to be in full conformance with all the applicable Federal, State and local codes.

In addition, the architect or engineer will provide contract specifications which stipulate quality standards, materials choices and installation methods and standards. By meeting the various code requirements as a minimum standard, each building rehabilitation project is assured to be brought up to an acceptable level of rehabilitation. Warranties shall be required per the standard construction contracts on all materials, equipment and workmanship.

This Standard ensures that HTF assisted projects are completed in a thorough and workmanlike manner in accordance with industry practice and contractually agreed upon plans and specifications as well as subsequent mutually agreed upon change orders during the construction process. HTF assisted projects and developers will employ best practice industry standards relating to quality assurance to verify all work completed.

I. Health and Safety
If the housing is occupied at the time of rehabilitation, any life-threatening deficiencies must be identified and addressed immediately. These items include:

1. Air Quality -Propane/Natural Gas/Methane Gas Detected
2. Blocked Egress/Ladders
3. Electrical Hazards -Exposed Wires/Open Panels
4. Electrical Hazards -Water Leaks on/near Electrical Equipment
5. Emergency Fire Exits -Emergency/Fire Exits Blocked/Unusable
6. Missing Outlet Covers
7 Missing/Damaged/Expired Extinguishers
8 Blocked Ventilation System
9 Outlets/Switches/Cover Plates - Missing/Broken
10 Smoke Detector - Missing/Inoperable
11 Windows - Security Bars Prevent Egress

See Appendix B (UPCS) for a list of Inspectable Items and Observable Deficiencies, including the identification of life threatening deficiencies for the property site, building exterior, building systems, common areas, and units.

II. Expected Useful Life (Capital Needs Assessment)
All PRDOH HTF assisted projects and developers will consider the remaining expected useful life of all building components with regard to building long term sustainability and performance. Specifically, each building component with a remaining expected useful life of less than the applicable HTF period of affordability (10, 20 or 30 years, depending on amount of HTF assistance provided) shall be considered for replacement, repair or otherwise updated. Additionally, new building components with an expected useful life of less than the period of affordability shall be considered for future replacement.

A Capital Needs Assessment (CAN) is necessary for all HTF assisted multifamily housing with 26 or more total units that determines the useful life of systems, the long terms physical needs of the project and the work to be performed. Specifications for the assessment are listed below:

1. The industry standard period for CNAs is 20 years; however, project CNAs must be updated every five years during the life of the project to ensure projected capital needs through the HTF affordability period are anticipated and planned for.
   a. If the project’s affordability period is 30 years ($50,000 or more in assistance provided). The initial CNA will cover years 1-20. The first 5-year update will be done in year 5 and cover years 6-25. The second 5-year update will be done in year 10 and will cover years 11-30.
   b. If a project’s affordability period is 20 years ($30,000 to $50,000 in assistance provided). The initial CNA will cover years 1-20. The first 5-year update will be done in year 5 and cover years 6-20.
   c. If a project’s affordability period is 10 years (Under $30,000 in assistance provided). The initial CNA will cover years 1-10. The first 5-year update will be done in year 5 and cover years 6-10.

1. HTF assisted projects and their development teams should ensure that all building components are analyzed in the CNA as part of a comprehensive effort to balance rehabilitation scope and capital planning in a way which maximizes long-term building performance as much as possible within the parameters of both development and projected operational funding available.
2. The CNA will take into account any extraordinary circumstances of the prospective occupants of the dwelling (i.e. physical, sensory, developmental disabilities) and reflect a means to address such circumstances in their inspection and in the preparation of a work write-up/project specifications for that dwelling.
3 The CNA report must be prepared by a qualified professional (architect or engineer) who has no financial interest in the project and no identity of interest with the developer. For purposes of this document, a “qualified professional” is a licensed professional architect or engineer, who can substantiate a minimum of five (5) years’ experience providing CNA reports in accordance with PRDOH standards and who performs the assessment and supplies the PRDOH with their professional opinion of the property’s current overall physical condition. The CNA must include the identification of significant deferred maintenance, existing deficiencies, and material building code violations that affect the property’s use and its structural or mechanical integrity. Furthermore, the CNA must examine and analyze the following building components:

a. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, storm drainage, gas and electric utilities and lines.

b. Structural systems, both substructure and superstructure, including exterior walls and balconies, exterior doors and windows, roofing system and drainage.

c. Interiors, including unit and common area finishes (carpeting, vinyl tile, interior walls, paint condition, etc.), unit kitchen finishes and appliances, unit bathroom finishes and fixtures and common area lobbies and corridors.

d. Mechanical systems, including plumbing and domestic hot water, Air Conditioning, electrical and fire protection.

e. Elevators (if applicable).

f. Provide building life cycle study that lists each building component, the base cost and opinions of probable cost immediately (critical repair item), along with an analysis of the reserves for replacement needed to fund long-term physical needs of the project, accounting for inflation, the existing reserves for replacement balance and the expected useful life of major building systems.

1 Provide written cost estimates in order that the PRDOH may and determine that costs are reasonable.

2 The assessment will consider the presence of environmental hazards such as asbestos, lead paint and mold on the site. The assessment will include an opinion as to the proposed budget for recommended improvements and should identify critical building systems or components that have reached or exceeded their expected useful lives.

3 If the remaining useful life of any component is less than fifty percent (50%) of the expected useful life, immediate rehabilitation will be required unless capitalized. If the remaining useful life of a component is less than the term of the affordability period, the application package must provide for a practical way to finance the future replacement of the component.

8. The professional preparing the CNA report must:

a. The assessment must include a site visit and physical inspection of the interior and exterior of all units and structures, as well as an interview with available on-site property management and maintenance personnel, to inquire about past repairs, improvements and an examination of invoices, contracts or work orders relating to the repairs/improvements over the last twenty-four (24) months, pending repairs and existing or chronic physical deficiencies. Any information from the interview must be included in the CNA. The assessment must also
consider the presence of hazardous materials on the site.

b. Identify physical deficiencies, including critical repair items, immediate physical needs and long-term physical needs. These must include repair items that represent an immediate threat to health and safety and all other significant defects, deficiencies, items of deferred maintenance and material building code violations that would limit the expected useful life of major components or systems.

c. Explain how the project will meet the requirements for accessibility to persons with disabilities. Identify the physical obstacles and describe methods to make the project more accessible and list needed repair items in the rehabilitation plan.

d. Prepare a rehabilitation plan, addressing separately all immediate and long-term physical needs.

e. Work Specifications and Scope of Repairs
f. Work specifications should include enough detail to specify each item to be repaired, the quantity of materials to be used and the exact location of each repair.

g. Repairs needed to correct basic safety, durability, mechanical and efficiency deficiencies.

1. All materials used must meet the Puerto Rico Building Code standard material specifications. All work must be done with skilled craftsmen and accomplished with care.

10. Upon completion of repairs, the contractor will:

a. Remove all construction debris from the site.

b. Clean all floors impacted by the work.

c. Clean all new and existing paint from other finished surfaces including window glass and mirrors.

d. Leave all newly installed items in operating condition.

e. Start all other electrical and mechanical systems.

f. Put all hardware in operating condition.

g. Deliver new keys to homeowners for any newly installed hardware.

III. Major Systems

HTF Rehabilitation assisted projects must comply with the requirements indicated in this document and the State and Local Construction Codes approved under the Commonwealth of Puerto Rico.

1. Site Standards
a. The HTF assisted project must assure that the site is safe, clean and usable, and designed with details, assemblies and materials to provide ongoing durability without undue future maintenance.
b. Site design and engineering shall be by a qualified professional.
c. The access to a building shall be safe, logical, readily identifiable, sheltered from the weather, and meeting the exit requirements to a public way. Pathways of circulation within a building shall also be safe and logical.
d. Design and systems shall conform to the “Reglamento Conjunto” 2015 and the Puerto Rico Building code, 2011.
e. Sprinkler water service – Underground water service as required for building sprinkler system shall be in accordance with NFPA 24.
f. Sewer connections to municipal sewage systems and on-site sewage disposal must have a minimum useful life same as the affordability period.
g. Means of egress components shall be in conformance with Chapter 10 of the International Building Code.
h. Vehicular access to public way – site design shall conform to local zoning code (“Reglamento Conjunto”) and the “Departamento de Transportación y Obras Públicas” regulations, as well as be sensible in its layout to maximize vehicular and pedestrian safety.
i. On-site Parking – parking shall be adequate for project type, meet local codes, and be designed to drain well, with a durable appropriate surface material. Handicapped parking shall be provided as required. Designers may utilize the “Reglamento Conjunto” to determine the guidelines in the design.
j. Pedestrian access and hardscape – In general, paved walkways within the site will be designed to provide sensible pedestrian access from the public way into the site, from parking areas, and provide access to buildings. All walkways should generally conform to applicable codes for width and slopes, and fall protection. Site stairs shall be safe and sound, constructed of durable materials, with proper rise and run, and with code approved railings as required. Accessible routes into buildings shall be provided as required by code.
k. Site amenities – site amenities may be provided which enhance the livability of the project including playground areas, seating, benches, patio areas, picnic tables, bike racks, grills, and fencing, etc.
l. Mailboxes – Provision will be made for USPS-approved cluster mailbox units if required by the USPS.
m. Landscaping – lawns, ground cover, planting beds, perennial plants, shrubs and trees may be provided to enhance
the livability, and to provide a positive aesthetic sense. Planting choices specified should be low maintenance, non-invasive species, of an appropriate size and scale and located, when adjacent to building structures, with regard to their size at maturity.

n. Solid waste collection & storage – if necessary, provision shall be made for the outdoor storage and collection of solid waste and recycling materials in receptacles (dumpsters, wheeled trash cans, totes). Enclosures may be provided and should be accessible as required by code.

o. Site lighting with shielded fixtures may be provided to illuminate parking and pedestrian walkways, and will conform to local zoning code. Energy efficient lighting shall conform to the International Energy Conservation Code of Puerto Rico, 2011.

p. The lot or defined site must be free of debris, garbage or other accumulations of site stored items that create possibilities of infestations. The site should be generally level, well drained and accessible.

q. All exterior property and premises must be maintained in a clean, safe and sanitary condition.

r. Drainage – assure that the grading surrounding the building will slope away from the building and drain properly, without ponding or erosion. Replacement landscaping and grading must direct water away from structures.

s. Fencing and gates must not be damaged; missing sections or has holes per UPCS.

t. Grounds must be erosion and rut free, not overgrown or penetrating vegetation and have functional ponding and site drainage per UPCS.

u. Hazardous and substandard conditions include any condition that threatens the health and or safety of the occupants. Substandard conditions include any condition that threatens, defeats or will lead to the lack of functional viability of a single feature of a home. These conditions must include but not be limited to:

   i. Accumulated debris, waste or garbage, either in enclosed areas such as storage buildings or in yard areas.

   ii. Environmental conditions such as flooding, mudslides, abnormal air pollution, smoke or dust, gas smells, sewer odor.

   iii. Eroding soil and accumulation of stagnant water

      iv. Excessive noise, vibration or vehicular traffic.

      v. Excessive accumulations of trash.

   vi. Excessive weeds or plant growth.
vii. Fire hazards.

viii. Deteriorated and/or irreparable outbuildings, sheds, or other structures that are no longer in use or are made unusable by their condition.

ix. Holes, ditches, exposed meter boxes or other conditions that create a tripping hazard, excluding drainage ditches that are part of a designed drainage system.

x. Rodents, insects or other infestations.

xi. Grading that directs water toward any structure.

xii. Sewer odor. Standing water or depressions that hold water during wet weather, leaking water supply, percolating or leaking sewage.

xiii. Exposed pipes, railings or other installations creating tripping hazards.

xiv. Damaged, missing or deteriorated walkways, steps and decks that create tripping hazards or are otherwise unsafe.

xv. Stairways or steps with four (4) or more risers and without a functional handrail. Stairways, decks, porches, balconies and all appurtenances without proper anchorage or capable of supporting the imposed loads.

xvi. Handrails and guards in poor condition or not properly fastened or capable of supporting normally imposed loads.

xvii. All structures in which insects or rodents are found shall be promptly exterminated by approved processes that will not be injurious to human health. After extermination, proper precautions shall be taken to prevent re-infestation.

2. Interior Spaces

a. Means of egress components shall be in conformance with Chapter 10 of the IBC “Means of Egress” and Chapter 7 of NFPA 101, including complete layout of the exits, corridor and stair dimensional requirements and arrangement, doors sizes and swings, door hardware, panic exit devices, door self-closers, interior finishes, walking surfaces, fire separations, stair enclosures, guards and railings, ramps, occupant load calculations, illumination, and signage.

b. Minimum Space and Use Standards

i. The dwelling unit must have a living room, a kitchen area and a bathroom.

ii. Dwelling units shall not be occupied above the maximum occupant load of space requirements according to the PRBC 1021.2.

c. Minimum Standards for Ceilings

i. Habitable spaces including hallways, corridors, shall have a ceiling height of no less than eight feet (8’), laundry areas, bathrooms, toilet rooms and kitchens may have a ceiling height of not less than seven feet six inches (7’-6”) according to the PRBC 1208.2, unless the following exceptions:

o Where beams or girders are spaced not less than four (4) feet on center and project not more than six (6”) inches below the required ceiling height.

olf any room in a building has a slope ceiling, the prescribed ceiling height for the room is required at the lower level of the ceiling. Any portion of the room measuring less than five feet (5’) from the finished floor to the ceiling shall not be included in any computation of the minimum area thereof.

d. Minimum Room Widths

i. Habitable rooms, other than kitchens, shall not be less than seven feet (7’) wide in any plan
dimension according to the IBC 1208.1.
ii. Kitchens shall have a minimum floor area of fifty square feet and shall provide clear
passageways of not less than three feet (3’) between counter fronts, counter fronts and appliances or
counter fronts and walls according to the IBC 1208.1
iii. All kitchens must have a working refrigerator, cook-top and oven. All equipment must be in
proper operating condition.
iv. The kitchen must have a sink in proper operating condition, with a sink trap and hot and cold
running water connected, to an approvable water supply system and an approvable sewer disposal
system.
v. There must be facilities and services for the sanitary disposal of food waste and refuse, including
temporary storage facilities where necessary (i.e. garbage cans).
e. Minimum Standards for Bathrooms
i. Each dwelling unit will have a functional and code compliant bathroom in accordance with IBC
1210
ii. The bathroom must be located in a separate private room with lockable doors.
iii. The bathroom must have a fixed basin in proper operating condition, with a sink trap and hot
and cold running water. The kitchen sink cannot be used as the required lavatory or basin.
iv. The bathroom must have a tub or shower in proper operating condition with hot and cold
running water.
v. A flush toilet in proper operating condition is required.
vi. The bathtub and or shower may be in the same room as the flush toilet, water closet and
lavatory or basin or said bathtub or shower may be in a separate room. The facilities must utilize an
approvable water supply system and an approvable waste water disposal system.
f. Minimum Standards for Bedrooms
i. Every bedroom shall have a minimum area of 120 square feet according to the IBC 1208.3.
ii. Efficiency Units minimum area is 220 square feet plus 100 square feet for every additional
occupant according to the IBC 1208.4.
iii. Every bedroom shall have access to at least one (1) water closet and one (1) lavatory without
passing through another bedroom. Every bedroom in a dwelling unit shall have access to at least one (1)
water closet and lavatory located within one (1) story (floor) from the story in which the bedroom is
located.
iv. Bedrooms must not constitute the only means of access to other bedrooms or habitable spaces
and shall not serve as the only means of egress from other habitable spaces, except when the unit
contains fewer than two (2) bedrooms.
g. Minimum Standards for Living Rooms
i. Living rooms shall have a minimum area of 120 square feet
h. Storage -adequate clothes closets, pantry and general storage shall be provided.
i. Amenity Spaces provision for laundry facilities, bike storage, trash & recycling, and other utility
or common spaces may be made in accordance with the goals of the project program. The project
developers are encouraged to consider adding such amenities as may be appropriate to enhance the
livability of the housing for the tenants.

3. Structure
a. A qualified professional shall examine each building’s load-bearing structure, and assess its
existing condition to determine suitability of continued use.
b. In general, structure evaluation and design shall be in conformance with IBC Chapter 16 and the
American Society of Civil Engineers Minimum Design Loads for Buildings and Other Structures (ASCE 10), 2013.

In most residential rehabilitation projects where there is no change in use, it is not expected that the structure will be brought up to new construction standards. Consideration shall be given if there are any proposed changes in use which would impact the occupancy load.

Deficiencies identified shall be addressed and repairs will be designed and specified as determined necessary to correct such conditions:

i. Repairs shall be made to any deteriorated load-bearing structural elements.
ii. Reinforce, install supplemental or replace structural members determined not to be adequate for use.
iii. The minimum life expectancy of repairs to the structural elements must be same as the affordability period.

4. Foundations

a. Existing foundations shall be examined by qualified professionals
b. All foundation walls shall be maintained free from open cracks, broken components or deterioration which may compromise the load bearing structural integrity.
c. New below-grade structures to conform to Chapter 18 of IBC “Soils and Foundation” as appropriate.
d. All newly installed foundations should be designed and constructed in accordance with the Puerto Rico Building Code.
e. The minimum life expectancy of repairs to the foundation must be same as the affordability period.
f. Basement floors
i. Mechanical rooms - Provide sound concrete floors with raised housekeeping pads for equipment.
ii. Tenant accessed utility spaces (storage, laundry rooms, etc.) – provide sound concrete floors.
iii. Where earthen floors are to remain, provide wear layer of peastone (or similar suitable material) over vapor barriers.
g. Moisture mitigation
i. Provide waterproofing or damp proofing as appropriate where possible and as may be required by existing conditions of groundwater and stormwater intrusion into subsurface portions of buildings.
ii. Provide vapor barriers covered with a wear layer of peastone over earthen basement or crawl space floors to remain.
iii. Ventilation of basements and crawl spaces per IBC, Chapter 1203.

5. Floors

a. Minimum Floor System Standards
i. All flooring must not have any serious defects such as severe bulging or leaning, large
holes, loose surface materials, severe buckling, missing parts or other serious damage.

ii. All sub-floors should be solid and continuous, without liberal movement or bounce, free from deterioration.

iii. All flooring must be free from tripping hazards with a minimum of seams spaced at logical locations, such as doorways and matched to the existing floor.

iv. All flooring must be sealed and tight at the edges.

v. All floors shall be covered with water resistant flooring.

vi. Basement floors should be continuous concrete. If not, certain appliances located in this area will be properly elevated above grade with concrete blocks.

vii. The minimum life expectancy of repairs to flooring must be same as the affordability period.

6. Walls

a. Minimum Wall System Standards

i. The minimum life expectancy of repairs to structural walls, interior walls, interior surfaces, exterior surfaces and firewalls, must be same as the affordability period

ii. All walls including doors and windows should be maintained in good, sanitary condition and free from any serious defects such as severe bulging or leaning, holes, cracks, breaks, loose surface materials, severe buckling, missing parts, rotting materials, chipped, cracked or peeling paint, falling cement plaster or other serious damage.

iii. Exterior wall surfaces should be free from chipped, cracking or peeling paint. All such loose paint should be properly prepared, primed, properly painted and maintained weatherproof and properly surface coated where required to prevent deterioration.

iv. Interior wall surfaces, including doors and windows, shall be maintained in good, sanitary condition and free from chipping, cracking or peeling paint with no loose, cracked or falling cement plaster.

v. All such loose paint should be completely removed and surfaces primed. All primed surfaces should be properly painted.

7. Roofs

a. Minimum Roof Systems Standards

i. The roof and cap flashings must be structurally sound and weather tight.

ii. Roof surfaces should be free from defects. No indication of excessive wear or potential failure will be acceptable.

iii. Roof drainage must be adequate to prevent dampness or deterioration in the walls and interior portion of the structure.

iv. Roof drains, gutters and downspouts must be in good repair and free from obstructions.
v. Roof water discharge shall not be directed toward foundations, splash blocks must be included where necessary.

vi. The minimum life expectancy of repairs must be same as the affordability period.

8. Windows and Doors

a. Minimum Window and Door Standards
i. Every window and door must meet egress requirements (IBC Chapter 10) for dimensions, swing and clearances, and be accessibility (ADA) compliant as required.

ii. Every window, exterior door and basement or cellar hatchway must be substantially tight, water and rodent proof and be kept in a state of maintenance and repair.

iii. All exterior doors to the outside or to a common public hall must be solid core and be equipped with adequate security locks. All windows accessible from ground level must be lockable.

iv. Every exterior and interior door, when closed, must fit tightly within its frame.

v. Every exterior and interior door, door hinge and door latch and/or lock must be maintained in good working condition.

vi. Every exterior window, door and frame must be constructed and maintained in such a manner as to be weather tight with adequate weather stripping.

vii. All doors and windows must be capable of providing adequate seal against air infiltration, weather elements, and be determined to be appropriately energy efficient in keeping with the overall energy efficiency strategy of the project.

viii. Every basement or cellar hatchway must be constructed and maintained as to prevent the entrance of rodents, vermin, rain and surface drainage water into the dwelling or structure.

ix. Natural ventilation shall be through windows, doors, louvers or other approved openings to the outdoor air. Such openings shall be provided with ready access or shall otherwise be readily controllable by the building occupants.

x. A kitchen and or bathroom may pass without a window area provided there is a mechanical means of ventilation which is maintained in working order.

xi. The requirements for emergency egress from sleeping rooms must be per the Puerto Rico Building Code 1018.1.

xii. Every window or other opening to outdoor space which is used or intended to be used for ventilation must likewise be supplied with screens covering the entire window areas required for ventilation. The material used for all such screens (doors and windows) must be not less than sixteen (16) mesh per twenty-five (25) mm and must be properly installed, maintained and repaired to prevent the entrance of flies, mosquitoes or other insects. Half screens on windows may be allowed provided they are properly installed and are bug and insect tight.

b. Existing doors and windows
i. Doors and windows to remain should be examined and determined to be suitable for reuse with a minimum remaining useful life the same as affordability period and repaired if necessary
ii. Repaired doors and windows shall be tested and modified as necessary to operate properly. Hardware shall be intact and operational, or be replaced with new hardware as required
iii. Where existing doors or windows do not meet the standards for egress, condition, and/or energy efficiency deemed appropriate to the project, they shall be replaced by new windows.

b. New doors and windows

ii. All doors and windows shall be installed per manufacturer’s installation guidelines and specifications, and shall incorporate appropriate detail, flashings, joint sealers, and air sealing techniques.
iii. Replacement of doors (both interior and exterior) and windows must have a minimum life expectancy the same as the affordability period.

9. Electrical

a. Project electrical design should be done by a licensed electrical engineer, or other qualified professional.
b. Project electrical must be installed by a licensed electrician
d. In general, the electrical system should be new throughout a building:

i. Where existing service entrances, disconnects, meters, distribution wiring, panels, and devices are proposed to remain, they will be examined and determined to be in good condition, code compliant and have a minimum remaining useful life of the affordability period. The designer, in concert with the electrical inspector, shall examine the system and equipment. Existing components of the electrical system may be reused as appropriate. Substandard or critical non-code compliant components shall be replaced.

e. Electrical service and metering:
i. The service entrance size shall be calculated to handle the proposed electrical loads.
ii. Metering and disconnects shall be per code and mounted at approved locations.
f. Electrical distribution system:
i. Lighting and receptacle circuits shall be designed per code.
ii. Locations and layout of devices and lighting to be logical and accessibility compliant where required.
iii. Provision shall be made for the wiring of dedicated equipment circuits and connections for heating, ventilation equipment/exhaust fans, pumps, appliances, etc.

   g. Developers are encouraged to upgrade to Energy Star® Category.
   h. Site lighting with shielded fixtures may be provided to illuminate parking and pedestrian walkways, and will conform to local zoning.
   i. Emergency and exit lighting/illuminated signage shall be per the NFPA 101, Life Safety Code.

j. Fire detection and alarms:
   i. Shall be installed as required by code: NFPA 101, Chapters 9.6, 30.3.4 and/or 31.3.4, and comply with NFPA 72, and NFPA 1.
   ii. Smoke detectors shall be installed per NFPA 30.3.4 and 9.6.2.10.
   iii. Each dwelling unit must have at least one (1) hard-wired smoke detector, in proper operating condition, on each level of the dwelling unit on the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms, including basements but excepting crawl spaces and unfinished attics.
   iv. Smoke detectors must be installed in each room used for sleeping purposes.
   v. If the dwelling unit is occupied by any hearing impaired person, smoke detectors must have an alarm system, designed for hearing impaired persons as specified in the National Fire Protection Standard.
   vi. CO detectors shall be installed per Fire Code of Puerto Rico, 2011 and NFPA 101, Chapter 30.3.4.6 and NFPA 720.

    vii. Where required – system annunciation shall be in accordance with NFPA 1.

k. Communication low-voltage wiring – provisions for TV, telephone, internet data, security, and intercoms should be considered and installed as appropriate to the project’s use and livability.

   l. Optional solar powered photovoltaic panel system may be installed in accordance with the International Energy Conservation Code of Puerto Rico, 2011.

10. Mechanical

   a. All mechanical systems shall be designed by a mechanical engineer or other qualified professional.

   c. Fire protection
      i. In general, all buildings assisted with HTF funds shall have fire suppression as required by the Puerto Rico Fire Department with approved sprinkler systems installed as required by NFPA 101
      ii. System design to conform to applicable NFPA standard 13 or 13R
      iii. Underground water services for sprinkler system shall meet NFPA 24
      iv. Provide fire pumps, standpipes, and fire department connection as required per NFPA 13, 14 & 25.

   v. Where possible, piping for the sprinkler system shall be concealed.

   d. Plumbing
      i. Where existing components of a system are to be reused, they will be examined and determined to be in good condition, code compliant and with the International Plumbing Code of Puerto Rico

68
Rico, 2011, have a remaining useful life of the applicable affordability period. Critical non-code compliant components shall be replaced.

ii. All fixtures, piping fittings and equipment shall be lead-free.

iii. Kitchen fixtures – When existing kitchen fixtures are not in good condition, new sinks and faucets, and associated plumbing shall be installed in each apartment.

iv. Bath fixtures – When existing bath fixtures are not in good condition, new water saving toilets, tubs and tub surrounds, lavatory sinks, and faucets shall be installed in each apartment.

v. Three and four-bedroom apartments are encouraged to be designed to include 1½ baths minimum where adequate space is available.

vi. Provision for laundry rooms or laundry hook-ups may be made per project’s program requirements.

vii. Provision for other utility plumbing for janitor sinks, floor drains, outdoor faucets, drains for dehumidification systems, etc., may be made as desired or required.

e. Ventilation

ii. Air Conditioning systems must be designed per the Mechanical Code of Puerto Rico, 2011 and the International Mechanical Code. Energy Conservation measures are recommended.

iii. Dwelling units must have access to natural ventilation. Bedrooms must have the provision for the installation of an air conditioning unit if applicable.

iv. Balanced mechanical ventilation systems are encouraged.

v. Ventilation controls shall be per applicable codes.

d. Domestic Hot Water:

i. Hot water system shall be designed as required by the Puerto Rico Building Code P2801.

ii. Water heating facilities shall be properly installed in accordance with manufacturer’s installation and per code requirements, be maintained and capable of providing an adequate amount of water to be drawn at every required sink, lavatory, bathtub, shower and laundry facility at a temperature of not less than 110 degrees Fahrenheit.

iii. The water supply system shall be installed and maintained to provide a supply of water to plumbing fixtures, devices and appliances in sufficient volume and at pressures adequate to enable the fixtures to function properly, safely and free from defects and leaks. Each unit should be equipped with a functioning pressure release valve and temperature release valve.

g. Water supply and Waste Water

i. A potable water supply system shall be installed so as to prevent contamination. Every dwelling unit must have an accessible and properly functioning main shut-off valve with a provision for discharge near the water service entrance point.

ii. Supply lines and fittings for every plumbing fixture shall be installed to prevent backflow.

iii. All galvanized piping is to be replaced. Deteriorated, rotted, broken or otherwise worn water supply, vent pipes or waste water pipes must be replaced.

iv. All deteriorated, blocked, inoperable or leaky equipment shall be repaired or replaced.

v. Every dwelling unit must contain a bathtub or shower that is properly connected to both hot and cold running water lines under pressure and must be maintained in working order. Faucets shut off valves and plumbing lines should be maintained free from leaks or drips and should be capable of shutting off completely. New tub and shower valves must have balanced pressure thermostatic valves.

vi. Existing plumbing equipment and fixtures and repairs must be inspected for durable condition.
Replacement fixtures must have a life expectancy of a minimum of twenty (20) years.

vii. Connection to a continuously functioning sanitary wastewater disposal system.

h. Elevators

i. If a HTF assisted multifamily project has 4 floors or more, a minimum of two elevators must be installed.

iii. Existing elevators and lifts may be retained if they are appropriate to the use of the building and in serviceable condition with a minimum expected useful life of the affordability period.

11. Furnishing, Fixtures and Appliances

a. Signage and identification

i. Building signage shall be provided. Including building address, apartments’ identification, building directory, exits, stairways, common and utility spaces, etc. shall be in conformance with NFPA 101 Life Safety Code, and be accessibility compliant.

ii. Exit signage will be provided as required by code and be accessibility (ADA) compliant as required.

b. Fire protection specialties

i. Provide fire extinguishers in buildings, and in apartments as required by Fire Code of Puerto Rico, 2011 and as directed by the Puerto Rico Fire Department.

c. Equipment

i. All new equipment to be ENERGY STAR® rated.

ii. Existing equipment to be retained and continued to be used shall be in serviceable condition with a minimum expected lifetime as the affordability period.

d. Toilet accessories

i. Each bath will have appropriate accessories such as towel bars, robe hooks, bath tissue holders, etc., installed and securely fastened in place. Accessories shall be located per accessibility requirements (ADA) where necessary.

ii. Medicine cabinets and mirrors – install in each apartment bath as appropriate.

e. Shelving must be durable and cleanable. Include shelving for pantries, linen closets, clothes closets and other storage as appropriate, securely fastened in place.

f. Kitchen appliances

i. Provide new, full-size (30”, 4 burner) stove and refrigerator in each apartment.

ii. Existing appliances to be reused shall be in good and serviceable condition.

iii. Provide other appliances (such as microwaves) as may be appropriate to the project.

iv. All appliances in accessible (ADA) apartment units shall be accessibility compliant, and located in an arrangement providing required clear floor spaces.

g. Laundries may be included where adequate space is available and when appropriate to
meet the project goals. Washers and dryers may be provided in laundry rooms or in apartments.
h. Playground equipment, if applicable, must be safe and code-approved.
i. Existing Kitchen cabinetry or countertops proposed to remain shall be in good condition with a minimum remaining useful life same as the affordability period.
j. New Kitchen cabinetry and counters shall be of good quality and be provided with a cleanable sanitary surface material impervious to water such as high pressure laminate (HPL).
k. Shop fabricated as one piece assembly where possible. Seal field joints.
l. Installed level and securely fastened to cabinetry
m. Bath cabinetry and vanity lavatory tops, when used, should be one piece integral bowl with integral backsplash

12. Finishes

a. Interior Finishes

i. In general, all interior finishes will be new and installed per manufacturer’s recommendations and the standards of quality construction per trade practices and associations related to the particular product or trade, and per Chapter 8 of the IBC “Interior Finishes” as instructed by the Puerto Rico Building Code, 2011.

ii. Walls & ceilings - Where existing finishes are proposed to remain, they will be determined to meet the standard of being sound, durable, lead-safe, and have a remaining useful life of no less than the affordability period.

iii. Flooring - All new flooring materials (resilient flooring, wood flooring, laminate flooring, carpet, and/or ceramic tile) shall be installed over suitable substrates per manufacturer’s specs and the trade association practices.

iv. Paint - In general, all interior ceiling, wall, and trim surfaces shall receive renewed coatings of paint (or other clear/stain) finishes. Painting shall be done in a workmanlike manner, and in accordance with the manufacturer’s recommendations. All painting including preparation of existing surfaces shall be done in a lead-safe manner.

v. Acoustical Treatments – Dwelling units separated acoustically using Section 1207 of the IBC as a guideline minimum standard.

b. Exterior Finishes

i. All exterior finishes must comply with Chapter 14 of the IBC “Exterior Walls” as instructed by the Puerto Rico Building Code, 2011.

ii. Paint

In general, all existing exterior concrete or wood surfaces shall receive new paint coatings, except as appropriate due to the recent application of paint or the sound condition of existing coatings.

Examine surfaces and apply paint only to sound acceptable materials and surfaces.

Prepare surfaces properly, removing loose or peeling previous paint.

Paint prep shall be done in accordance with applicable lead safe standards.

Before painting, assure that any moisture issues which may compromise the life expectancy of
the paint system are remedied.
- Exterior paint systems shall be compatible, and installed in accordance with manufacturers’ specifications.
  - Porches, decks, balconies and steps
    - Existing porches, decks, balconies, steps and railings proposed to remain shall be examined and repaired as necessary. Repair and reconstruction shall be carried out to assure that they will have a continued useful life of the remaining affordability period. Inspect structure for soundness and reconstruct any deteriorated members as required. Install new support piers as may be required. Patch existing decking with matching materials, or install new durable decking. Railings shall be sound and adequately fastened to meet code requirements for structural loading. Repair or replace in-kind as appropriate. Railings shall meet code requirements for height of protective guards, or have supplemental guards installed. Steps shall be safe and sound and meet applicable codes, with railings as necessary. All balconies and porch elements shall be able to withstand the weather elements to prevent premature deterioration.

12. Construction Materials

Must follow state and local codes related to the construction in Puerto Rico.

IV. Lead Based Paint

All HTF funded projects must conform to all applicable provisions of 24 CFR Part 35 regarding lead-based paint. HTF assisted projects must also conform to all Puerto Rico laws and regulations, as well as EPA requirements regarding lead-based paint, including protection of workers who may be exposed to lead paint during the construction process. Some provisions include:

1. All homes constructed before January 1, 1978 will be evaluated for lead based paint hazards. Evaluation will be done by a qualified, certified or licensed person as required under the regulations at 24 CFR 35. A qualified lead based paint inspector or risk assessor is certified or regulated by a state or local health or housing agency or an organization recognized by HUD.
2. As required under 24 CFR 35, 24 CFR 570.608, 24 CFR 982.401 all lead based hazards will be identified and reduced through paint stabilization, interim controls or abatement as required.
3. Safe work practices will be followed at all times in a manner which insures the health and safety of workers and residents, especially children.
4. During lead hazard reduction efforts, the work area will be sealed and the family will be protected or relocated as required by the regulations.
5. Final Clearance will be achieved on all lead hazard reduction activities as required under the regulations.
6. Applicable Federal Regulations must be employed, such as:
   a. HUD Lead Safe Housing Rule (Title 24, Part 35) requires various levels of evaluation and treatment of lead paint hazards when federal money is used for rehabilitation of target housing.
   b. EPA Renovation Repair and Painting Rule (40 CFR Part 745) – Requires contractors conducting renovation, repair or maintenance that disturbs paint in target housing or child occupied facilities to be licensed by EPA and use lead safe work practices to complete the work. Developers must ensure...
contractors are properly trained and licensed.

c. HUD/EPA Disclosure Regulations (Title 24, Part 35, Subpart A) – Requires owners of target housing to disclose all lead paint records and related information to potential buyers and/or tenants.

d. OSHA Lead in Construction Rule (29 CFR Part 1926.62) – Proscribes personal protection measures to be taken when workers are exposed to any lead during construction projects.

V. Accessibility

Housing that is rehabilitated with HTF funds must meet all applicable federal and state regulations regarding accessibility for persons with disabilities. An overview of these requirements is provided below; however, the applicability of these rules is complex and therefore it is recommended that developers seeking HTF funds consult with a qualified design professional.

General Requirements:

1. Projects shall meet applicable Federal and Local Regulations and Rules.
2. The number of accessible apartment units shall be determined by the code requirements.
3. Projects shall comply with the American’s with Disabilities Act (ADA), Title II (for public entities) and Title III (for places of public accommodations) implemented at 24 CFR parts 35 and 36, and 2010 ADA Standard for Accessible Design and attendant Design Guide (DOJ), as applicable.
4. Projects, if applicable, shall comply with the Fair Housing Act, which states in part that covered multifamily dwellings as defined by HUD’s implementing regulations at 24 CFR 100.201 must meet the design requirements at 24 CFR 100.205.
5. Projects, if applicable, shall comply with Section 504 of the Rehabilitation Act of 1973 implemented at 24 CFR Part 8.
6. For “substantial” rehabilitation (projects with 15 or more total units and the cost of rehabilitation is 75% or more of the replacement cost):
   a. At least 5% of the units (1 minimum) must be made fully accessible for persons with mobility impairments based on the Uniform Federal Accessibility Standards (UFAS).
   b. In addition, at least 2% of the units (1 additional unit minimum) must be made accessible for persons with sensory impairments.
   c. Common spaces must be made accessible to the greatest extent feasible.
6. For projects with “less-than-substantial” rehabilitation (anything less than “substantial”), the project must be made accessible to the greatest extent feasible until 5% of the units are physically accessible, and common spaces should be made accessible as much as possible.

VI. Disaster Mitigation

To the extent applicable or relevant, the housing must be improved to mitigate the potential impact of potential disasters (e.g. earthquakes, hurricanes, floods, wildfires, extended power outages) in accordance with state or local codes, ordinances, and requirements, or such other requirements that HUD may establish.

1. Projects shall meet FEMA federal regulation, and HUDs’ floodplain management requirements at 24 CFR 55, including the 8-Step Floodplain Management Process (when applicable) at 24 CFR 55.20.
2. Projects shall meet the Puerto Rico Building Code regulations Section 1613 for Earthquake Loads protection; and the American Society of Civil Engineers Minimum Design Loads for Buildings and Other Structures ASCE 10 Section 9.0.
Projects shall meet the American Society of Civil Engineers Minimum Design Loads for Buildings and Other Structures ASCE 10 Section 9.13.6.2.3 for Hurricane (Wind Force) protection.

VII. State and Local Codes, Ordinances, and Zoning Requirements.

Eligible Projects must meet all applicable international and local codes, ordinances and requirements. In the absence of state or local building codes, the housing must meet the International Building Code of the International Code Council. All work shall comply with all applicable international and Puerto Rico local codes, ordinances, regulations and zoning requirements.

Applicable state codes include but are not limited to:
1. Reglamento Conjunto para la Evaluación y Expedición de Permisos Relacionados al Desarrollo u uso De Terreno, 2015
4. Residential Code for One and Two Family Dwellings of Puerto Rico, 2011
15. Section 504 of the Rehabilitation Act
17. 29 CFR Part 1910 Occupational Safety and Health Administration (OSHA)

Please note that the PRDOH HTF assisted project must demonstrate compliance with all local codes. The HTF Standards are designed to exceed the Uniform Physical Condition Standards (UPCS) and ensure that upon completion the HTF assisted project and units will be decent, safe, sanitary, and in good repair as described in 24 CFR 5.703. See Appendix B (UPCS) for a list of Inspectable Items and Observable Deficiencies, including descriptions of the type and degree of deficiency for each item that any HTF assisted project must address, at a minimum.

VIII. Uniform Physical Condition Standards (UPCS)

Housing assisted with HTF funds and which are placed in service must follow state an local codes which include all inspectable items and inspectable areas specified by the US Department of Housing and Urban Development (HUD) based on the HUD physical inspection procedures, known as the Uniform Physical Condition Standards (UPCS) prescribed by HUD pursuant to 24 CFR Part 5.703. These standards address the major areas of the HUD housing: the site, the building exterior, the building systems, the dwelling...
units, the common areas, and health and safety considerations. The Uniform Physical Condition Standard (UPCS) responds to inspectable items and observable deficiencies for the site, building exterior, building systems (multifamily housing only), and common areas (multifamily housing only).

All HTF assisted projects must ensure that the housing will be decent, safe, sanitary, and in good repair as described in 24 CFR 5.703. The PRDOH will adopt and create a specific variation of the Uniform Physical Condition Standard (UPCS) incorporating the specific construction methodologies and materials utilized in Puerto Rico. Each performance requirement has an established acceptability criteria for determining the minimum acceptable conditions. The inspection staff of the PRDOH will be qualified to perform the assessment of the UPCS Variation and employ “good judgment” when an evaluation criteria may be open for interpretation.

Please refer to the HOME Program Rehabilitation and new Construction Standards, 2015 “Estándares de rehabilitación y Nueva Construcción, 2015”, for particular requirements in multifamily housing and the Technical Specifications, 2006 of the HOME Program Rehabilitation and New Construction division for structural and material specifications regarding particular construction methodologies in Puerto Rico.

See appendix B for a complete list of items regarding the Uniform Physical Condition Standard for Multifamily Rehabilitation, and Appendix B for the Uniform Physical Condition Standard for Single Family Rehabilitation.

IX. Energy Efficiency

9. All additions, alterations or renovations shall comply with latest local building and the International Energy Conservation Code of Puerto Rico, 2011

10. Comply with Energy Star standards and above code where feasible and contributing to significant energy savings.

11. If possible, avoid or minimize air-conditioning with natural ventilation or other passive cooling strategy. Ensure that adequate cooling and ventilation is included in all elderly developments.

12. Consider renewable energy sources such as solar thermal collectors, photovoltaics (or pre-wire and provide adequate roof structure so that systems can be added when feasible), using research grants and rebates when possible.

X. Historic Buildings

Any building or structure that is listed in the State or National Register of Historic Places, designated as a historic property under local or state designation law or survey, certified as a contributing resource with a National Register listed or locally designated historic district and is considered a Historic Building by the State Historic Preservation Office; shall be rehabilitated in a manner consistent with the requirements of Section 106 of the National Historic Preservation Act and any imposed guidelines by the Institute of Puerto Rican Culture and the State Historic Preservation Office. It shall comply with Existing Puerto Rico Building Code, 2011 and with NFPA 101, Chapter 43.10.4
### UNIFORM PHYSICAL CONDITION STANDARDS FOR MULTIFAMILY HOUSING REHABILITATION

I. INTRODUCCIÓN

El Departamento de la Familia de Puerto Rico recibe anualmente fondos de Programa Emergency Solutions Grant (ESG) del Department of Housing and Urban Development (HUD), como parte del Plan Consolidado y el Plan de Acción Anual. Estos planes prescriben los requisitos legales de planificación y aplicación para los siguientes programas de subsidios: Community Development Block Grant (CDBG); HOME Investment Partnership (HOME); Housing Opportunities for Persons with AIDS (HOPWA) y Emergency Solutions Grant (ESG). El Título 24 del Código de Regulaciones Federales 24 CFR 91.220 (l) (4) (i) y 24 CFR 576.400 (e) (1) establece como requisito que los recipientes de fondos del Programa ESG, también conocido en español como el Programa de Soluciones de Emergencia para Personas sin Hogar, implanten un mínimo de estándares escritos para proveer asistencia utilizando estos fondos.

Cónsigo con la reglamentación de HUD, el Departamento de la Familia de Puerto Rico (DF), como receptor de los fondos ESG, desarrolló un conjunto de estándares para la administración del Programa. A su vez, las entidades sin fines de lucro y municipios, que son subrecipientes de fondos ESG, deben cumplir consistentemente con los estándares aplicables a todos sus componentes de servicio.

Los estándares deben incluir como mínimo:

A. Políticas y procedimientos para evaluar la elegibilidad de los individuos y familias que pueden recibir asistencia bajo ESG

B. Normas para proveer servicios esenciales relacionados con el “alcance en la calle”

C. Políticas y procedimientos para la admisión, referidos y alta por albergues de emergencia atendidos bajo ESG, incluyendo estándares sobre la duración del servicio, si los hay, y políticas para garantizar la seguridad de poblaciones especiales en albergues
D. Políticas y procedimientos para evaluar, priorizar y reevaluar las necesidades individuales y familiares para proveerles servicios esenciales relacionados con albergues de emergencia.

E. Políticas y procedimientos para la coordinación entre los diferentes proveedores de servicios relacionados con vivienda.

F. Políticas y procedimientos para determinar elegibilidad de los individuos o familias sin hogar para recibir ayuda de prevención y **rapid re-housing**.

G. Mecanismos para determinar el porcentaje de alquiler de vivienda que cada participante del programa debe pagar, y asistencia para pagar el alquiler de vivienda y gastos de servicios de agua y electricidad bajo prevención y **rapid re-housing**.

H. Criterios para determinar cuánto tiempo se proporcionará asistencia de alquiler a un participante, y si se ajustará la cantidad a lo largo del tiempo.

I. Criterios para determinar el tipo, la cantidad y la duración de los servicios de estabilización y/o reubicación de viviendas a ser proporcionados a un participante del componente de prevención y **rapid re-housing**.

Estos estándares se establecen como normas básicas o mínimas para la implementación del Programa ESG. Estos ayudarán a asegurar que el Programa ESG sea administrado de manera justa y metódica.

II. **TRASFONDO**

En el año 2009, la ley para atender asuntos de vivienda relacionada con personas sin hogar conocida como **McKinney-Vento Homeless Assistance Act** fue enmendada por la ley **Homeless Emergency Assistance and Rapid Transition to Housing Act** del 2009 (**HEARTH Act**). Con la nueva ley, se enmendó significativamente el **Emergency Shelter Grant**; que ahora se conoce
como *Emergency Solution Grant* (ESG); y además, se integró una nueva definición de personas sin hogar consistente y aplicable a todos los programas del Departamento de Vivienda y Desarrollo Urbano (HUD, por sus siglas en inglés).

En Puerto Rico, el Departamento de la Familia (DF) es la entidad designada por el Gobernador para la administración de este Programa. Los fondos de ESG se reciben anualmente a través de HUD, como parte del proceso del Plan de Acción Anual. El DF se regía por la Ley Núm.171 del 30 de junio de 1968, según enmendada y por el Plan de Reorganización Núm. 1 del 28 de julio de 1995, según enmendado. El Programa ESG está diseñado para identificar a individuos y familias sin hogar, así como aquellos en riesgo de perder su hogar, y proporcionar los servicios necesarios para ayudarles a recuperar rápidamente su estabilidad en vivienda permanente después de experimentar una crisis de vivienda.

La reglamentación del Programa ESG permite al DF delegar los fondos a entidades sin fines de lucro de base comunitaria y base de fe, y a municipios para que estos lleven a cabo actividades elegibles. Es responsabilidad de las entidades y los municipios administrar, coordinar, desarrollar y operar el proyecto subvencionado con fondos del Programa ESG cumpliendo en todo momento con los criterios de elegibilidad, normas y procedimientos establecidos por HUD y el DF. Las entidades podrán desarrollar sus protocolos para hacer cumplir las normas, siempre y cuando estos no violenten los estándares mínimos aquí establecidos.

Este documento contiene los estándares mínimos que deben cumplir las entidades que son subrecipientes de fondos ESG. La reglamentación federal (CFR) aplicable a cada sección está colocada en forma de hipervínculo (‘hyperlink’), en caso de que las entidades necesiten consultar la fuente original de la regulación o estándar. Los procedimientos detallados en torno a la implementación de estos estándares, así como los formularios a utilizarse, deberán ser
consultados en el Manual Operencial de ESG. El personal de la entidad que labora en el Programa ESG debe utilizar, tanto los estándares, como el Manual Operacional del Programa.

III. PROPÓSITO

Este Manual tiene el propósito de establecer los estándares para la administración de los fondos ESG, por los cuales se regirán las entidades subrecipientes y el personal del Departamento de la Familia responsable de la adjudicación y monitoreo de su buen uso.

IV. APLICABILIDAD

Los estándares mencionados en este Manual aplican a todas las entidades subrecipientes de fondos del Programa ESG.

V. DEFINICIONES

A. CoC (Concilium of Care) -- Programa adscrito al Department of Housing and Urban Development (HUD), el cual promueve el compromiso de la comunidad para poner fin a la falta de vivienda, provee financiamiento a entidades que ofrecen servicios para reintegrar a individuos y familias sin hogar, entre otras funciones. En Puerto Rico existen dos CoC, conocidos como Balance del Estado (CoC Puerto Rico Balance of Commonwealth, CoC PR 502) y Coalición de Coaliciones (CoC South/Southeast Puerto Rico, CoC PR 503).

B. Entidad – Incluye a las organizaciones sin fines de lucro de base comunitaria y base de fe y a los municipios.

C. HMIS (Homeless Management Information System) - Es un sistema local de tecnología de la información utilizado para recopilar datos sobre la provisión de vivienda y servicios a personas y familias sin hogar y personas en riesgo de falta de vivienda.

D. Secretaría Auxiliar de Planificación e Informática – Unidad de trabajo del Departamento de la Familia en donde se trabajan los asuntos relacionados a la administración de los fondos del Programa ESG.
VI. ESTÁNDARES GENERALES

Los siguientes estándares se establecen como normas básicas o mínimas aplicables a todos los componentes auspiciados por ESG. Estos estándares deben ser aplicados por todas las entidades que reciben fondos de ESG.

A. POBLACIÓN ELEGIBLE

Los individuos y familias elegibles para recibir asistencia a través de los componentes de servicios del programa ESG deben ser personas sin hogar o en riesgo de perder su hogar, según definido por HUD. La siguiente tabla describe las características de cada categoría de persona sin hogar según establecidas por HUD:

<table>
<thead>
<tr>
<th>Tabla 1. Criterios para definir persona sin hogar</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Categoría 1: Literalmente sin hogar</strong></td>
</tr>
<tr>
<td>Individuo o familia que carece de un lugar fijo, regular, y adecuado para permanecer (pasar la noche), significando que:</td>
</tr>
<tr>
<td>a. Tiene como residencia nocturna principal un lugar público o privado no apto para la habitación humana ¹</td>
</tr>
<tr>
<td>b. Vive en un albergue público o privado designado para proveer ubicación temporera (incluyendo albergue de emergencia, vivienda transitoria, hoteles y moteles pagados por organizaciones caritativas o por programas federales, estatales o locales</td>
</tr>
<tr>
<td>c. Está saliendo de una institución donde ha residido durante los pasados 90 días o menos y que residió en un albergue de emergencia o lugar no apto para la habitación humana inmediatamente antes de entrar a la institución.</td>
</tr>
</tbody>
</table>

¹ En términos generales, el término no apto para la habitación humana es una condición que hace imposible la vida en un lugar particular, residencia o sus alrededores. Algunos ejemplos incluyen, pero no se limitan a: carros, parques, aceras, edificios abandonados, estaciones de tren o guaguas, aeropuerto, áreas de acampar, etc. Por otro lado, también podría incluir una residencia que no tiene la capacidad para la instalación de utilidades (por ejemplo, tuberías de agua rotas, cabecera dañada, etc.).
<table>
<thead>
<tr>
<th>Tabla 1. Criterios para definir persona sin hogar</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Categoría 2: En inminente riesgo de deambulación</strong></td>
</tr>
<tr>
<td>Individuo o familia que se encuentra en inminente riesgo de perder su residencia nocturna principal, y que:</td>
</tr>
<tr>
<td>a. perderá la residencia dentro de los próximos 14 días a partir de la fecha de solicitud de asistencia como persona sin hogar,</td>
</tr>
<tr>
<td>b. otra alternativa de residencia no ha sido identificada y</td>
</tr>
<tr>
<td>c. carece de recursos o redes de apoyo necesarios para obtener otra vivienda permanente.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Categoría 3: Persona sin hogar bajo otros estatutos federales</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Persona sola menor de 25 años de edad, o familias con jóvenes y niños, que de otra manera no cualifican como personas sin hogar bajo esta definición, pero:</td>
</tr>
<tr>
<td>a. Es definida como persona sin hogar bajo otra reglamentación federal</td>
</tr>
<tr>
<td>b. No ha tenido arrendamiento, interés propietario o acuerdo de ocupación en vivienda permanente durante los pasados 60 días anteriores a la solicitud de asistencia</td>
</tr>
<tr>
<td>c. Ha experimentado inestabilidad persistente, medida por dos mudanzas o más durante los pasados 60 días</td>
</tr>
<tr>
<td>d. Se espera que continúe en esta situación por un período de tiempo indeterminado debido a una necesidad especial o barrera</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Categoría 4: Huyendo / intentando huir de violencia</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Cualquier individuo o familia que:</td>
</tr>
<tr>
<td>a. Está huyendo o intenta huir de una situación de violencia doméstica, violencia de pareja, agresión sexual o acecho</td>
</tr>
<tr>
<td>b. No tiene otra residencia</td>
</tr>
<tr>
<td>c. Carece de recursos o redes de apoyo para obtener otra vivienda permanente.</td>
</tr>
</tbody>
</table>
La Tabla 2 describe los criterios para definir persona en riesgo de perder su vivienda según HUD:

**Tabla 2. Criterios para definir persona en riesgo de perder su hogar**

**Categoría 1: Individuos y familias**

a. Tiene ingreso anual por debajo del 30% de la mediana de ingreso familiar del área;  

b. No tiene suficientes recursos o redes de apoyo inmediatamente disponibles para prevenir que tengan que moverse a un Albergue de Emergencia o cualquier otro lugar definido en la Categoría 1 de la definición de persona sin hogar;  

c. Reúne una de las siguientes condiciones:

1. Se ha movido por razones económicas en dos o más ocasiones durante los pasados 60 días anteriores a la solicitud de asistencia;  

2. Está viviendo en la vivienda de otra persona debido a una situación económica;  

3. Ha sido notificado de que su derecho a ocupar su vivienda actual o el lugar donde habita terminará dentro de los próximos 21 días a partir de la fecha de solicitud de asistencia;  

4. Vive en un hotel o motel y cuyo costo no está siendo pagado por una organización caritativa o programa federal, estatal o municipal para personas de ingresos bajos;  

5. Vive en un *Single Room Ocuppancy* (SRO) o apartamento eficiente, en el cual residen más de dos personas o viven en una unidad de vivienda más grande, en la cual viven más de una persona y media por habitación;  

6. Está saliendo de una institución pública o sistema de cuidado;  

7. Vive en una unidad de vivienda que tiene características asociadas con inestabilidad y en riesgo creciente de deambulación, como ha sido identificado en el Plan Consolidado aprobado.
Tabla 2. Criterios para definir persona en riesgo de perder su hogar

Categoría 2: Jóvenes y Niños Solos
a. Joven o niño que no cualifica como persona sin hogar bajo la definición de persona sin hogar, pero cualifica como persona sin hogar bajo otra reglamentación federal.

Categoría 3: Familias con Niños y Jóvenes
a. Joven solo que no cualifica como persona sin hogar bajo la definición de persona sin hogar, pero cualifica como persona sin hogar bajo la sección 725(2) del McKinney-Vento Homeless Assistance Act\(^2\), y cuyos padres o guardianes viven con él o ella.

Las entidades que reciben fondos de ESG deben asegurarse de que los individuos y familias que solicitan asistencia relacionada con vivienda cumplan con los criterios de elegibilidad y con la definición de persona sin hogar o en riesgo de perder su hogar. HUD requiere que la ubicación en alternativas de vivienda a través de ESG no esté condicionada a recibir servicios. Por lo tanto, individuos que han recibido órdenes del tribunal para ingresar a tratamiento bajo la Ley Núm. 408-2000 (Ley de Salud Mental) o la Ley Núm. 67-1993 (Ley de la Administración de Servicios de Salud Mental y Contra la Adicción) no son elegibles para recibir servicios financiados por ESG. Los fondos ESG deben ser utilizados para responder a situaciones de emergencia relacionadas exclusivamente con falta de vivienda y no como facilidades para tratamiento.

\(^2\) Niños y jóvenes sin hogar significa: individuos que carecen de una residencia fija, regular y adecuada para pasar la noche; e incluye: (I) niños y jóvenes que comparten la vivienda de otras personas debido a la pérdida de vivienda, dificultades económicas o una razón similar; viven en moteles, hoteles, parques o áreas de acampar debido a la falta de una alternativa adecuada; viven en albergues de emergencia o transitorio; son abandonados en hospitales; o están esperando la ubicación en un hogar sustituto; (II) niños y jóvenes que tienen como residencia nocturna principal un lugar público o privado no apto para la habitación humana; (III) niños y jóvenes que viven en carros, parques, espacios públicos, edificios abandonados, viviendas precarias, estaciones de autobús o tren o entornos similares; y (IV) niños migrantes que califican como personas sin hogar para los fines de este subtítulo, porque los niños viven en circunstancias descritas en las cláusulas (I) a (III).
B. ADMISIÓN Y EVALUACIÓN INICIAL

Conforme con la reglamentación de HUD, 24 CFR 576.401 (a), el proceso de admisión para recibir servicios subvencionados por ESG, como mínimo incluirá un cernimiento (screening) inicial para determinar si el solicitante cumple o no con una de las definiciones categóricas de HUD de personas sin hogar o en riesgo de quedarse sin hogar. En caso afirmativo, el personal de la entidad realizará una evaluación del solicitante en persona para verificar su estatus como persona sin hogar, y determinar los componentes del servicio ESG para los que cualifican. Como estrategia para evaluar se utilizará la entrevista para verificar la elegibilidad y explorar las necesidades del solicitante, orientar sobre los procesos para la ubicación en un programa y los servicios que están disponibles.

La ubicación de individuos y familias en un programa de vivienda estará centrada en la preferencia de la persona y sus necesidades.

Es importante aclarar que, siguiendo los requisitos establecidos en 24 CFR 576.400 (d-e), el proceso de admisión debe ser cónsonto con el sistema coordinado de entrada (Coordinated Entry System-CES) adoptado por los CoCs). Una vez aprobado y adaptado el sistema coordinado de entrada, todas las entidades que reciben fondos de ESG deberán utilizarlo para hacer la entrada y evaluación inicial de sus participantes.

Los siguientes aspectos forman parte del proceso de admisión y evaluación inicial:

1. SISTEMA COORDINADO DE ENTRADA (COORDINATED ENTRY SYSTEM-CES)

El sistema coordinado de entrada es un proceso a ser diseñado por los CoC para facilitar el acceso de individuos y familias sin hogar a los servicios disponibles relacionados con vivienda. El objetivo principal de un sistema coordinado de entrada
es que la asistencia se distribuya lo más eficazmente posible y que sea de fácil acceso, sin importar dónde o cómo las personas se presenten para solicitar servicios. Un sistema de entrada coordinada efectivo es un componente crítico para apoyar los esfuerzos de cualquier comunidad para lograr la meta de prevenir y reducir la cantidad de personas sin hogar. Este sistema debe estar centrado en la persona, sus preferencias, y necesidades; debe proveer cemimientos estandarizados; utilizar herramientas de evaluación uniforme y; asegurar la ubicación del participante en el tipo de servicio que mejor responda a lo que desea y a sus necesidades.

De acuerdo con los requisitos de HUD [24 CFR 578.7 (a) (8)], una vez cada sistema de cuidado continuo – Balance del Estado (CoC Puerto Rico Balance of Commonwealth, en adelante CoC PR 502) y Coalición de Coaliciones (CoC South/Southeast Puerto Rico, en adelante CoC PR 503) – haya desarrollado y adoptado su sistema coordinado de entrada, todos los proveedores de servicios deberán participar y utilizar las herramientas diseñadas para llevar a cabo la entrada o admisión de participantes de servicios relacionados a vivienda que reciben fondos de los CoC y ESG [24 CFR 576.400 (d)].

De forma general, un sistema coordinado de entrada debe consistir de los siguientes pasos3:

---

3 Los pasos de un sistema coordinado de entrada puede variar según los acuerdos de los CoC. El Vulnerability Index-Service Prioritization Decision Assistance Tool (VI-SPDAT) es una herramienta de evaluación integral y universal. Esta herramienta de cernimiento ofrece la oportunidad de tomar una decisión informada y objetiva basada en el nivel de necesidad de cada individuo o familia y agilizar las determinaciones de elegibilidad y ubicación de los participantes.
Una vez aprobados estos sistemas por los CoCs, cada entidad que recibe fondos ESG o que tienen requerimientos reglamentarios de otros fondos de HUD para vivienda y servicios de apoyo para personas sin hogar deberá suscribirse y participar activamente en los procesos establecidos por el sistema coordinado de entrada, como medida de cumplimiento y ejecución. La falta de participación activa de un subrecipiente de fondos ESG del sistema coordinado de entrada podrá ser razón para retirar o no otorgarle los fondos correspondientes del Programa ESG.

2. PRIORIDADES

Las entidades subvencionadas por ESG se acogerán a las prioridades del CoC al que pertenecen para la ubicación de individuos o familias con la opción de vivienda y servicio más apropiado. Según el plan estratégico a nivel federal - Opening Doors: Federal Strategic Plan to Prevent and End Homelessness, enmendado en el 2015, la meta es priorizar las siguientes poblaciones:

a. Veteranos
b. Personas sin hogar crónicas
c. Jóvenes
d. Familias con hijos

3. DOCUMENTACIÓN

En acuerdo con la reglamentación 24 CFR 576.500 (b), cuando un individuo o familia solicita servicios relacionados con vivienda, las entidades deben documentar el estatus de vivienda del solicitante. Los documentos que evidencien la determinación de elegibilidad deben ser incluidos en el expediente de los participantes. El orden de prioridad para la validación del estatus como persona sin hogar es el siguiente:
1. Certificación por terceros
2. Certificación del Manejador de Casos
3. Certificación del participante

La determinación debe hacerse preferiblemente mediante certificaciones por terceros. Estas deben estar por escrito y pueden provenir de diversas fuentes. Por ejemplo: manejador de caso de otra entidad, trabajador de alcance en la calle, orden de protección, propietario de la vivienda donde reside el participante certificando fecha de desalojo, familiar o amigo que certifique que no podrá continuar ofreciendo alojamiento al participante, personal del municipio (no adscrito al Programa ESG) u oficial del orden público.

Las observaciones y certificación por parte del manejador de casos o la autocertificación de los participantes para determinar elegibilidad pueden utilizarse como documentación cuando la verificación por terceros no está disponible. Para quienes salen de una institución, además de solicitar la certificación como persona sin hogar, también debe mostrar:

a. Evidencia de alta/salida o referido oral o escrito⁴; o

b. Documentación en expediente que demuestre el esfuerzo del entrevistador para obtener el documento de evidencia de alta/salida y certificación del participante como que salió de una institución.

La siguiente tabla describe otros estatus de vivienda elegible y la evidencia requerida según el estatus:

---

⁴ Es importante que el documento de salida de una institución certifique el tiempo que la persona estuvo en la institución y que era persona sin hogar previo a entrar a la institución.
### Tabla 3. Evidencia requerida

**Estatus de vivienda: En inminente riesgo de deambulancia**

**Tipo de evidencia:**
- Sentencia de desahucio por Tribunal; 
- Evidencia de que tiene que abandonar el motel u hotel porque no tiene los recursos económicos para permanecer allí; 
- Declaración oral verificada y documentada; 
- Certificación de que no se ha identificado otra residencia; 
- Declaración personal u otra documentación de que el individuo carece de los recursos financieros y el apoyo necesario para obtener vivienda permanente.

**Estatus de vivienda: Persona sin hogar bajo otros estatutos federales**

**Tipo de evidencia:**
- Certificación de la organización sin fines de lucro, estado o gobierno municipal que el individuo o jefe de familia que solicita asistencia reúne los criterios de deambulancia bajo otras reglamentaciones federales; 
- Certificación de que no ha tenido vivienda permanente en los pasados 60 días; 
- Certificación de otro individuo o jefe de familia, y otra forma de documentación disponible, de que se ha mudado en dos o más ocasiones en los pasados 60 días; 
- Documentación de necesidades especiales o dos barreras o más.

**Estatus de vivienda: Huyendo o intentando huir de violencia**

**Tipo de evidencia:**
- Declaración oral de la persona o jefe de la familia buscando asistencia y razón por la que están huyendo. Esta declaración puede ser documentada por una auto-certificación o por el manejador de caso; 
- Certificación de la persona que no se ha identificado otra vivienda; 
- Certificación personal u otra documentación que evidencie que no cuenta con los recursos financieros y las redes de apoyo para obtener otra vivienda permanente.
Sin embargo, bajo ninguna circunstancia se negará acceso inmediato a un individuo o familia a un albergue o se negarán otros servicios de vivienda por falta de documentación que certifique la elegibilidad de un participante al momento de ser atendido. Tampoco se pedirá documentación adicional como: identificación, evidencia que certifique residencia legal, ingresos o empleo, plan médico, certificado de salud, certificado de antecedentes penales, y certificado de servicios de desintoxicación como requisito inicial para que el solicitante pueda acceder y recibir servicios relacionados con vivienda.

C. COORDINACIÓN DE SERVICIOS

Los programas de asistencia dirigidos a personas sin hogar deben funcionar como redes de apoyo, cuyas responsabilidades incluyen la promoción del acceso y la utilización efectiva de los servicios por las personas sin hogar. Las entidades deben coordinar e integrar, en la medida de lo posible, sus recursos financiados por ESG con otros programas que sirven a personas sin hogar o en situación de riesgo de perder su hogar dentro de su área de servicio.

Los estándares mínimos para la conexión y coordinación con otros recursos consisten en ayudar a cada participante a obtener, en el caso que aplique, servicios de apoyo adecuados incluyendo:

- Vivienda permanente
- Tratamiento médico
- Servicios de salud mental
- Consejería
- Supervisión
- Otros servicios necesarios para una vida independiente.

Esto dependerá de la elegibilidad del participante y los componentes de servicio ESG para los cuales la entidad recibe fondos.

Otros tipos de asistencia gubernamental y/o privada disponibles con los que se debe conectar a los participantes para promover la estabilidad en vivienda incluyen:

- Medicaid
- Seguro médico del estado
- Programa de Asistencia Nutricional Suplementaria
- Women, Infants and Children (WIC)
- Head Start
- Programa de Seguro de Desempleo Federal-Estatal
- Seguro de Incapacidad del Seguro Social (SSDI)
- Programa de Alimentos para el Cuidado de Niños y Adultos
- Programas dirigidos a Veteranos
- Otras asistencias disponibles

De igual manera, las actividades financiadas por fondos ESG (principalmente Albergues de Emergencia) se deben coordinar e integrar con los servicios y actividades que ofrecen los gobiernos municipales. Además, se debe establecer coordinación con las agencias y sectores agrupados bajo el Concilio Multisectorial en Apoyo a la Población sin Hogar, según establecido mediante la Ley Núm. 130-2007, Ley para crear el Concilio Multisectorial en Apoyo a la Población sin Hogar. Las agencias y sectores representados son:

- Departamento de la Familia
- Departamento del Trabajo y Recursos Humanos
- Departamento de Educación
- Departamento de Corrección y Rehabilitación
- Departamento de Salud
- Administración de Servicios de Salud Mental y Contra la Adicción (ASSMCA)
- Policía de Puerto Rico
- Oficina del Comisionado de Asuntos Municipales (OCAM)
- Coalición de Servicios a las Personas sin Hogar
- Empresas privadas representadas

D. POLÍTICAS PARA ELIMINAR BARRERAS

Las entidades deberán cumplir con requisitos de no discriminación, igualdad de acceso y alcance afirmativo, además de estándares para eliminar barreras en la entrada y provisión de servicios dirigidos a personas sin hogar. Los estándares mínimos incluyen:

1. NO DISCRIMINACIÓN 24 CFR 6.4

Las entidades deben asegurarse de que el uso de las instalaciones, la asistencia y los servicios están disponibles para todos, basados en la no discriminación. Ninguna persona será excluida de participar, se le negarán beneficios o estará sujeto a discriminación bajo cualquier programa o actividad financiada, en su totalidad o en parte, por fondos del gobierno federal por motivos de raza, color, religión, género, orientación sexual, edad, origen nacional, estatus migratorio, ascendencia, estado civil, discapacidad física o mental, porque la persona recibe asistencia pública estatal o federal o porque el individuo o familia es de un municipio diferente al que busca la asistencia.

2. IGUALDAD DE ACCESO (Equal Access Interim Rule)

La determinación de elegibilidad se realizará de acuerdo con los requisitos de elegibilidad provistos para cada programa por HUD. Las opciones de vivienda se pondrán a disposición sin importar la orientación sexual real o percibida, identidad de
género o estado civil. La ubicación de los participantes se determinará de acuerdo con la identidad de género con que se autoidentifique cada solicitante u ocupante, sin importar el sexo asignado al nacer u otros factores. Ningún dueño o administrador de una propiedad financiada con asistencia de HUD o entidad que reciba fondos de HUD puede indagar sobre la orientación o identidad de género de un solicitante o participante con el propósito de determinar la elegibilidad para recibir el servicio de vivienda. Ninguna agencia será eximida de esta reglamentación de HUD; no hay excepción para organizaciones de base de fe que reciben fondos de ESG.

Un albergue podrá preguntar por la orientación sexual o identidad de género de un participante solo cuando se refiere directamente a las áreas para dormir y/o baños compartidos, o para determinar el número de habitaciones que una familia pudiera utilizar.

Un albergue que recibe fondos ESG para las operaciones y/o servicios esenciales, y que sirve a las familias, no puede discriminar a base de su estado civil o preferencia sexual. Los albergues deben servir a los participantes elegibles, independientemente de si 1) los padres están casados, o 2) los padres son una pareja lesbiana, gay, o bisexual. No se acepta ninguna excepción.

3. **ACCESO AFIRMATIVO 24 CFR 576.407 (b)**

Los subrecipientes de fondos ESG deben dar a conocer y promover que el uso de las instalaciones, la asistencia y los servicios están disponibles para todas las personas de forma no discriminatoria. Las entidades deben tomar medidas apropiadas para asegurar una comunicación efectiva con las personas y promover información en la
comunidad sobre la ubicación de servicios, tipos de asistencia, accesibilidad para personas con discapacidad.

4. SERVICIO CENTRADO EN LA PERSONA

Servicio centrado en la persona se define como aquel servicio en el que el participante toma un rol activo en la identificación y priorización de sus necesidades de apoyo y servicios, y en el proceso de toma de decisiones en cuanto a los mismos. El manejador de caso o personal de la entidad que brinda el servicio directo debe servir como facilitador o guía del proceso. Sin embargo, como estándar mínimo se requiere que el participante sea quien determine en última instancia el tipo de servicio o apoyo que necesita. Brindar servicios desde un acercamiento centrado en la persona, promueve que el participante se apodere de su proceso de manera más proactiva.

5. REDUCCIÓN DE BARRERAS

Los individuos y familias que solicitan servicios relacionados con vivienda no serán excluidos de la asistencia debido a barreras percibidas, incluyendo, pero no limitado a, la falta de identificación personal, tarjeta de seguro social, empleo o ingreso, el consumo de drogas o alcohol, tener antecedentes penales o falta de plan médico, evidencia que certifique residencia legal, ingresos o empleo, falta de plan médico, certificado de salud. Los programas de vivienda reducirán sus barreras de evaluación en colaboración con el proceso coordinado de entrada una vez este sea establecido por los CoC. Se podrán considerar excepciones en caso de enfermedades contagiosas por aire (Ejemplo: tuberculosis) que puedan afectar la salud de los otros participantes que reciben servicio en la entidad.
6. ENFOQUE HACIA VIVIENDA PRIMERO

Vivienda Primero es un modelo que ofrece a los individuos y familias sin vivienda acceso inmediato a vivienda permanente asequible sin requisitos clínicos, tales como: completar un tratamiento o evidenciar sobriedad, y con requerimientos mínimos para el Ingreso. Vivienda Primero obtiene altos niveles de retención de vivienda, bajos retornos de personas a estar sin hogar, y reducciones significativas en el uso de servicios de crisis y en instituciones. Los estándares mínimos de Vivienda Primero incluyen los siguientes principios:

a. La falta de vivienda es ante todo una crisis de vivienda y se puede abordar a través de la provisión de viviendas seguras y asequibles.

b. Todas las personas sin hogar, independientemente de su historial de vivienda y la duración de la falta de vivienda, pueden lograr la estabilidad en vivienda permanente. Algunos pueden necesitar apoyo por un breve período de tiempo, mientras que otros pueden necesitar apoyo más intensivo y a largo plazo.

c. Todo el mundo está "listo para tener vivienda". La sobriedad, el cumplimiento con determinado tratamiento o incluso la ausencia de historial criminal no son necesarios para tener éxito en la vivienda. Más bien, los programas de vivienda y los proveedores de vivienda deben estar "listos para atender a los participantes".

d. Muchas personas experimentan una mejoría en su calidad de vida, en las áreas de salud, salud mental, uso de sustancias y empleo, como resultado de tener una vivienda.

e. Las personas sin hogar tienen derecho a la autodeterminación y deben ser tratadas con dignidad y respeto.
f. La combinación exacta entre vivienda y servicios depende de las necesidades y preferencias de las personas.

E. ACTIVIDADES RELIGIOSAS 24 CFR 576.400

Los estándares mínimos relacionados con actividades basadas en la fe son:

1. Los proveedores que reciben fondos ESG no deben llevar a cabo actividades intrínsecamente religiosas como parte de los programas o servicios financiados por ESG. Tales actividades deben ser ofrecidas por separado de los programas y servicios financiados por ESG.

2. Una organización de base de fe que recibe fondos ESG puede conservar su independencia y puede continuar con su misión, siempre y cuando los fondos ESG no se utilicen para apoyar las actividades religiosas.

3. Una organización que recibe fondos ESG no discriminará en contra de un participante o potencial participante por su religión o sus creencias religiosas.

4. La participación de individuos o familias en actividades religiosas tiene que ser voluntaria. Estas actividades no pueden ser parte del plan de servicio de un participante como modalidad de tratamiento formal.

5. Los fondos ESG no se utilizarán para la rehabilitación de estructuras utilizadas específicamente para actividades religiosas, pero pueden ser usados para la rehabilitación de las estructuras que se utilizan para las actividades elegibles de ESG.

6. El uso de fondos de ESG para el pago de retiros espirituales, pago de meriendas para servicios religiosos, pago de recursos para llevar a cabo actos religiosos o proveer transporte para actividades religiosas está prohibido.
De constatar – mediante monitoria, visita ocular a la entidad y/o evidencia en documentos escritos – que la entidad está utilizando fondos de ESG para auspiciar actividades religiosas, podrá ser razón para retirar o no otorgarle los fondos correspondientes a ESG.

F. PLAN DE SERVICIO INDIVIDUALIZADO

Las entidades deben asegurar que a cada participante que recibe asistencia a través de fondos ESG se le diseña un plan de servicios individualizado. Este plan debe estar enfocado en la ubicación y estabilidad en vivienda permanente. Los manejadores de casos deben elaborar los planes junto al participante. El plan debe girar en torno a las metas del participante, pero enfocado hacia lograr vivienda permanente.

Los planes de servicio individualizado deben ser revisados al menos cada tres meses, excepto en el componente de *rapid re-housing* que será mensual. Sin embargo, el mismo podrá ser revisado antes, de acuerdo a la necesidad del participante.

G. MANEJO DE EXPEDIENTES

La creación y mantenimiento de expedientes es un aspecto importante en la administración de los proyectos de ESG. Se deben establecer y mantener expedientes con la documentación necesaria para determinar si se cumplen los requisitos de ESG. Por otro lado, la evaluación de desempeño del proyecto depende de la información sobre los servicios y actividades reportadas, y entradas al HMIS. Los estándares mínimos relacionados con los expedientes son:

1. Asegurar la entrada de datos de los participantes al HMIS en un periodo máximo de 48 horas calendario. Las entidades deben asegurarse de tener personal disponible para entrar los datos.
2. Las entidades deberán mantener los expedientes en un lugar seguro y con acceso limitado para el personal autorizado.

3. Los expedientes deben mantenerse por un periodo mínimo de 6 años a partir del último servicio.

4. Las entidades no podrán divulgar datos de un expediente a entes u agencias fuera del proyecto sin la autorización por escrito del participante; a menos que así lo permita la ley. Los participantes deberán dar su consentimiento informado para usar o compartir los datos si se utilizan para una investigación, educar e interpretación del público.

5. Verificar o certificar de forma impresa y/o electrónica que el individuo o familia es elegible para participar de los servicios y/o ayuda financiera, según las categorías establecidas.

6. Si luego de hacerle la evaluación se determina que el individuo o la familia es inelgible, se debe colocar el expediente en un archivo asignado para mantener los expedientes de participantes que son evaluados y clasificados como no elegibles. Dicho expediente se mantendrá por 6 años. Los requisitos de manejo de expediente y documentación de ESG estipulan que, para cada individuo y familia no elegible para recibir asistencia de ESG, el expediente debe incluir documentación del motivo de dicha determinación (Véase 24 CFR 576.500 (d)).

Como mínimo, los expedientes de los participantes deben contener lo siguiente, según aplique al tipo de programa de asistencia:

1. Certificación o verificación de que el individuo o familia es persona sin hogar o está en riesgo de perder la vivienda

2. Formulario firmado para autorizar la divulgación de información
3. Formularios correspondientes a la admisión y la evaluación de necesidades del individuo o familia

4. Evidencia de que el solicitante no tiene opciones de vivienda y carece de recursos suficientes para retener la vivienda

5. Plan individualizado de servicios

6. Evidencia de que los servicios de manejo de casos fueron provistos por lo menos mensualmente.
   a. Se deben registrar todos los acercamientos realizados con cada participante y entrar la información a HMIS.

7. Cantidad y tipo de servicios esenciales provistos

8. Evidencia de referidos para obtener servicios y recursos básicos

9. Re-avalúo de elegibilidad

10. Notificación por escrito de que los servicios fueron terminados de acuerdo con 24 CFR 576.402 y/o 24 CFR 578.91.

Para los participantes bajo el componente Alcance en la Calle:

1. Se requiere que todas las entidades bajo ESG que reciben fondos para ofrecer Alcance en la Calle abran un expediente a cada participante en HMIS desde el primer contacto.

2. Luego, cuando haya un compromiso de parte del participante para recibir servicios, se documentarán todos los servicios ofrecidos.

3. Si a los 90 días de haber abierto el expediente, el individuo o familia no aparece, se podrá cerrar el expediente y dar salida en el HMIS.
Para los participantes bajo **Albergue de Emergencia:**

1. Para los albergues donde los participantes pasan la noche y tienen que salir por la mañana, la documentación se debe obtener cada noche.

2. Para los albergues diurnos se debe documentar la entrada y salida de los participantes cada día.

3. Si los participantes del programa pueden permanecer más de una noche, entonces la documentación debe ser obtenida en la primera noche que pasa en el albergue.

4. Evaluación visual relacionada con la pintura a base de plomo.

5. Luego de la entrevista inicial, los participantes del programa se volverán a evaluar según el caso vaya progresando o por lo menos cada treinta (30) días.

Para los participantes bajo **Prevención y Rapid Re-Housing:**

1. Verificación / certificación de que el participante del programa cumple con los requisitos de ingresos

2. Verificación de estándares de revisión ambiental (solo aplica para Rapid Re-housing)

3. Evaluación visual relacionada con la pintura a base de plomo

4. Documentación relacionada con el cumplimiento de la renta con el mercado justo y la razonabilidad de alquiler

5. Acuerdo de asistencia de alquiler firmado entre la entidad sub-recipient y propietario

6. Contrato de arrendamiento firmado entre participante y propietario

7. Verificación de atrasos relacionados con renta de alquiler pendientes

8. Documentación de los pagos realizados a nombre del participante

10. El expediente debe incluir notas que verifiquen que se hizo el re-avalúo de elegibilidad por lo menos cada 3 meses para Prevención, o al menos 1 vez al año para Rapid Re-Housing.

**H. REVISIÓN AMBIENTAL**

A fin con la reglamentación 24 CFR 58, las entidades deben presentar su certificado de revisión ambiental para poder operar. Esta certificación también será requerida antes de rehabilitar, convertir o renovar un albergue o posible albergue y antes de proveer asistencia para alquiler. Las revisiones ambientales son aceptables por un periodo de cinco años. Los costos para llevar a cabo la revisión ambiental pueden ser financiados con fondos administrativos.

**I. MEDIDAS DE DESEMPEÑO ESTABLECIDAS POR HUD**

La Ley HEARTH (2009) en el artículo 427 describe los criterios establecidos por HUD para evaluar los sistemas que proveen asistencia relacionada con vivienda para personas sin hogar. El propósito de establecer estos criterios es fomentar el uso eficiente de los servicios dispuestos para las personas sin hogar, mejorando así la coordinación e integración de las ayudas disponibles, y fomentando la medición de progreso y éxito de las organizaciones subvencionadas. El buen desempeño de las entidades subvencionados por fondos ESG estará sujeto al cumplimiento de las medidas establecidas por HUD para
cada componente de servicio. Los estándares relacionados con las medidas de desempeño por componente se detallan más adelante en este documento.

J. POLÍTICA DE TERMINACIÓN DE ASISTENCIA

Se podrá terminar la asistencia a un participante de ESG si este viola los requisitos del Programa o si deja de cumplir con los requisitos de elegibilidad (ej: cambios en el ingreso).

Sin embargo, la terminación de asistencia debe ocurrir solamente en los casos más severos y después que otras medidas remediativas hayan sido consideradas. La terminación de asistencia debe llevarse a cabo mediante un proceso formal que reconozca los derechos del participante siguiendo el debido proceso de ley (24 CFR 576.402).

Las entidades deben hacer una distinción entre la terminación de asistencia para la vivienda y la terminación de otros servicios complementarios (ej: manejo de casos, mediación, asesoría legal). En los casos en que el individuo o la familia reciban otros servicios complementarios a la asistencia para la vivienda, la terminación de asistencia para la vivienda no necesariamente implica la terminación de los demás servicios complementarios. Esto, siempre y cuando el individuo o la familia continúen siendo elegibles para recibir dichos servicios complementarios y que los mismos estén vinculados con la estabilización u obtención de una nueva vivienda.

La terminación de asistencia no necesariamente impide que una entidad pueda volver a ofrecer en un futuro los mismos servicios complementarios y/o asistencia para la vivienda.

---

6 El Departamento de la Familia, en acuerdo con los CoC’s, se reserva el derecho de revisar y/o modificar las medidas de desempeño anualmente.
6 Refusarse a recibir tratamiento de salud mental, uso de sustancias y/o rehusar participar de actividades religiosas, no deben ser razones para la terminación de asistencia.
dicho participante. La entidad podrá volver a ofrecer los servicios al participante siempre y cuando se cumplan las siguientes condiciones:

1. Las causas que provocaron la terminación de asistencia sean resueltas

2. El participante cumpla con los criterios de elegibilidad

3. No haya excedido el tiempo máximo de duración del servicio

4. En el caso de Prevención o Rapid Re-Housing que hayan pasado 3 años

Una vez esté operando el sistema coordinado de entrada (Coordinated Entry System), en los casos de terminación de asistencia que lo ameriten, el participante deberá ser reforzado a dicho sistema para una reevaluación y ubicación en algún otro servicio o programa que sea parte del CoC. Así mismo, las entidades deben tomar las medidas necesarias para coordinar con distintas agencias de gobierno según los casos de terminación de lo requieran (es altamente recomendable que las entidades desarrollen sus políticas para manejar la terminación de asistencia sin violentar la reglamentación de HUD).

**PROCESO PARA LA TERMINACIÓN DE ASISTENCIA**

La entidad deberá orientar de manera efectiva al participante sobre el proceso de terminación de asistencia y de revisión formal. Para que un proceso de terminación de asistencia sea considerado formal debe consistir mínimamente de lo siguiente:

1. Notificación escrita al participante que exprese claramente las razones de la terminación de asistencia.

2. Un procedimiento formal de revisión de la decisión en el cual el participante pueda expresar verbalmente o por escrito cualquier objeción. Este proceso de revisión debe llevarlo a cabo una persona que no sea la misma que tomó la determinación o un subordinado de esta.
3. Emitir una notificación escrita al participante con la decisión final.

**NOTIFICACIÓN ESCRITA DE TERMINACIÓN SE ASISTENCIA**

La notificación escrita de terminación de asistencia deberá incluir mínimamente lo siguiente:

1. La acción o decisión de la entidad
2. Las razones por las cuales se termina la asistencia
3. La fecha en que dicha acción o decisión es efectiva
4. El derecho de la familia o individuo a una explicación sobre la base de la decisión de la entidad
5. Los procedimientos para pedir una vista si la familia o el individuo disputa la acción o decisión
6. El tiempo límite para pedir la vista
7. A quién se dirigirá la petición para la vista
8. Una copia de los procedimientos de vista de la entidad

**PROCEDIMIENTO REVISIÓN FORMAL**

La revisión formal no puede ser realizada por la persona que tomó o aprobó la decisión bajo revisión, ni por un subordinado de dicha persona. Una petición para una revisión formal deberá ser recibida por escrito al cierre de las horas de oficina, no más tarde de diez (10) días calendario desde la fecha de la notificación emitida por la entidad. La revisión formal será programada dentro de diez (10) días calendario de la fecha de recibo de la petición. La entidad deberá notificar por escrito al participante lo siguiente:

1. La fecha y la hora de la vista
2. El lugar donde se celebrará dicha vista
3. El derecho de la familia o individuo de traer evidencia, testigos, abogados u otra clase de representación legal costeado con su dinero

4. El derecho a revisar cualquier documento o evidencia en posesión de la entidad, sobre la cual se ha basado la acción propuesta y pagado por la familia, obtener copias de todos los documentos antes de la vista.

El participante podrá objetar verbalmente o por escrito la decisión. Se enviará una notificación de los hallazgos de la revisión por escrito al solicitante dentro de treinta (30) días calendario después de la revisión. Esta incluirá:

1. La decisión del oficial de la entidad
2. Una explicación de las razones para la decisión
3. El derecho del participante a iniciar un proceso judicial una vez concluya la revisión formal, si este entiende que se han violado sus derechos.

K. SISTEMA DE QUERELLAS

Toda entidad financiada por fondos ESG deberá tener un procedimiento para manejar reclamaciones hechas por los participantes. La política para el manejo de reclamaciones debe garantizar un proceso justo y eficiente para presentar, atender y resolver las mismas. Para fines de los proyectos subvencionados con fondos ESG, cada entidad deberá regirse por la política de reclamaciones del CoC (Sistema de Cuidado Continuo) al que pertenece. Por lo tanto, todo el personal de ESG debe estar al tanto de la política de reclamación del CoC al que pertenece su entidad.

Los estándares mínimos para atender reclamaciones deben contener:
Además, los siguientes aspectos deben ser considerados a la hora de manejar un proceso de reclamación:

1. Las denuncias verbales de primera o segunda mano pueden ser consideradas una reclamación.

2. Una notificación escrita por la persona y/o denuncia documentada para manejar un reclamo o queja es considerada como una reclamación.

3. La entidad debe asegurarse de que el reclamante conozca a cabalidad el proceso para someter la reclamación, y el proceso para objetarla si no estuviera satisfecho con la resolución de la misma.

4. Si la resolución proporcionada por la organización no fue satisfactoria para el reclamante, este puede presentar su reclamo por escrito al Departamento de la Familia, al CoC al que pertenece la entidad y/o al Concilio Multisectorial en Apoyo a la Población sin Hogar.

5. Si el reclamante no quiere que su nombre figure en cualquier documento, se protegerá su identidad.

6. Si el reclamante no está dispuesto a documentar la reclamación por escrito, algún representante del Departamento de la Familia, del CoC o del Concilio Multisectorial en Apoyo a la Población sin Hogar puede documentar lo sucedido.

Cada situación debe ser tratada con seriedad y sensibilidad, y se documentará en el expediente con fecha, hora, nombre del programa y la naturaleza del reclamo; así como cualquier acción tomada hacia la resolución. Todas las quejas o reclamaciones que incluyan adultos o niños vulnerables deben ser entregadas inmediatamente a las autoridades correspondientes.
L. CONFLICTO DE INTERESES

Según establecido por HUD (24 CFR 576.404) y el documento "Organizaciones Sin Fines de Lucro: Uso de la Propiedad y los Fondos Públicos" publicado por la Oficina del Contralor de Puerto Rico, los estándares mínimos relacionados a conflicto de intereses incluyen:

1. CONFLICTO DE INTERESES ORGANIZACIONALES

   a. Adoptar normas de conducta ética que apliquen a todo el personal, incluyendo al cuerpo directivo. Estas deben contener disposiciones que atiendan, entre otras, situaciones:

      1) Conflicto de interés, en apariencia o real

      2) Nepotismo⁷

      3) Favoritismo, aparente o real

   b. Se prohíbe a los empleados de la entidad participar en procesos, donde la persona o la familia de la persona, socio o cualquier organización que tenga interés financiero directo, pueda obtener beneficio de cualquier transacción financiada con fondos de este Programa.

   c. Además, se prohíbe la aceptación de remuneración, favores o cualquier pago de un contratista, consultor u otra entidad cuyos servicios sean prestados a la organización o municipio. El código debe contener disposiciones para evitar el nepotismo que aplique tanto al personal como a la junta de directores.

   d. La entidad no puede estar a nombre del director ejecutivo de la entidad o algún miembro específico de la junta de directores de la entidad.

---

⁷ Se refiere a nepotismo como: usar el poder o la influencia para conceder el favoritismo a los parientes sin importar el mérito.
e. Una persona no puede ocupar las posiciones de director ejecutivo y presidente de la junta de directores en una entidad.

2. **CONFLICTO DE INTERESES INDIVIDUALES**

   a. Se prohíbe a cualquier persona, en una posición de toma de decisión o que haya ocupado un puesto en la entidad, que se beneficie u obtenga provecho personal de actividades financiadas con fondos ESG. Esta exclusión debe continuar por un año adicional una vez la persona ha dejado de trabajar en la entidad. Esto aplica a cualquier persona que sea empleado, agente, miembro de la junta de directores, consultor, funcionario o funcionario electo o designado de los municipios o entidad.

   HUD puede otorgar una excepción caso a caso cuando determine que servirá para adelantar el propósito del Programa ESG y que promoverá el uso eficiente de los fondos. Al solicitar una dispensa la entidad debe proveer lo siguiente:

   1. Un relevo de la naturaleza del conflicto acompañado por la evidencia mostrando que se ha revelado el conflicto públicamente y una descripción de cómo se llevó a cabo el proceso.
   2. Una opinión del abogado de la entidad donde establezca que el interés para el cual solicita la excepción no violenta la ley local ni estatal.
VII. ESTÁNDARES POR COMPONENTE

A. ALCANCE EN LA CALLE

Los servicios de Alcance en la Calle están diseñados para satisfacer las necesidades inmediatas de las personas sin hogar en lugares inhóspitos, conectándolos con albergues de emergencia, vivienda y/o servicios críticos como servicios de salud. El servicio de Alcance en la Calle debe estar centrado en localizar, identificar y establecer relaciones con las personas sin hogar que se encuentran en la calle con el objetivo de apoyarles en la obtención de una vivienda permanente y sostenible. Todo servicio de Alcance en la Calle estará acompañado de un manejo de casos.

1. Participantes Elegibles

Los servicios de Alcance en la Calle deben estar dirigidos a individuos o familias cuya situación de vivienda sea cónsola con las siguientes categorías:

a. Categorías 1.a: Individuos o familias que pasan la noche en un lugar público o privado, el cual no está diseñado para ser habitado por seres humanos. Esto incluye, pero sin limitarse, automóviles, parques, edificios abandonados, estaciones de tren o de autobuses, aeropuertos o áreas de acampar.

b. Categorías 4: Cualquier individuo o familia que está huyendo o intenta huir de violencia doméstica; no tiene otra residencia; y carece de recursos o redes de apoyo para obtener otra vivienda permanente.

2. Servicio en la Calle

Toda actividad y servicio de Alcance en la Calle deberá ser proporcionado directamente en la calle o en otros lugares no aptos para ser habitados por humanos. Por lo tanto, no se pagará por actividades de alcance que se lleven a cabo en
facilidades, oficinas u organizaciones. Toda entidad que reciba fondos para ofrecer los servicios de alcance deberá ofrecer los mismos al menos tres (3) veces en semana. El itinerario de servicios será provisto en la solicitud de la propuesta. El Plan Individualizado de Servicios para los participantes debe estar enfocado en proveer alguna intervención apropiada relacionada con la obtención de vivienda.

3. **Personal de Alcance**

Las entidades deben asegurar que el personal destacado para ofrecer servicios de Alcance en la Calle esté debidamente adiestrado. El personal de alcance debe ser competente para identificar las necesidades y tener las destrezas para conectarse y vincularse de manera efectiva y empática con los individuos, según cada caso. Deberán estar enfocados y comprometidos en proveer asistencia inmediata, intervención y conexiones con programas de servicio para personas sin hogar y/o servicios sociales y de salud necesarios. El horario del personal de alcance debe ser flexible para que le permita responder a las necesidades de los participantes y atender los conflictos que se produzcan.

4. **Duración del Servicio**

Las entidades que reciben fondos para actividades de Alcance en la Calle deben proveer servicios de alcance a las personas y familias sin hogar durante el período que se le proporcionan los fondos ESG.

5. **MEDIDAS DE DESEMPEÑO**

Cónsono con HUD, los estándares mínimos relacionados a las medidas de desempeño como parte del componente de Alcance en la Calle son como se detallan en la Tabla 4.
Tabla 4. Medidas de Desempeño – Alcance en la Calle

- Número de personas que recibieron los servicios
- Número de personas que salieron del programa
- Porcentaje de personas que se comprometieron a recibir los servicios
- Porcentaje de personas que tuvieron un Plan Individualizado de Servicios
- Porcentaje de personas que cumplieron con su Plan Individualizado de Servicios
- Porcentaje de personas que aumentaron sus ingresos de cualquier fuente
- Porcentaje de personas ubicadas en albergue de emergencia
- Porcentaje de personas ubicadas en albergue transitorio
- Porcentaje de personas ubicadas en vivienda permanente

6. Actividades Elegibles

La Tabla 5 muestra las actividades elegibles para los servicios de Alcance en la Calle.

Tabla 5. Actividades Elegibles para Alcance en la Calle

Servicios Esenciales

Los costos elegibles y estándares mínimos para proveer servicios de Alcance en la Calle son:

- Servicios de “Engagement” – Estos servicios consisten en actividades para localizar, identificar, establecer relaciones con personas sin hogar con el propósito de proveer servicios de apoyo inmediato, intervención y referido a programas de ayuda para personas sin hogar, servicios sociales fundamentales y vivienda. Se considera que hay engagement cuando un individuo o familia se compromete a recibir los servicios que ofrece el programa. Las actividades elegibles como parte del “engagement” consisten de:
  - Cumplimiento de elegibilidad y evaluación de necesidades
  - Servicios de intervención en crisis
  - Atender necesidades de salud física crítica
- Proveer alimentación
- Ropa, sábanas, artículos de aseo personal
- Referidos

⇒ **Manejo de Casos** – Las actividades de manejo de casos deben consistir en evaluar las necesidades de vivienda y de servicios, organizar, coordinar y supervisar la prestación de servicios individualizados para satisfacer las necesidades del participante. Los servicios elegibles y actividades son las siguientes:
  - Evaluación integrada según lo establezca el CoC
  - Evaluación inicial, incluyendo la verificación y documentación de elegibilidad
  - Consejería
  - Coordinación de los servicios para obtener beneficios tanto federales como estatales
  - Monitorear y evaluar el progreso de los participantes
  - Desarrollar un plan individualizado de vivienda y servicios, dirigido hacia la obtención de una vivienda permanente y estable.

⇒ **Servicios de Salud de Emergencia** – Las actividades relacionadas con salud de emergencia son elegibles en la medida en que otros servicios y tratamientos adecuados no estén disponibles o sean inaccesibles en la comunidad. Esto incluye el tratamiento de salud ambulatorio provisto por profesionales de la salud que puedan trabajar en ambientes comunitarios, tales como: calles, parques, campamentos, etc. Entre los costos elegibles se consideran:
  - Evaluar la condición de salud y desarrollar un plan de tratamiento
  - Ayudar al participante a entender sus necesidades de salud
  - Proveer tratamiento médico de emergencia y servicios de seguimiento
  - Proveer medicamentos
Servicios de Emergencia de Salud Mental – Los servicios de salud mental son actividades elegibles en la medida en que otros servicios y tratamientos adecuados no estén disponibles o sean inaccesibles en la comunidad. El tratamiento debe ser ofrecido por un profesional con licencia para tratar condiciones de salud mental y que pueda ofrecer los servicios en ambientes comunitarios, tales como: calles, parques, etc. Los servicios de salud mental consisten en intervenciones de índole terapéutica, problemas personales, familiares o laborales, con el fin de solucionar el problema o mejorar las circunstancias tanto personales como familiares. Los tratamientos elegibles son:

- Intervenciones en crisis
- Prescripción de medicamentos psicotrópicos
- Orientaciones sobre el uso y manejo de medicamentos
- Combinaciones de enfoques terapéuticos para enfrentar múltiples problemas

Transportación – Los gastos de viaje elegibles son los incurridos por el personal de servicio de alcance (trabajadores sociales, médicos, profesionales de la salud u otros proveedores de servicio) para prestar el servicio directo contemplado en la reglamentación. Estos incluyen:

- Gastos para transportar a los participantes a lugares de servicios, tratamiento, albergue, vivienda u otra facilidad de servicio
- El costo de transportación pública de los participantes
- El pago de millaje al personal de servicios mientras utiliza su vehículo privado para prestar el servicio directo contemplado en la reglamentación
- La compra o alquiler de vehículos para transportar al personal de servicio o participantes elegibles
- El costo de gasolina, seguros, impuestos y mantenimiento del vehículo

Servicios para poblaciones especiales 24 CFR 576.101 (a)(6) – Los fondos de Alcance en la Calle pueden ser utilizados para servir a poblaciones con necesidades especiales de acuerdo con la definición de la reglamentación de HUD (jóvenes, víctimas de violencia doméstica, personas con VIH/SIDA, víctimas de violación, acoso, etc.).
B. ALBERGUE DE EMERGENCIA

Por **Albergue de Emergencia** se entiende cualquier instalación utilizada principalmente para proveer servicios de albergue temporal para personas sin hogar o poblaciones específicas sin hogar. Las camas financiadas por ESG no podrán ser reportadas bajo ningún otro fondo federal. Bajo **Albergue de Emergencia** no se puede requerir que los ocupantes firmen un contrato o acuerdos de ocupación para recibir servicios. Tampoco se cobrará cargo económico alguno a individuos o familias que participen de los servicios de **Albergue de Emergencia**.

1. **Participantes Elegibles**

Los servicios de **Albergue de Emergencia** deben estar dirigidos a individuos o familias que su situación de vivienda sea cónsana con las siguientes categorías:

- **Categoría 1**: literalmente sin hogar
- **Categoría 2**: en riesgo inminente de perder su hogar
- **Categoría 3**: persona sin hogar bajo otros estatutos federales
- **Categoría 4**: huyendo/intentando huir de violencia doméstica

Los fondos de **Albergue de Emergencia** pueden ser utilizados para servir a poblaciones con necesidades especiales de acuerdo con la definición de la reglamentación de HUD (jóvenes, víctimas de violencia doméstica, personas con VIH/SIDA, víctimas de violencia, acoso, etc.). Solamente las entidades que tengan un historial documentado de servir efectivamente a estas poblaciones podrán acceder a estos fondos. Las protecciones básicas establecidas a través del **Violence Against Women Act (VAWA)** aplican a las unidades de albergue de emergencia subvencionadas a través de ESG.
Los proveedores de servicio de **Albergue de Emergencia** para familias no podrán denegar la admisión utilizando como criterio que haya menores de 18 años. De no haber espacios disponibles en el **Albergue de Emergencia**, la entidad podrá utilizar los fondos para vales de hotel o motel para el individuo o la familia hasta un período máximo de 30 días.

Los albergues de emergencia deben asegurarse de siempre tener una persona adiestrada que pueda hacer la entrada de los participantes e ingresar los datos a HMIS. La entrada de los datos debe hacerse en un periodo de 48 horas calendario.

2. **Ambiente del Albergue**

Las entidades, a través de su personal de servicio, deberán proveer un ambiente acogedor, seguro, cómodo, con respeto y dignidad para todos los participantes sin importar su procedencia. La ubicación de los participantes se determinará de acuerdo con la identidad de género con que se autoidentifique cada solicitante u ocupante, sin importar el sexo asignado al nacer u otros factores.

3. **Operación de Albergue**

Los fondos ESG podrán ser utilizados para mantenimiento (incluyendo reparaciones menores o rutinarias), alquiler, seguridad, servicios de agua y energía eléctrica, equipos, seguros, alimentos, mobiliario y materiales necesarios para la operación del albergue. Las actividades de mantenimiento:

- No añaden valor al edificio/propiedad
- No prolongan considerablemente la vida útil del edificio/propiedad
- No adaptan el edificio/propiedad para nuevos usos.
Algunos ejemplos de actividades de mantenimiento podrían incluir actividades, tales como: sellado de un techo que gotea, arreglo de tubo roto, reemplazo de una ventana rota, arreglo de grieta en una acera, tapar hoyos en estacionamiento y la reparación de partes de una verja. De tener que recurrir en gastos significativos, debe consultar primero al DF para obtener la autorización.

4. Vivienda Primero

Todas las entidades que reciben fondos ESG deben seguir los principios del modelo de Vivienda Primero. Bajo este modelo, los participantes deben tener acceso a una vivienda permanente con la mayor agilidad posible. Las entidades que reciben fondos para Albergue de Emergencia deben documentar que sus participantes están recibiendo algún tipo de servicio coordinado conducente a la obtención de vivienda permanente.

5. Diferidos

Los programas de desviación de albergues son identificados por la National Alliance to End Homelessness como una práctica de prevención dirigida a personas que buscan entrar en un albergue. Esta práctica ayuda a individuos o familias que buscan albergue a identificar vivienda alternativa (como quedarse con amigos o familiares) en lo que se encuentra la vivienda más estable disponible. También permite conectar a individuos o familias con servicios y asistencia financiera para ayudarles a regresar a una vivienda permanente. Los casos diferidos tienen el potencial de reducir la demanda en los albergues de emergencia retrasando la entrada o evitando el tiempo de estadía por completo. Además, puede reducir el estrés y el trauma que la entrada a un albergue pueda causar en la vida cotidiana de un individuo o familia.
6. Referidos

Los participantes que son ubicados en Albergues de Emergencia deben tener acceso a los servicios esenciales elegibles bajo el componente, ya sea mediante la prestación directa de servicios por parte de las entidades y/o referidos a otros recursos y proveedores de servicios.

7. Duración del Servicio

La estadía prolongada en albergues de emergencia se debe evitar en la medida de lo posible. El tiempo promedio que un participante debe permanecer en un Albergue de Emergencia no debe exceder de 90 días sin que se haya ubicado en vivienda permanente. Las entidades deben re-evaluar a los participantes de Albergue de Emergencia, de forma continua, para agilizar el tiempo en que se pueda ubicar en vivienda permanente.

Se dejará de ofrecer servicios de Albergue de Emergencia a los participantes en caso de que estos decidan salir o cuando han obtenido con éxito una vivienda segura y permanente. Se recomienda a los proveedores de servicios de albergue no concluir los servicios a individuos y familias que no han obtenido una vivienda permanente.

Una vez cada CoC haya desarrollado y adoptado su sistema de entrada coordinada, los programas de albergues de emergencia están obligados a trabajar estrechamente con los sistemas coordinados de entrada de las entidades para asegurar que los participantes se refieren a los recursos de vivienda más apropiados, incluyendo, pero no limitados a Rapid Re-Housing y Vivienda Permanente [24 CFR 576.400 (d)].
8. **Separación Involuntaria de la Familia 24 CFR 576.102 (B)**

Cualquier grupo de personas que se presentan juntos para recibir servicios relacionados a vivienda y se identifican como una familia, independientemente de la edad o de la relación u otros factores, se tienen que considerar como una familia y deben ser servidos juntos como tal.

Además, cualquier albergue que recibe fondos bajo ESG, incluyendo las organizaciones de base de fe, no pueden discriminar a un grupo de personas que se presenta como familia basado en su composición familiar (por ejemplo, adultos y niños o solo adultos), la edad de cualquier miembro de la familia, el estado de incapacidad de algún miembro de la familia, el estado civil, orientación sexual percibida o real, o identidad de género. La edad y el sexo de un niño menor de 18 años no deben ser utilizados como base para denegar la admisión de cualquier familia a cualquier albergue que recibe fondos ESG.

9. **Seguridad y Protección 24 CFR 576.403 (B)**

Las entidades que proveen servicios de **Albergue de Emergencia** deben crear políticas y procedimientos que proporcione un ambiente seguro para los participantes de los albergues y el personal. Todos los participantes deben ser informados sobre medidas de seguridad básicas del albergue. El personal a cargo debe conocer las medidas de seguridad, reglas del albergue y protocolos a seguir en caso de una emergencia.

Cualquier **Albergue de Emergencia** que reciba asistencia para las operaciones del albergue también debe cumplir con estándares mínimos de seguridad, sanidad, y de privacidad. Los estándares mínimos incluyen, pero no se limitan a:
a. **Estructura y materiales:** Los edificios tienen que estar estructuralmente firmes, de manera que no representen una amenaza a la salud y a la seguridad de los ocupantes, protegiendo a los residentes de cualquier peligro o amenaza. Cualquier renovación (incluyendo rehabilitación mayor y transformación) llevada a cabo con la ayuda de ESG debe considerar productos certificados como *Energy Star* y *Water Sense*.

b. **Acceso:** Los albergues tienen que ser accesibles y con capacidad para ser utilizados sin tener que acceder al mismo a través de otra unidad. Los edificios han de proveer medios alternos para salir en caso de fuego.

c. **Espacio y seguridad:** Excepto aquellos albergues diseñados solo para uso durante el día, todo albergue debe proveer a cada residente espacio adecuado y seguridad tanto para ellos como para sus pertenencias. Cada participante debe tener una cama con sábanas limpias.

d. **Calidad del aire:** El aire interior debe estar libre de contaminantes que pudiera poner en peligro o perjudicar la salud de los participantes. Cada habitación o espacio ha de ser provisto con ventilación natural o mecánica. Las estructuras han de estar libres de contaminantes en el aire que puedan representar una amenaza a la salud de los residentes.

e. **Suministro de agua:** El suministro de agua en el albergue debe estar libre de contaminación.

f. **Instalaciones sanitarias:** Cada participante debe tener acceso a instalaciones sanitarias que se encuentren en condiciones óptimas de operación, sean privadas, y adecuadas para el aseo personal.
g. **Ambiente Térmico**: La vivienda ha de tener equipo adecuado para calefacción o enfriamiento de la unidad.

h. **Iluminación y electricidad**: El albergue ha de tener iluminación adecuada ya sea natural o artificial. Dicha iluminación debe permitir llevar a cabo actividades en el interior del albergue y apoyar la salud y seguridad de los residentes. Además, debe tener la capacidad eléctrica suficiente para permitir el uso de enseres eléctricos sin causar peligros y riesgos de fuego.

i. **Preparación de alimentos**: Si hay áreas para la preparación de alimentos, han de contener suficiente espacio y equipo para guardar, preparar y servir alimentos de manera sanitaria.

j. **Las condiciones sanitarias**: El albergue debe estar en condiciones que no representen una amenaza a la salud del participante.

k. **La seguridad contra incendios**: El albergue debe cumplir con las siguientes condiciones:

1) Tener al menos un detector de humo (de batería oalambrado) en condiciones apropiadas para su funcionamiento, en cada nivel de la unidad. En cuanto a seguridad contra incendios, cada unidad ha de tener al menos un detector de humo, en condiciones apropiadas para su funcionamiento, en cada nivel de la unidad. Los detectores han de estar colocados en los pasillos contiguos a las habitaciones. Si la unidad está ocupada por una persona con problemas de audición, los detectores han de tener un sistema de alarma diseñado para personas con impedimentos auditivos en cada habitación ocupada por una persona con problemas de audición.
2) Las áreas públicas de todo albergue han de estar equipadas con detectores de humo; un número suficiente pero no menos de uno para cada área. Las áreas públicas incluyen pero no se limitan al "laundry", área de cuidado de niños, pasillos, escaleras y otras áreas comunes.

10. Medidas de Desempeño

Consonante con HUD, los estándares mínimos relacionados a las medidas de desempeño como parte del componente de **Albergue de Emergencia** son como se detallan en la Tabla 6.

<table>
<thead>
<tr>
<th>Tabla 6. Medidas de Desempeño – Albergue de Emergencia</th>
</tr>
</thead>

La Tabla 7 muestra las actividades elegibles para los servicios de **Albergue de Emergencia**.
Tabla 7. Actividades Elegibles para el Albergue de Emergencia

SERVICIOS ESENCIALES

Los siguientes servicios son elegibles como parte del componente de Albergue de Emergencia:

⇒ Manojo de Casos — Las actividades relacionadas al manejo de caso deben estar dirigidas a la evaluación de necesidades de vivienda y de servicios, organizar, coordinar y supervisar la prestación de servicios individualizados para satisfacer las necesidades del participante. Los servicios y actividades elegibles son las siguientes:
  o Evaluación inicial, incluyendo verificar y documentar la elegibilidad
  o Consejería
  o Desarrollar y coordinar servicios para obtener beneficios tanto federales como estatales.
  o Monitorear y evaluar el progreso de los participantes
  o Proveer una evaluación de riesgo y un plan de seguridad para aquellas víctimas de violencia doméstica, abuso sexual, y acoso.
  o Desarrollar un plan individualizado de vivienda y servicios, dirigido hacia la vivienda permanente.

⇒ Cuido de niños — Las actividades de cuido son elegibles siempre y cuando los niños sean menores de 13 años o aquellos con discapacidades que podrán recibir el servicio hasta los 18 años. Los centros de cuido deben estar licenciados por el Departamento de la Familia. Los costos elegibles son:
  o Cuido
  o Meriendas y comidas
  o Actividades para el desarrollo de los menores

⇒ Servicios de Educación — Los servicios elegibles de educación son actividades dirigidas a la enseñanza y aprendizaje para que los participantes mejoren su capacidad para obtener y mantener una vivienda, reciban educación en salud, prevención de uso problemático de sustancias, alfabetización, y preparación para
el GED (General Educational Development Test) y diversas habilidades para la vida. Los costos elegibles son:
- Educación en Salud
- Prevención de uso de sustancias
- Inglés
- Cursos para obtener el cuarto año

⇒ **Asistencia en el empleo y adiestramiento** – Los costos para la asistencia relacionada con empleo y los programas de capacitación laboral son elegibles, incluyendo cursos presenciales y/o en línea; formación relacionada con el espacio de trabajo; y servicios para ayudar a las personas a obtener empleo, adquirir habilidades de aprendizaje y/o aumentar el potencial de ingresos. Las destrezas de aprendizaje incluyen: aquellas destrezas que pueden usarse para asegurar y retener un trabajo, incluyendo la adquisición de licencias vocacionales y/o certificados. Los servicios para asistir en la obtención de empleo consisten en: pruebas vocacionales, adiestramiento para la búsqueda de empleo, adiestramiento y tutorías especiales, libros y material didáctico, asesoramiento laboral y referidos a los recursos de la comunidad.

⇒ **Servicios ambulatorios de salud** – Los gastos elegibles son para tratamiento ambulatorio de condiciones médicas y deben ser provistos por profesionales médicos con licencia. Los fondos ESG solamente pueden ser utilizados para servicios de salud siempre y cuando los mismos estén inaccesibles o no estén disponibles en el área de servicio. Los fondos pueden ser utilizados para servicios de salud de emergencia tales como:
- Evaluar la condición de salud y desarrollar un plan de tratamiento
- Ayudar al participante a entender sus necesidades de salud
- Proveer tratamiento médico de emergencia y de seguimiento
- Proveer medicamentos
- Proveer servicios dentales preventivos y no cosméticos

⇒ **Servicios Legales** – Los fondos pueden ser utilizados para contratar un abogado (pago por hora) para prestar servicios de asesoramiento legal para garantizar al
participante el derecho a obtener o mantener una vivienda. Si la organización tiene un abogado como parte de su personal podrá subvencionar el salario de este. No se podrán pagar servicios legales relacionados a inmigración, ciudadanía e hipotecas. No se podrán pagar gastos por adelantado ni contingentes. Los criterios para ofrecer los servicios legales serán los siguientes:

- El programa provee hasta $500.00 de costos de abogados (la facturación deberá ser por hora de servicio prestada)
- Los servicios legales estarán relacionados con:
  - Manutención
  - Custodia
  - Paternidad
  - Emancipación
  - Separación
  - Órdenes de protección
  - Remedios civiles para poblaciones con necesidad especial
  - Apelaciones de veteranos
  - Reclamaciones por beneficios gubernamentales denegados
  - Órdenes de arresto

**Destrezas de Vida** - Estos servicios están dirigidos a ayudar al participante a funcionar de manera independiente en la comunidad. Las actividades para proveer destrezas de vida a los participantes podrán ser costeados con los fondos ESG. Las actividades elegibles son:

- Manejo de presupuesto
- Manejo del hogar
- Manejo de conflictos
- Compra de alimentos y artículos de primera necesidad
- Nutrición
- Transportación Pública
- Paternidad/maternidad responsable
**Salud Mental** — Los servicios de salud mental son intervenciones terapéuticas dirigidas a problemas personales, familiares o laborales, con el fin de solucionar el problema o mejorar las circunstancias tanto personales como familiares. El servicio debe ser provisto por un profesional con licencia para trabajar condiciones de salud mental. Los fondos ESG podrán ser utilizados para estos fines en la medida en que los servicios de salud mental adecuados no estén accesibles o disponibles en la comunidad. Las actividades elegibles son:

- Intervención en crisis
- Prescripción de medicamentos psicótropos
- Orientaciones sobre el uso y manejo de medicamentos
- Orientaciones sobre combinaciones de enfoques terapéuticos para enfrentar múltiples problemas.

**Tratamiento uso problemático de sustancias** — Estos servicios deberán estar diseñados para prevenir, reducir, eliminar y evitar recurrencias (recaídas) relacionadas con el uso problemático de sustancias. Los servicios deben ser provistos por profesionales licenciados o certificados. Estos servicios solamente pueden ser provistos con fondos ESG siempre y cuando los mismos estén inaccesibles o no estén disponibles en el área de servicio. Las actividades elegibles son:

- Admisión y evaluación del participante
- Tratamientos ambulatorio hasta 30 días
- Consejería individual y grupal
- Pruebas de dopaje

**Los gastos de hospitalización para tratamientos de desintoxicación de drogas y alcohol son inelegibles.**

**Transportación** — Las actividades elegibles consisten en los costos de transporte de los viajes de un participante hacia y desde la asistencia médica, empleo, cuidado de niños u otras instalaciones de servicios esenciales elegibles. Las categorías de gastos elegibles de transporte incluyen:

- El costo de transporte pública de los participantes.
El pago de millaje al personal de servicios mientras utiliza su vehículo privado para prestar el servicio directo contemplado en la reglamentación (se sugiere como herramienta la calculadora de DTOP).

- La compra o alquiler de vehículos para transportar al personal de servicio o a los participantes.
- El costo de gasolina, seguros, impuestos y mantenimiento del vehículo.

**SERVICIOS DE REHABILITACIÓN Y/O RENOVACIÓN DE FACILIDADES**

Toda renovación/rehabilitación de un albergue tiene que cumplir con los requisitos de evaluación ambiental establecidos por HUD en el 24 CFR 58. Además, la entidad que propone el proyecto deberá entregar el permiso de construcción al Departamento de la Familia antes de comenzar las obras de renovación/rehabilitación para obtener la autorización para la liberación de fondos. Los fondos de ESG podrán cubrir la labor, materiales y otros costos necesarios para la rehabilitación o transformación de una estructura que será utilizada como un **Albergue de Emergencia**. Es requisito que el edificio sea propiedad del municipio o de la entidad sin fines de lucro que propone el proyecto.

**Período mínimo de uso de la estructura** — El periodo de utilización del edificio como albergue dependerá de los fondos ESG utilizados para la renovación de la estructura, en relación al costo del bien inmueble (establecido bajo tasación), según se describe en la siguiente tabla:

<table>
<thead>
<tr>
<th>Rehabilitación y/o Renovación de Facilidades</th>
<th>Tiempo de uso requerido</th>
<th>Criterios</th>
</tr>
</thead>
<tbody>
<tr>
<td>Rehabilitación mayor— La mano de obra, materiales, herramientas y otros costos de la mejora de los edificios, que no sean reparaciones menores o de rutina.</td>
<td>10 años.</td>
<td>Rehabilitación de un albergue que conlleva costos mayores al 75% del valor del edificio antes de ser rehabilitado.</td>
</tr>
</tbody>
</table>

---

8 El Permiso de Construcción se puede conseguir a través de la Oficina de Gerencia de Permisos (OGPe).
En general, una actividad que agregue de forma sustancial al valor del edificio, prolongue su vida útil o lo adapte a usos nuevos sería considerada renovación o conversión. Dependiendo del costo de la renovación y valor del edificio se considerará una rehabilitación menor o una rehabilitación mayor. Las entidades que soliciten fondos para renovación, rehabilitación mayor o conversión deben:

- Incluir planos para la inspección de pintura a base de plomo si se sospecha que el albergue a ser rehabilitado contiene este material peligroso y/o si fue construido antes de 1978.
- Presentar el certificado de revisión ambiental.
- Presentar Permiso de Construcción.

Las actividades inelegibles relacionadas a renovación, rehabilitación y conversión son:

- Adquisición de bienes inmuebles
- Nueva construcción
- Limpieza de la propiedad para la demolición
- Administración de rehabilitación
- Capacitación del personal o actividades de recaudación de fondos asociadas con la rehabilitación
- Mantenimiento y reparación del edificio (podrían ser elegibles como parte de la operación de albergue).
Bajo este componente se consideran los siguientes albergues:

1. **ALBERGUE DIURNO**

Los fondos de ESG pueden ser usados para **Albergues Diurnos** (los participantes no pernoctan en la facilidad) que cumplan con los criterios bajo la definición de albergue de emergencia **24 CFR 576.102**. Si el propósito principal de la entidad es brindar albergue temporal a las personas sin hogar en general o a subpoblaciones específicas, y no requiere que los ocupantes firmen contratos de arrendamiento o de ocupación, el **Albergue Diurno** cumple con la definición de Albergue de Emergencia y puede ser financiado como un Albergue de Emergencia en virtud de ESG. El objetivo principal debe ser evidente en las características del albergue.

Como mínimo, las personas sin hogar deben poder permanecer en la instalación durante las horas que esté abierto. Para que un **Albergue Diurno** use los fondos de ESG para servir como un Albergue de Emergencia, la entidad debe cumplir con los requisitos que se aplican a los sub-recipientes de ESG con respecto a los fondos y actividades de albergue. Solo se considerarán **Albergues Diurnos** si cumplen con lo siguiente:

a. Cada participante debe ser evaluado para verificar la elegibilidad como persona sin hogar e identificar el tipo de asistencia y servicios que necesita. Esta evaluación debe realizarse de acuerdo con el **24 CFR 576.401 (a)**.

b. La elegibilidad de cada participante y su estatus como persona sin hogar deben ser documentados de acuerdo con los requisitos del **24 CFR 576.500 (b)**.
c. Los datos del participante y de los servicios ofrecidos deben entrarse en el HMIS local. Esto debe ser completado de acuerdo con los requisitos en 24 CFR 576.400 (f).

d. La entidad debe seguir los estándares escritos [requeridos bajo 24 CFR 576.400 (e)] relacionados con albergues de emergencia y servicios esenciales (servicios de salud mental, trabajo social, manejo de casos, enfermería y establecer un plan de servicio dirigidos a ubicar en vivienda permanente, etc.).

e. Los costos de servicios como manejo de casos, servicios de salud mental, trabajo social, consejería, etc. proporcionados a personas sin hogar en el albergue serán elegibles bajo servicios esenciales, siempre y cuando los costos cumplan con la regla 24 CFR 576.100 (d) y 24 CFR 576.102.

f. Los costos de proveer lavandería o comidas en el albergue serán elegibles bajo las operaciones de Albergue de Emergencia, siempre y cuando los costos cumplan con la regla 24 CFR 576.100 (d) y 24 CFR 576.102.

2. ALBERGUE TRANSITORIO

Los Albergues Transitorios están diseñados para proveer a familias o individuos vivienda provisional y servicios de apoyo necesarios para que puedan moverse a una vivienda permanente. La cláusula de excepción de HUD, conocida como grandfather clause, permite que las entidades que fueron financiadas en el año fiscal 2010 puedan ser elegibles para recibir fondos de ESG para albergues transitorios.

Todas las entidades que estén amparadas bajo la grandfather clause deberán cumplir con los estándares mínimos que aplican a los albergues de emergencia en las siguientes áreas:
a. Participantes elegibles

b. Ambiente del albergue

c. Separación involuntaria de la familia

d. Seguridad y protección

Toda entidad que ha recibido fondos de ESG ininterrumpidamente como Albergue Transitorio desde el año 2010 podrá continuar operando bajo esta clasificación. Sin embargo, los CoC y/o el DF podrán evaluar los proyectos de albergue transitorio para determinar si el programa debe ser reasignado bajo otro componente o modelo de servicio como por ejemplo: rapid rehousing. Los proyectos nuevos no podrán operar como albergue transitorio.

Los siguientes aspectos deben ser tomados en consideración al administrar fondos destinados a ofrecer servicios de Albergue Transitorio:

a. Participantes Elegibles

Los servicios de Albergue Transitorios deben estar dirigidos a individuos o familias cuya situación de vivienda sea cónsona con las siguientes categorías:

1) Categoría 1: literalmente sin hogar

2) Categoría 2: en riesgo inminente de perder su hogar

3) Categoría 4: huyendo/intentando huir de violencia doméstica

Los participantes que estén bajo la Categoría 3 (persona sin hogar bajo otros estatutos federales) podrán ser elegibles para albergue transitorio si el CoC al que

---

9 Cualquier grupo de personas que se presenten juntos para recibir servicios relacionados a vivienda y se identifican como una familia, independientemente de la edad o de la relación u otros factores, se tienen que considerar como familia y deben ser servidos juntos como tal [24 CFR 576. 102 (b)].
pertenece la entidad ha solicitado y recibido la aprobación de HUD para servir a esta población.

Los **Albergues Transitorios** deben priorizar las siguientes poblaciones:

1) Jóvenes que no estén emancipados
2) Personas huyendo/intentando huir de violencia doméstica
3) Personas que buscan recuperarse de alguna adicción

Toda entidad que bajo la *grandfather clause* opere como albergue transitorio, le aplicarán los mismos estándares que a los albergues de emergencia en términos de participantes elegibles, ambiente del albergue, separación involuntaria de la familia, seguridad y protección.

b. **Duración del Servicio**

Los fondos pueden ser utilizados para cubrir costos de vivienda y servicios de apoyo hasta un máximo de veinticuatro (24) meses. Los participantes del programa de vivienda transitoria deberán completar un acuerdo de arrendamiento por un término de, al menos, un (1) mes. El mismo debe ser renovado automáticamente al expirar, excepto cuando sea notificado por escrito con antelación por cualquiera de las dos partes, o hasta un máximo de 24 meses. Los servicios de apoyo deben estar disponibles en todo momento mientras el participante residan en el albergue transitorio.

Algunos servicios complementarios de seguimiento pueden ser provistos hasta seis (6) meses después que el participante deje de recibir los servicios de albergue transitorio.
c. Limitaciones Aplicables a Albergues Transitorios 24 CFR 578.79

Una persona sin hogar puede permanecer en un Albergue Transitorio por un periodo mayor de veinticuatro (24) meses, si el participante no ha podido ser ubicado en una vivienda permanente y/o si requiere más tiempo de ajuste para prepararse para la vida independiente. Sin embargo, el DF puede descontinuar los fondos para los proyectos de Albergue Transitorio si más de la mitad de sus participantes permanecen en el proyecto por más de 24 meses.

La entidad debe tomar en consideración que, ubicar un participante o familia en un Albergue Transitorio podría afectar su elegibilidad para otros programas. Por ejemplo, las personas que están ubicadas en albergues transitorios, en ocasiones no cualifican para programas que de rapid re-housing financiados por CoC. En los casos de personas sin hogar crónicas, la ubicación en un Albergue Transitorio elimina su estatus de cronicidad. Esto podría limitar el acceso de esta población a servicios especializados de salud y/o vivienda permanente.

d. Medidas de Desempeño

Cónsono con HUD, los estándares mínimos relacionados a las medidas de desempeño como parte del componente de Albergue Transitorio son como se detallan en la Tabla 8:

<table>
<thead>
<tr>
<th>Tabla 8: Medida de Desempeño – Albergue Transitorio</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Número de personas que ingresó en albergue de transitorio</td>
</tr>
<tr>
<td>• Número de personas que salieron del programa</td>
</tr>
<tr>
<td>• Porcentaje de personas que cumplieron con su plan de servicios</td>
</tr>
<tr>
<td>• Porcentaje de personas que aumentaron sus ingresos de cualquier fuente</td>
</tr>
<tr>
<td>Tabla 8: Medida de Desempeño – Albergue Transitorio</td>
</tr>
<tr>
<td>--------------------------------------------------</td>
</tr>
<tr>
<td>• Porcentaje de personas que permanecieron en el albergue por menos de 24 meses</td>
</tr>
<tr>
<td>• Porcentaje de personas que permanecieron en el albergue por más de 24 meses</td>
</tr>
<tr>
<td>• Porcentaje de personas ubicadas en vivienda permanente</td>
</tr>
</tbody>
</table>

Las actividades de Prevención están diseñadas para prevenir la entrada a albergues y promover la retención de vivienda. Mientras, las actividades de Rapid Re-Housing están diseñadas para mover a las personas sin hogar de forma rápida a una vivienda permanente. Estos dos componentes de servicio tienen algunas diferencias (ver Tabla 9); sin embargo, ambos ofrecen servicios de reubicación y estabilización, y asistencia financiera. Además, proveen para asistencia de alquiler a corto y mediano plazo.

**Tabla 9. Comparación entre Prevención y Rapid Re-Housing**

<table>
<thead>
<tr>
<th><strong>Prevención</strong></th>
<th><strong>Rapid Re-Housing</strong></th>
</tr>
</thead>
</table>
| **Participantes elegibles** | **Categoría 2**: en riesgo inminente de perder su hogar

Categoría 4: huyendo o intentando huir de violencia doméstica  
**En riesgo de perder el hogar**: todas las categorías  
Ingreso anual por debajo del 30% | **Categoría 1**: literalmente sin hogar  
Categoría 4: huyendo o intentando huir de violencia doméstica (si individuos o familia también están literalmente sin hogar) |
| **Propósito** | **Ayudar a las personas sin hogar que viven en la calle o en un albergue de emergencia en el proceso de transición a una vivienda permanente para que sea lo más rápido posible, y luego  
Ayudar a estas personas a lograr la estabilidad en la vivienda** |
| **Re-evaluación** | **Cada 3 meses**  
Debe tener un ingreso igual o inferior a 30% de la renta media del área geográfica donde vive, y  
Carecer de recursos y red de apoyo | **Cada 12 meses**  
Debe tener un ingreso igual o inferior al 30% de la renta media del área geográfica donde vive, y  
Carecer de recursos y red de apoyo |
| **Actividades elegibles** | **Servicios de reubicación y estabilización, y asistencia financiera**  
Asistencia de alquiler a corto y mediano plazo | **Servicios de reubicación y estabilización, y asistencia financiera**  
Asistencia de alquiler a corto y mediano plazo |
Los siguientes aspectos deben ser tomados en consideración al administrar fondos destinados a ofrecer servicios de Prevención y Rapid Re-Housing:

1. **Elegibilidad por Ingresos**

   Durante la evaluación inicial se verificarán los ingresos del individuo o familia para determinar la elegibilidad de acuerdo a lo requerido por HUD para servicios de **Prevención** (no aplica a Rapid-Re Housing). Esta indagación es importante, ya que le permitirá al manejador de casos verificar los documentos entregados por el participante y así validar el ingreso anual. El ingreso del individuo o familia no podrá exceder el 30% de la mediana para el área geográfica y el tamaño familiar. Para facilitar la verificación de la mediana, HUD tiene disponible la calculadora de ingresos. Las entidades podrán utilizar la calculadora de ingresos como una herramienta para determinar la elegibilidad de ingresos, y la cantidad de asistencia para los beneficiarios de los programas.

   Los estándares mínimos para la determinación del ingreso anual de un individuo o familia consisten en el cálculo de ingresos de acuerdo con 24 CFR 5.609. El ingreso anual se define como la suma de la cantidad de ingresos monetarios o la ausencia de estos. Los siguientes criterios serán utilizados para determinar el ingreso de la familia:

   a. Los ingresos pueden estar a nombre del jefe de familia o cónyuge (aunque esté temporalmente ausente) o bajo cualquier otro miembro de la familia.

   b. La cantidad proyectada que la familia recibirá en un período de 12 meses después de la admisión o reevaluación anual; y que no estén excluidos específicamente en 24 CFR 5.609 (c).
c. Los ingresos anuales pueden ser las cantidades que se derivan (durante el período de 12 meses) de bienes a los que cualquier miembro de la familia tiene acceso.

Cónséquese con la reglamentación 24 CFR 5.609 (b), para determinar el ingreso máximo del grupo familiar se utilizará como guía lo siguiente:

a. **Ingreso por empleo** - La cantidad completa de ingresos brutos que recibe el participante adulto antes de contribuciones y deducciones. Esto incluye ingresos de salarios, sueldos, propinas, bonificaciones, comisiones y otros.

b. **Ingresos de Negocios** - Ingreso neto devengado de la operación de un negocio o profesión.

c. **Ingreso por intereses y dividendos** - Ingresos por concepto de activos incluyendo los intereses de cuentas de cheques o de ahorros, intereses y dividendos de certificados de depósito, acciones o bonos, o ingresos provenientes de rentas de propiedad inmueble.

d. **Ingreso por pensión y retiro** - Ingreso mensual por concepto de beneficios de seguro social, anualidades, pólizas de seguros, retiro, pensiones, incapacidad o cualquier pago similar que reciba periódicamente la familia.

e. **Ingresos por incapacidad y/o desempleo** - Pago mensual de desempleo, incapacidad, seguro social por incapacidad, Fondo del Seguro del Estado.

f. **Asistencia Económica** - Ingreso mensual proveniente de agencias gubernamentales (TANF) excluyendo las cantidades designadas para albergue, utilidades, WIC, cupones de alimentos (asistencia nutricional o PAN) y cuidado de niños.
g. **Pago por manutención, pensión “foster care”** - Ingresos por concepto de pensión de niños menores o pensión personal por concepto de divorcio y pagos por “foster care”.

h. **Ingreso de las Fuerzas Armadas** - Ingresos por ser miembro de las fuerzas armadas de los Estados Unidos (Reserva, Guardia Nacional, ARMY, etc.).

Las entradas que se excluirán del cálculo de ingreso son las siguientes, según 24 CFR 5.609 (c):

a. **Ingresos de hijos menores** - Ingreso por el trabajo de los hijos menores de 18 años (incluyendo “foster kids”).

b. **Ingresos por Cuidado Sustituto** - Ingresos recibidos por el cuidado de menores bajo el Programa de Cuidado Sustituto o por cuidado de adultos bajo el programa de “foster care” (usualmente incluye personas con discapacidad).

c. **Herencias y pagos de seguros** - Pagos globales por herencias, seguros, ganancias capitales, pagos por seguros médicos y de accidentes y compensación del trabajador, y arreglos económicos por pérdidas personales o patrimoniales.

d. **Reembolsos por gastos médicos** - Cantidad recibida por la familia destinadas específicamente a reembolso o gastos médicos por cualquier miembro de la familia.

e. **Amas de llaves** - Ingreso por ser una ama de llaves viviendo en la unidad de vivienda donde provee servicio de apoyo.

f. **Becas a estudiantes** - La cantidad total de la asistencia económica a estudiantes pagada directamente al estudiante o a la institución educativa.
g. **Paga especial a miembros de las fuerzas armadas en servicio activo** - El ingreso recibido por un miembro de la familia que está sirviendo en las fuerzas armadas.

h. **Pagos de autosuficiencia** - Los ingresos recibidos por lo siguiente:

1) Ingreso recibido como resultado de programas de adiestramiento financiados por HUD

2) Ingreso recibido por una persona con impedimentos que recibe ayuda bajo algún programa

3) Ingreso recibido por un participante en otros programas de asistencia pública como reembolso por los gastos que haya incurrido en (equipo especial, ropa, transportación, cuidado de niños) y que se otorgan solo para permitir la participación en un programa específico

4) Ingresos y beneficios que resulten de la participación de un miembro de la familia en programas de capacitación de empleo estatales o locales. Las cantidades excluidas por esta sección deben haberse recibido bajo programas de capacitación de empleo con metas y objetivos claramente definidos, y solo serán excluidas por el período durante el cual el miembro de la familia participe en el programa de capacitación de empleo.

i. **Regalos** - Dinero regalado, esporádico no recurrente y temporero.

j. **Ingresos de estudiantes a tiempo completo que son mayores de 18 años** - Ingreso de estudiantes a tiempo completo, y que son mayores de 18 años, que excedan los $480. Si es el jefe de familia o el cónyuge se incluyen en su totalidad.
k. **Ingresos por hijos adoptivos** - Ingreso recibido como pago de asistencia para adopción que excedan los $480 por cada niño adoptado.

l. **Pagos periódicos diferidos o ingreso de seguro social suplementario** - Beneficios de seguro social que se reciban en un pago de una suma global o en posibles pagos mensuales.

m. **Reembolsos por concepto de contribuciones sobre la propiedad** - Ingreso recibido por la familia como reembolso a la ley estatal de contribuciones sobre la propiedades.

n. **Ingresos pagados por una agencia estatal para reducir el costo de los servicios** - El equipo necesario para que un miembro de la familia con impedimentos pueda seguir viviendo en el hogar.

o. **Otras exclusiones federales** - Otros ingresos específicamente excluidos como ingreso para efectos de determinar elegibilidad o beneficios bajo una categoría DE PROGRAMAS DE ASISTENCIA POR ALGUNA OTRA LEY FEDERAL.

2. **Seguridad y Protección 24 CFR 576.403 (B)**

Las entidades que proveen servicios de vivienda permanente deben crear políticas y procedimientos que proporcionen un ambiente seguro para los participantes de los albergues y el personal. La entidad no puede usar los fondos de ESG para ayudar a un participante del programa a permanecer o mudarse a una vivienda que no cumpla con los estándares mínimos de habitabilidad y seguridad. Los estándares mínimos de seguridad y protección incluyen, pero no se limitan a:

a. **Estructura y materiales** - La construcción de la vivienda tiene que estar estructuralmente firme, tal que no represente una amenaza a la salud y a la
seguridad de los ocupantes, protegiendo a los residentes de cualquier peligro o amenaza.

b. **Acceso** - La vivienda tiene que ser accesible y con capacidad para ser utilizada sin tener que acceder a la misma a través de otra unidad.

c. **Espacio y seguridad** - La vivienda debe proveer a cada residente espacio adecuado y seguridad tanto para ellos como para sus pertenencias.

d. **Calidad del aire** - Cada habitación o espacio debe contar con ventilación natural o mecánica. La vivienda ha de estar libre de contaminantes en el aire que amenacen la salud de los residentes.

e. **Suministro de agua** - El suministro de agua debe estar libre de contaminación.

f. **Instalaciones sanitarias** - La vivienda deberá contar con acceso a facilidades sanitarias que funcionen de manera apropiada, puedan ser utilizados en privado y que sean adecuados para la higiene personal, y para disponer de manera adecuada de desperdicios humanos.

g. **Iluminación y electricidad** - La vivienda debe tener iluminación natural o artificial adecuada para permitir las actividades normales de interior, y apoyar la salud y la seguridad de los residentes. Debe tener la capacidad eléctrica suficiente para permitir el uso de enseres eléctricos sin causar peligros y riesgos de fuego.

h. **Preparación y disposición de alimentos** - Las áreas para preparar alimentos han de contener suficiente espacio y equipo para guardar, preparar y servir alimentos de manera sanitaria.

i. **Condiciones sanitarias** - La vivienda debe estar en condiciones que no representen una amenaza a la salud del participante.
j. **Seguridad contra incendios** - La vivienda debe cumplir con las siguientes condiciones:

1) Tener una salida alterna en caso de incendio u otra emergencia.

2) Cada unidad deberá tener al menos un detector de humo (de batería o alambrado) en condiciones apropiadas para su funcionamiento, en cada nivel de la unidad ocupada. Los detectores han de estar colocados en los pasillos contiguos a las habitaciones. Si la unidad está ocupada por una persona con problemas de audición, los detectores han de tener un sistema de alarma diseñado para personas con impedimentos auditivos en cada cuarto ocupado por una persona con problemas de audición.

3. **Habitabilidad de la Vivienda**

El Programa ESG requiere que todas las unidades de vivienda estén en cumplimiento con los estándares de habitabilidad. Las entidades que reciben fondos ESG deberán inspeccionar las unidades y documentar la inspección. Ninguna entidad deberá comprometer o desembolsar fondos ESG para alquiler de vivienda hasta que la inspección esté realizada y la vivienda esté aprobada.

a. **Inspección Visual de la Pintura Deteriorada para Determinar Riesgo de Plomo**

Las entidades que reciben fondos de ESG son responsables de asegurarse que en las viviendas no haya materiales peligrosos que puedan afectar la salud o seguridad de los participantes/residentes (ej: pintura de plomo). Esto según los requerimientos identificados en 24 CFR 576.403 y 24 CFR 578.99(f), incluyendo la Política de Prevención de Envenenamiento por Pintura a Base de Plomo (42 USC 4821-4846) y la Política de Reducción de Riesgos Provocados por Pintura a Base
de Plomo en Residencias (42 USC 4851-4856). Es requisito que se realice la inspección de pintura de plomo en todas las unidades bajo ayuda, incluyendo aquellas unidades en las que solo se pagan las utilidades. Las viviendas que sufren mayor riesgo de contaminación por pintura a base de plomo son principalmente aquellas construidas antes del 1978. La inspección puede ser realizada por un empleado de la entidad o del municipio. Esta persona debe haber tomado y aprobado el curso de evaluación visual ofrecido por HUD. La certificación del empleado debe ser incluida como anexo al formulario de inspección en el expediente del participante. Para acceder al curso de evaluación visual puede ir a la siguiente dirección electrónica: http://www.hud.gov/offices/lead/training/visualassessment/00101.htm.

b. Inspección Visual de Estándares de Habitabilidad

De igual manera, la estructura debe cumplir con estándares básicos de habitabilidad (ej: ventilación, iluminación y electricidad, espacio para preparación de alimentos, condiciones sanitarias, seguridad contra incendios, entre otras). La inspección de estándares de habitabilidad se debe llevar a cabo en aquellas unidades en las que el participante se muda por primera vez.

4. Notificación de Reparaciones al Dueño de la Vivienda

En caso de que la unidad de vivienda no cumpla con alguno de los estándares establecidos se deberá notificar al dueño de la unidad de las fallas para que este corrija las mismas. Será responsabilidad del dueño llevar a cabo las reparaciones en el tiempo requerido. Los siguientes aspectos serán considerados de emergencia y deben ser corregidos por el dueño o el residente (el que sea responsable) dentro de las 24 horas desde la notificación del Inspector:
a. Falta de seguridad en la unidad

b. Agua acumulada en el techo, con inminente peligro de derrumbe

c. Filtraciones o inundaciones causadas por tubería defectuosa

d. Problema de electricidad que pueda ocasionar choque eléctrico o fuego

e. Falta de servicio de agua o electricidad

f. Vidrios rotos que puedan ocasionar daños a personas

g. Obstáculo que evite la entrada o salida de la unidad

h. Falta de un inodoro en función

La entidad podrá conceder una extensión de un día adicional si la persona responsable no puede ser notificada o si es imposible hacer la reparación dentro del período de 24 horas.

5. **Re-Evaluación de Elegibilidad**

La siguiente tabla muestra los estándares mínimos para la re-evaluación de individuos y familias:

<table>
<thead>
<tr>
<th>TIEMPO</th>
<th>PREVENCION</th>
<th>RAPID RE-HOUSING</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>los participantes deben ser re-evaluados al menos 1 vez cada 3 meses.</td>
</tr>
</tbody>
</table>
Tabla 10. Re-evaluación de Individuos y Familias

- En el caso de Prevención debe tener un ingreso igual o inferior a 30% de la renta media del área geográfica donde vive, según determinado por HUD, en el momento de la reevaluación anual; y
- Carecer de recursos y red de apoyo.

6. Medidas de Desempeño

Los estándares para las medidas de desempeño como parte del componente de Prevención son:

Tabla 11. Medidas de Desempeño - Prevención

- Número de personas que recibieron los servicios de prevención
- Número de personas que salieron del programa
- Número de personas que recibieron asistencia económica
- Porcentaje de personas que recibieron servicios de relocalización de vivienda y servicios de estabilización durante el periodo de servicio
- Porcentaje de personas que cumplieron con su plan de servicio
- Porcentaje de personas que aumentaron sus ingresos de cualquier fuente
- Porcentaje de personas que permanecieron en vivienda permanente

Los estándares para las medidas de desempeño como parte del componente de Rapid Re-Housing son:

Tabla 12. Medidas de Desempeño – Rapid Re-Housing

- Número de personas que recibieron los servicios de RRH
- Número de personas que salieron del programa
- Número de personas que recibieron asistencia económica
- Porcentaje de personas que recibieron servicios de relocalización de vivienda y servicios de estabilización durante el periodo de servicio
Tabla 12. Medidas de Desempeño – Rapid Re-Housing

- Porcentaje de personas que cumplieron con su plan de servicio
- Porcentaje de personas que aumentaron sus ingresos
- Porcentaje de personas que se ubicaron en vivienda permanente

Las actividades elegibles para los componentes de Prevención y Rapid Re-Housing son las indicadas en la Tabla 13 a continuación:

Tabla 13: Actividades elegibles para Prevención y Rapid Re-Housing

SERVICIO ELEGIBLE: ASISTENCIA DE ALQUILER

Según establecido por HUD, se puede proporcionar a un participante hasta 24 meses de ayuda para el alquiler durante un período de 3 años, sujeto a las condiciones generales contenidas en el 24 CFR 576.103 y 24 CFR 576.104. Se podrá ofrecer asistencia de alquiler a corto-mediano plazo, pago de los atrasos de alquiler, o cualquier combinación de estas ayudas. Se requiere que las organizaciones y municipios certifiquen, y documenten la elegibilidad de los participantes al menos, una vez cada tres meses. La asistencia de alquiler puede ser “tenant-based” o “project-based”. Al momento, todos los casos atendidos de Prevención y Rapid Re-Housing son tenant-based.

La asistencia “tenant-based” permite a los participantes del programa seleccionar una unidad de vivienda. El individuo o familia debe mudarse dentro del área geográfica a la que la entidad ofrece servicios. Si el participante decide mudarse a otro lugar que no está dentro de la jurisdicción geográfica en la que opera el CoC del cual forma parte la entidad, el participante deberá darse de baja del sistema HMIS. De esta manera se evitan los duplicados de servicios que arroja el sistema HMIS.

La asistencia de alquiler bajo “project-based” requiere que la entidad, municipio o una agencia contratada identifique unidades de vivienda permanente que cumplan con los requisitos de ESG. En esta modalidad, la entidad firma un contrato de asistencia de alquiler con el propietario para reservar la unidad y hacerla disponible para alquiler a participantes elegibles del programa.
Según dispuesto por HUD en 24 CFR 576.106, la asistencia de alquiler debe cumplir con los estándares del programa que incluyen:

**Asistencia a corto plazo**
- La ayuda **no puede exceder de tres meses** para cubrir el alquiler de la vivienda.
- Luego de 3 meses, si un participante necesita asistencia de alquiler para permanecer en la vivienda, este ha de ser evaluado para determinar su elegibilidad para recibir asistencia por 21 meses adicionales, bajo asistencia de alquiler a mediano plazo para un total de 24 meses.

**Asistencia a mediano plazo**
- La asistencia de alquiler a mediano plazo puede ser provista por un período de entre 4 y 24 meses.
- Ningún participante del programa puede recibir **más de 24 meses** de asistencia.
- Cada pago de renta se sustraerá del total de meses por los que se puede ofrecer la asistencia (24 meses)

**Asistencia para pago de atrasos de alquiler**
- La ayuda para pagar atrasos en renta **no puede exceder de 6 meses**. Se pagará el atraso de los últimos 6 meses según la factura. El pago por utilidades atrasadas se sustraerá del total de meses por los que se puede ofrecer la asistencia (24 meses).

**Asistencia para cubrir gastos de moteles y hoteles**
- Bajo el Programa ESG los fondos pueden ser utilizados para cubrir los gastos razonables de hoteles y moteles. El periodo máximo permitido por el programa es de 30 días, si no hay camas apropiadas de albergue disponibles y si se ha identificado vivienda de alquiler, pero la misma no está inmediatamente disponible. El pago máximo de hotel será de $200.00 por noche.

**Restricciones para proveer la asistencia de alquiler**
- La asistencia de alquiler es posible solo si la cantidad del alquiler no excede el monto de mercado justo establecido (**Fair Market Rent**) por HUD, como se

- En caso de que la vivienda tenga más de 5 habitaciones se utilizará la renta máxima de 4 cuartos añadiéndole un factor de aumento del 15% por cada habitación adicional. Las rentas se ajustarán anualmente según sean publicadas por HUD.
- Si el participante ocupa una vivienda de alquiler donde el pago mensual es mayor a los límites establecidos por HUD, deberá buscar otra vivienda que se considere asequible. No puede exceder los límites establecidos por la reglamentación federal para el municipio donde está ubicada la propiedad.
- Un participante no puede recibir pagos de asistencia de alquiler por parte de otro programa de vivienda local, estatal o federal para pagar alquiler durante el mismo periodo de tiempo que recibe ayuda del Programa ESG [24 CFR 576.196 (c)].

**Contrato de alquiler:** La asistencia de alquiler a corto y mediano plazo requiere un contrato de alquiler tanto entre la entidad y el propietario; así como uno entre el propietario y participante del programa. Las entidades están obligadas a hacer pagos de asistencia para alquiler solo a un propietario con quien la entidad ha entrado en un acuerdo de asistencia de alquiler. Un acuerdo de asistencia de alquiler es un documento separado al contrato de alquiler. El acuerdo de asistencia de alquiler debe establecer los términos bajo los que se proveerá la asistencia de alquiler, incluyendo los siguientes requisitos:

- En el primer pago se incluirá el primer y último mes de renta, además del depósito de fianza.
- Durante el término del acuerdo, el propietario debe notificar por escrito a la entidad sobre su intención de desahuciar al participante antes de iniciar cualquier trámite.
- Fecha de vencimiento de los pagos, el periodo de gracia y las penalidades, de haber alguna.
Si la asistencia de alquiler es “tenant-based” o “project-based”

El contrato con el propietario se considerará terminado y los pagos para alquiler cesarán si:

- El participante de programa se muda de la unidad para la cual tiene un contrato;
- El contrato entre el participante y el dueño se termina, y no es renovado; o
- El participante del programa es ineligible para recibir la ayuda de alquiler ESG.

Pagos atrasados: Las entidades deben hacer los pagos a tiempo a cada propietario conforme al contrato de arrendamiento. La entidad es responsable de pagar las multas por pagos atrasados en que ha incurrido. Sin embargo, no podrá utilizar fondos de ESG para pagar.

La entidad debe hacer los pagos a tiempo a cada propietario conforme a lo estipulado en el contrato de arrendamiento. El pago debe emitirse en un periodo no mayor de 30 días. No se podrá utilizar fondos de ESG para pagar penalidades.

SERVICIO ELEGIBLE: ASISTENCIA FINANCIERA

Sujeto a las condiciones generales en 24 CFR 576.103 y 24 CFR 576.104, los fondos ESG pueden ser utilizados para pagar a propietarios de vivienda, compañías de servicios públicos, y terceros. La asistencia financiera debe cumplir con los estándares del programa que incluyen:

Tarifa de solicitud para alquiler: Los fondos ESG pueden pagar la tarifa de solicitud de viviendas de alquiler que cobra el propietario a todos los solicitantes.

Depósitos de seguridad: El pago por depósito de seguridad no excederá de dos (2) meses de alquiler de la vivienda (Un mes de depósito inicial y uno final). Cuando se emita un cheque para pagar el depósito del alquiler, el mismo se hará a nombre del arrendador.

Último mes de alquiler: El pago no excederá de un (1) mes de alquiler y se incluirán en el cálculo de la asistencia total del alquiler del participante.
Depósito para pago de agua y energía eléctrica: Se puede pagar con fondos ESG la energía eléctrica (Autoridad de Energía Eléctrica) y el agua (Autoridad de Acueducto y Alcantarillado).

Pago por agua y energía eléctrica:
- Los pagos no deben exceder veinticuatro (24) meses por participante, incluyendo hasta seis (6) meses de pagos por agua o energía eléctrica atrasadas (se emitirá un solo pago para saldar la deuda).
- Los pagos a deudas atrasadas pueden incluir cargos adicionales debido al retraso; sin embargo no se podrá utilizar los fondos ESG para hacer pagos por penalidades.
- Un pago parcial cuenta como un (1) pago mensual.
- El pago solo se hará si la cuenta de la utilidad está a nombre del participante o un miembro de la misma familia.
- Los participantes no podrán recibir asistencia para el pago de agua o energía eléctrica por más de veinticuatro (24) meses en un periodo de tres (3) años.
- El pago por agua o energía eléctrica se hará conforme al Manual Operacional del Programa ESG.

Pago por mudanza: Los costos de asistencia para mudanza pueden ser gastos cubiertos con fondos ESG, tales como: alquiler de camiones, mudanza por una compañía, gastos de almacenaje o "storage" por un máximo de tres (3) meses o hasta que el participante del programa se encuentre en una vivienda, el que sea más corto. Todo pago por concepto de mudanzas se hará a nombre del proveedor.

La siguiente tabla muestra los gastos máximos de mudanza permitidos por el programa:

<table>
<thead>
<tr>
<th>Número de cuartos</th>
<th>Subsidio Mensual</th>
</tr>
</thead>
<tbody>
<tr>
<td>Estudio (Efficiency)</td>
<td></td>
</tr>
<tr>
<td>0 cuarto</td>
<td>$300</td>
</tr>
<tr>
<td>1 cuarto</td>
<td>$350</td>
</tr>
<tr>
<td>2 cuartos</td>
<td>$400</td>
</tr>
<tr>
<td>3 cuartos</td>
<td>$450</td>
</tr>
<tr>
<td>4 cuartos</td>
<td>$500</td>
</tr>
</tbody>
</table>
Los fondos de ESG pueden ser utilizados para pagar:

- Costos de mudanza, como el alquiler de camiones o la contratación de una compañía de mudanzas.
- Costos por espacio de "storage" o almacén temporario por hasta tres (3) meses, siempre que los costos se acumulen después de la fecha en que el participante del programa reciba la asistencia de servicios y antes de que el participante se traslade a una vivienda permanente.
- Los pagos de cuotas atrasadas de un almacén temporario o "storage" no son elegibles.

SERVICIOS ELEGIBLES: RELOCALIZACIÓN DE VIVIENDA Y DE ESTABILIZACIÓN

Los fondos de ESG pueden ser utilizados para brindar servicios dirigidos a obtener una vivienda de alquiler y lograr la estabilización de los participantes. Según dispuesto por HUD en 24 CFR 576.105 (b), las actividades de relocalización y estabilización deben cumplir con los estándares del programa, los cuales incluyen:

Búsqueda y ocupación de viviendas – El pago solo se hará para ayudar a los participantes a localizar, obtener y retener una vivienda permanente adecuada mediante la prestación de los siguientes servicios:

- Evaluación de barreras, necesidades y preferencias de vivienda
- Elaboración de un plan de acción para la localización de viviendas
- Búsqueda de vivienda
- Alcance y negociación con los propietarios
- Asistencia en la presentación de solicitudes de alquiler y en la comprensión de los contratos de arrendamientos
- Evaluación de la vivienda para el cumplimiento de los requisitos de ESG para la habitabilidad, la pintura a base de plomo y la razonabilidad del alquiler
- Asistencia en la obtención de servicios públicos y en la organización de mudanzas
- Asesoramiento a inquilinos
El pago de estos servicios no excederá de veinticuatro (24) meses durante un período de tres (3) años.

Unidades de Vivienda Inelegibles

El arrendamiento no puede ser aprobado si la unidad seleccionada es una de las siguientes:
- Unidad de vivienda con renta negativa
- Asilos de ancianos, pensiones y hogares que prestan cuidados a otras personas, y otras facilidades que prestan constantemente servicios psiquiátricos, médicos o de enfermería
- Hospedajes de universidades
- Unidades dentro de instituciones penales, reformatorios, médicas, de salud mental, y similares ya sean públicas o privadas
- Unidades donde el dueño de la unidad sea familiar del participante
- Unidades que sean propiedad del municipio o del Estado Libre Asociado

La entidad no podrá aprobar el arrendamiento si el propietario de la unidad es el padre, madre, hijo, abuelo, nieto, hermana o hermano de un miembro de la familia que está siendo asistida, a menos que la aprobación del arrendamiento permita que se le dé la unidad necesaria a un miembro de la familia que tenga impedimentos.

 Manejo de casos para la estabilidad en vivienda – El pago solo se hará para evaluar, organizar, coordinar y supervisar la prestación de servicios individualizados para facilitar la estabilidad en vivienda del participante que reside en vivienda permanente o para ayudar a un participante a superar obstáculos inmediatos a través de los siguientes servicios:
- Uso del sistema coordinado de entrada una vez están desarrollados y adoptados por los CoC.
- Evaluación Inicial
- Consejería
- Desarrollar, asegurar y coordinar servicios y obtener beneficios federales, estatales y locales.
- Seguimiento y evaluación del progreso de los participantes del programa
- Proporcionar información y referidos a otros proveedores.
- Desarrollar un plan individualizado de vivienda y servicios, incluyendo la planificación de una ruta hacia la estabilidad permanente de la vivienda.
- Realizar las reevaluaciones requeridas bajo 24 CFR 576.401 (b).

Mediación — Los fondos del ESG pueden pagar gastos para la mediación entre el participante del programa y el propietario o personas que viven con el participante, siempre que la mediación sea necesaria para evitar que el participante pierda la vivienda permanente en la que reside al momento.

Servicios Legales — Los fondos podrán ser utilizados para proveer servicios legales a individuos y familias participantes del programa. Los servicios incluyen asesoría legal y/o representación en procedimientos administrativos o judiciales relacionados a conflictos entre el propietario y los inquilinos. No se podrá prestar asesoría legal a propietarios de vivienda relacionados con ejecución de la vivienda o con cualquier otro asunto hipotecario. El programa provee hasta $500.00 de costos de abogados.

Reparación del crédito — Los fondos de ESG pueden ser utilizados para pagar por asesoría sobre crédito y otros servicios necesarios para ayudar a los participantes del programa a tener habilidades críticas para manejar el presupuesto familiar, manejo de dinero, acceso a un informe de crédito personal gratuito y resolución de problemas de crédito personal. Esta asistencia no incluye el pago o modificación de una deuda.
D. HOMELESS MANAGEMENT INFORMATION SYSTEM (HMIS)

Es requisito federal que toda información de los participantes servidos por cualquiera de los componentes de Programa ESG sea entrada en un sistema de información conocido como el Homeless Management Information System (HMIS) desde el primer contacto [24 CFR 576.400 (F)]. El HMIS es un sistema computarizado para almacenar la información de las personas sin hogar servidas por los programas de HUD. Este sistema permite recopilar información de los participantes sin duplicar los beneficiarios, analizar patrones y evaluar la efectividad de los programas, cumplimentar los formularios establecidos y entrar la información al sistema. El DF proporcionará los recursos económicos para costear las licencias y aquellos gastos operacionales necesarios para cumplir con este requisito, siempre que los fondos sean autorizados por HUD.

Como estándar mínimo se requiere que todas las entidades de reciben fondos ESG deberán recopilar la información de los participantes, completar los formularios establecidos y entrar la información al sistema al menos 48 horas después de atender un caso. Solo cuando la entidad es un proveedor de servicios a víctimas de violencia de género o agresión sexual (según definido por la ley VAWA) se prohíbe la entrada de datos a nivel de cliente en un HMIS [24 CFR 576.107 (3)]. Como alternativa, se pueden utilizar los fondos de ESG o CoC para establecer una base de datos alterna que recoja datos comparables a nivel del participante a lo largo del tiempo y generar informes agregados no duplicados en base a los datos. La información entrada en una base de datos alterna no se debe ingresar directamente a un HMIS. La entidad es responsable de trabajar con el “lead” de HMIS para determinar si el sistema es una base de datos comparable. Esto
significa que se debe documentar que el sistema alternativo cumple con todos los requisitos de HUD.

Por otro lado, la entidad será responsable de corregir los datos que el administrador del HMIS identifique en sus informes como datos nulos o incompletos. La entidad tendrá un máximo de 30 días para corregir cualquier situación en sus datos del HMIS a partir de recibir la carta para la acción correctiva. El incumplimiento con la entrada y/o calidad de los datos podrá ser razón para detener, reducir o no asignar fondos del Programa ESG.

Una vez desarrollados y adoptados los sistemas coordinados de entrada, se debe establecer la coordinación entre los proveedores de ESG y los CES para evitar la duplicación de servicios y datos de los participantes. Si falta algún dato, será responsabilidad de la entidad que recibe al participante completar el expediente en HMIS.

1. CONFIDENCIALIDAD Y DERECHOS DE PRIVACIDAD

Las agencias financiadas por ESG deben respetar todos los estándares de protección de la privacidad establecidos por las políticas de colaboración y procedimiento de HMIS, y las leyes y reglamentos federales y estatales pertinentes que protegen la confidencialidad de los registros de los participantes. Los expedientes confidenciales de los participantes solo se liberarán con el consentimiento del participante o del tutor del participante, a menos que se disponga otra cosa en las leyes y regulaciones.

Todos los expedientes escritos de solicitantes y participantes serán guardados bajo llave en un sitio que no sea accesible a empleados que estén autorizados a utilizar o revisar los mismos. Los expedientes nunca serán dejados sin atender o puestos en áreas comunes. Los manejadores de ceso no discutirán información sobre el solicitante o su familia que esté incluida en un expediente, a menos que haya una razón oficial
para hacerlo. Discusiones inapropiadas sobre información de la familia o revelación inapropiada de información sobre la familia por el personal puede resultar en una acción disciplinaria y en una violación a las leyes federales de privacidad.

2. **EXPlicación VERbal**

Antes de la evaluación inicial de cada participante, se debe proporcionar una explicación verbal sobre cómo la información del participante se entrará en una base de datos electrónica que almacena la información de los participantes y una orientación sobre el consentimiento del participante a divulgar información. Los participantes también deben ser informados que pueden ser removidos de la base de datos en cualquier momento por escrito o completando un formulario de revocación del consentimiento para proporcionar y revelar información.

3. **CONSENTIMIENTO POR ESCRITO**

Luego de ofrecer una explicación verbal, cada participante que se comprometa a tener su información personal entrada en HMIS debe firmar un formulario de consentimiento. Los participantes que no firmen el consentimiento se entran al HMIS usando solo un número identificador.

Las actividades elegibles para HMIS son las mencionadas en la Tabla 14.

E. **ADMINISTRATIVO 24 CFR 576.108**

El Programa ESG permite utilizar los fondos para cubrir gastos administrativos seleccionados. Según establece la reglamentación **24 CFR 576.100 (c)**, solo el 7.5% de los fondos delegados pueden ser utilizados para actividades administrativas por el Departamento de la Familia. El Departamento de la Familia, como recipiente de los fondos administrativos, puede compartirlos con sus sub-recipientes que figuran como gobiernos locales (municipios), así como con sub-recipientes que son organizaciones sin fines de lucro **[24 CFR 576.108 (b)]**. Esto incluye los gastos de personal y los gastos generales directamente relacionados con las actividades elegibles según los componentes de servicio establecidos en **24 CFR 576.101 a la 24 CFR 576.107**. Los fondos de ESG solo pueden ser destinados para actividades que el Departamento de la Familia y HUD consideren elegibles, por lo que las entidades deben acogerse a las normativas **[2 CFR 200]**. El modelo de distribución de fondos puede variar de un año a otro.

Los estándares mínimos relacionados con asuntos administrativos son:

1. Las entidades son responsables de la administración eficiente y efectiva de los fondos federales que reciben mediante la aplicación de buenas prácticas de administración.

2. Los fondos recibidos por las entidades solo serán utilizados para implementar el proyecto o proporcionar los servicios del proyecto en conformidad con el presupuesto y no serán utilizados para ningún otro propósito.

3. Las entidades subvencionadas por fondos ESG deben administrar los fondos recibidos de acuerdo con los principios de costos aplicables en **2 CFR 200 (e)**.

4. Las entidades deben asumir la responsabilidad de administrar los fondos federales de una manera consistente con los acuerdos, los objetivos del programa, los términos y
condiciones del fondo federal, y procurar la razonabilidad de los gastos operacionales y costos.

5. Según, 2 CFR 200 404, se considera un costo razonable si este, en su naturaleza y cantidad, no excede el costo que incurriría una persona prudente en las circunstancias que prevalecían al momento de tomar la decisión de incurrir en dicho costo.

6. Para determinar la razonabilidad de un costo, se debe tener en cuenta:

a. Si el costo es de tipo generalmente reconocido como ordinario y necesario para el funcionamiento de la entidad o el desempeño adecuado y eficiente de los fondos.

b. Las restricciones o requisitos impuestos por factores, tales como: las buenas prácticas comerciales; negociación de libre competencia; leyes y reglamentos federales, estatales, locales, tribales y de otro tipo; y los términos y condiciones del fondo.

c. Precios de mercado de bienes o servicios comparables para la zona geográfica.

d. Si las personas involucradas actuaron con prudencia en las circunstancias considerando sus responsabilidades con la entidad, sus empleados, el público en general y el gobierno federal.
VIII. ENMIENDA

Estos estándares pueden ser enmendados por disposición de la secretaria o su representante autorizado, cuando sea necesario. Toda modificación o enmiendas propuesta tiene que cumplir con los requisitos de leyes y disposiciones reglamentarias vigentes que apliquen. Además, las enmiendas deben ser informadas a todas las entidades subrecipientes de los fondos ESG.

IX. APROBACIÓN Y VIGENCIA

Estos estándares entrarán en vigor a partir de la fecha de aprobación y firma por la Secretaría del Departamento de la Familia.
